**Agency Information Collection  
Activities: Submission to OMB for  
Review and Approval; Public Comment  
Request: National Practitioner Data  
Bank for Adverse Information on  
Physicians and Other Health Care  
Practitioners—45 CFR Part 60  
Regulations and Forms, OMB No.  
0906–0081—Revision**

**AGENCY:** Health Resources and Services  
Administration (HRSA), Department of  
Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** In compliance with the  
Paperwork Reduction Act of 1995,  
HRSA submitted an Information  
Collection Request (ICR) to the Office of  
Management and Budget (OMB) for  
review and approval. Comments  
submitted during the first public review  
of this ICR will be provided to OMB.  
OMB will accept further comments from  
the public during the review and  
approval period. OMB may act on  
HRSA's ICR only after the 30-day  
comment period for this notice has  
closed.

**DATES:** Comments on this ICR should be  
received no later than November 23,  
2026.

**ADDRESSES:** Written comments and  
recommendations for the proposed  
information collection should be sent  
within 30 days of publication of this  
notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular  
information collection by selecting  
“Currently under Review—Open for  
Public Comments” or by using the  
search function.

**FOR FURTHER INFORMATION CONTACT:** To  
request a copy of the clearance requests  
submitted to OMB for review, email  
Samantha Miller, the HRSA Information  
Collection Clearance Officer, at  
[paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or call (301) 443–  
9094.

**SUPPLEMENTARY INFORMATION:**

*Information Collection Request Title:*  
National Practitioner Data Bank for  
Adverse Information on Physicians and  
Other Health Care Practitioners—45  
CFR part 60 Regulations and Forms,  
OMB No. 0906–0081—Revision.

*Abstract:* This is a request for a  
revision of the OMB-approved  
information collection contained in  
regulations found in 45 CFR part 60  
governing the National Practitioner Data  
Bank (NPDB) and the forms to be used  
in registering with, reporting  
information to, and requesting  
information from the NPDB.  
Administrative forms are also included  
to aid in monitoring compliance with  
federal reporting and querying  
requirements. Responsibility for NPDB  
implementation and operation resides  
in HRSA's Bureau of Health Workforce.

The intent of the NPDB is to improve  
the quality of health care by  
encouraging entities such as hospitals,  
state licensing boards, professional  
societies, and other eligible entities<sup>1</sup>  
providing health care services to  
identify and discipline those who  
engage in unprofessional behavior, and  
to restrict the ability of incompetent  
health care practitioners, providers, or  
suppliers to move from state to state  
without disclosure or discovery of

<sup>1</sup> “Other eligible entities” that participate in the  
NPDB are defined in the provisions of Title IV,  
Section 1921, Section 1128E, and implementing  
regulations. In addition, a few federal agencies also  
participate with the NPDB through federal  
memoranda of understanding. Eligible entities are  
responsible for complying with all reporting and/  
or querying requirements that apply; some entities  
may qualify as more than one type of eligible entity.  
Each eligible entity must certify its eligibility to  
report to the NPDB, query the NPDB, or both.  
Information from the NPDB is available only to  
those entities specified as eligible in the statutes  
and regulations. Not all entities have the same  
reporting requirements or level of query access.

previous damaging or incompetent  
performance. It also serves as a fraud  
and abuse clearinghouse for the  
reporting and disclosing of certain final  
adverse actions taken against health care  
practitioners, providers, or suppliers by  
health plans, federal agencies, and state  
agencies (excluding settlements in  
which no findings of liability have been  
made). Users of the NPDB include  
reporters (entities that are required to  
submit reports) and queriers (entities  
and individuals that are authorized to  
request information).

The reporting forms, request for  
information forms (query forms), and  
administrative forms (used to monitor  
compliance) are accessed, completed,  
and submitted to the NPDB  
electronically through the NPDB  
website at <https://www.npdb.hrsa.gov>.  
All reporting and querying is performed  
through the secure portal of this  
website. This revision proposes changes  
to update burden totals as well as minor  
text changes. In addition, this revision  
eliminates the Account Balance Transfer  
Request form which allowed registered  
entities to transfer funds between their  
accounts. The data collected on this  
form is part of an electronic workflow  
that falls under a Paperwork Reduction  
Act exemption for voluntary  
commercial transactions.

A 60-day notice published in the  
**Federal Register** on July 17, 2026, vol.  
91, No. 136; pp. 44865–67. HRSA  
received one comment during the 60-  
day comment period from Highmark  
Inc. (Highmark), an independent  
licensee of the Blue Cross Blue Shield  
Association. Highmark suggested HRSA  
explore greater patient access to NPDB  
information, improve the timeliness of  
reporting and data availability,  
implement safeguards to avoid creating  
disincentives for error reporting and  
organizational learning, and develop  
additional educational resources to  
assist the public with understanding  
practitioner information.

By law, HRSA is unable to make  
information about specific health care  
practitioners, entities, providers, or

suppliers available to the general public. Rather, information available through the NPDB helps eligible entities make informed hiring, credentialing, privileging, and licensing decisions that promote patient safety. As such, HRSA recognizes the importance of information reported to the NPDB being readily available to the entities authorized by law to query the NPDB. Once submitted to the NPDB, reports become immediately available to eligible entities. Eligible entities using the NPDB's Continuous Query monitoring service are notified of new reports for their enrolled subjects within one business day. The NPDB is currently merging its One-Time Query and Continuous Query services into a single query process. Under this approach, eligible entities that query the NPDB will receive an initial query response and will be enrolled in continuous monitoring for the duration of the query period. If new or updated information is reported to the NPDB during that period, the querying entity will be notified, reducing the potential gap between when information is reported to the NPDB and when it becomes available to an eligible entity with an active query.

Health care entities and other entities that are required to submit reports to the NPDB must submit a report to the NPDB within 30 days of taking a reportable action. The NPDB system accepts reports from eligible entities virtually 24/7 via both manual online entry and via an automated machine-to-machine interface. Over the last 18 months, over 75 percent of adverse action reports received were submitted on time with an overall median reporting time of fewer than 14 days.

The NPDB maintains ongoing compliance education and outreach

efforts designed to support reporting entities in understanding and meeting their reporting responsibilities. These efforts are continuous and responsive to the needs of reporting entities, which regularly seek NPDB guidance, education, and technical assistance regarding reporting requirements and processes. The NPDB provides outreach and educational resources through a variety of channels, including conference presentations, other professional forums, educational sessions, technical assistance, and direct engagement with reporting entities to address questions, and clarify reporting responsibilities. The NPDB also reviews reporting compliance for state licensing and certification agencies to assess whether required information is being appropriately reported to the NPDB. These efforts complement improvements to the query process by ensuring that information that is required to be reported to the NPDB is available to eligible querying entities and can support health care quality, professional review, and other purposes authorized by law.

Together, these efforts are intended to continue strengthening the timeliness, completeness, and availability of NPDB information, in accordance with the law.

*Need and Proposed Use of the Information:* The NPDB acts primarily as a flagging system; its principal purpose is to facilitate comprehensive review of practitioners' professional credentials and background. Information is collected from, and disseminated to, eligible entities (entities that are entitled to query and/or report to the NPDB as authorized in Title 45 CFR part 60 of the Code of Federal Regulations) on the following: (1) medical malpractice payments, (2)

licensure actions taken by Boards of Medical Examiners, (3) state licensure and certification actions, (4) federal licensure and certification actions, (5) negative actions or findings taken by peer review organizations or private accreditation entities, (6) adverse actions taken against clinical privileges, (7) federal or state criminal convictions related to the delivery of a health care item or service, (8) civil judgments related to the delivery of a health care item or service, (9) exclusions from participation in federal or state health care programs, and (10) other adjudicated actions or decisions. It is intended for NPDB information to be considered with other relevant information in evaluating credentials of health care practitioners, providers, and suppliers.

*Likely Respondents:* Eligible entities or individuals that are entitled to query and/or report to the NPDB as authorized in regulations found at 45 CFR part 60.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

#### TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Health Resources and Services Administration

#### National Vaccine Injury Compensation Program; List of Petitions Received

**AGENCY:** Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

**ACTION:** Notice.

**SUMMARY:** HRSA is publishing this notice of petitions received under the National Vaccine Injury Compensation Program (the Program), as required by the Public Health Service (PHS) Act, as amended. While the Secretary of HHS is named as the respondent in all proceedings brought by the filing of petitions for compensation under the Program, the United States Court of Federal Claims is charged by statute with responsibility for considering and acting upon the petitions.

**FOR FURTHER INFORMATION CONTACT:** For information about requirements for filing petitions, and the Program in general, contact Lisa L. Reyes, Clerk of Court, United States Court of Federal Claims, 717 Madison Place NW, Washington, DC 20005, (202) 357–6400. For information on HRSA’s role in the Program, contact the Director, Division of Injury Compensation Programs, 5600 Fishers Lane, Room 14W–17, Rockville, Maryland 20857; 1–800–338–2382, or visit our website at: <https://www.hrsa.gov/vaccine-compensation>.

**SUPPLEMENTARY INFORMATION:** The Program provides a system of no-fault compensation for certain individuals who have been injured by specified childhood vaccines. Subtitle 2 of Title XXI of the PHS Act, 42 U.S.C. 300aa–10 *et seq.*, provides that those seeking compensation are to file a petition with the United States Court of Federal Claims and to serve a copy of the petition to the Secretary of HHS, who is named as the respondent in each proceeding. The Secretary has delegated this responsibility under the Program to HRSA. The Court is directed by statute to appoint special masters who take evidence, conduct hearings as appropriate, and make initial decisions as to eligibility for, and amount of, compensation.

A petition may be filed with respect to injuries, disabilities, illnesses,

conditions, and deaths resulting from vaccines described in the Vaccine Injury Table (the Table) set forth at 42 CFR 100.3. This Table lists for each covered childhood vaccine the conditions that may lead to compensation and, for each condition, the time period for occurrence of the first symptom or manifestation of onset or of significant aggravation after vaccine administration. Compensation may also be awarded for conditions not listed in the Table and for conditions that are manifested outside the time periods specified in the Table, but only if the petitioner shows that the condition was caused by one of the listed vaccines.

Section 2112(b)(2) of the PHS Act, 42 U.S.C. 300aa–12(b)(2), requires that “[w]ithin 30 days after the Secretary receives service of any petition filed under section 2111 the Secretary shall publish notice of such petition in the **Federal Register**.” Set forth below is a list of petitions received by HRSA on September 1, 2026, through September 30, 2026. This list provides the name of the petitioner, city, and state of vaccination (if unknown then the city and state of the person or attorney filing the claim), and case number. In cases where the Court has redacted the name of a petitioner and/or the case number, the list reflects such redaction.

Section 2112(b)(2) also provides that the special master “shall afford all interested persons an opportunity to submit relevant, written information” relating to the following:

1. The existence of evidence “that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition,” and
2. Any allegation in a petition that the petitioner either:
  - a. “[S]ustained, or had significantly aggravated, any illness, disability, injury, or condition not set forth in the Vaccine Injury Table but which was caused by” one of the vaccines referred to in the Table, or
  - b. “[S]ustained, or had significantly aggravated, any illness, disability, injury, or condition set forth in the Vaccine Injury Table the first symptom or manifestation of the onset or significant aggravation of which did not occur within the time period set forth in the Table but which was caused by a vaccine” referred to in the Table.

In accordance with Section 2112(b)(2), all interested persons may submit written information relevant to the issues described above in the case of the petitions listed below. Any person choosing to do so should file an original

and three copies of the information with the Clerk of the United States Court of Federal Claims at the address listed above (under the heading **FOR FURTHER INFORMATION CONTACT**), with a copy to HRSA addressed to Director, Division of Injury Compensation Programs, Health Systems Bureau, 5600 Fishers Lane, 14W–17, Rockville, Maryland 20857. The Court’s caption (*Petitioner’s Name v. Secretary of HHS*) and the docket number assigned to the petition should be used as the caption for the written submission. Chapter 35 of Title 44, United States Code, related to paperwork reduction, does not apply to information required for purposes of carrying out the Program.
