#### **SUPPLEMENTARY INFORMATION:**

##### **I. Abstract**

The School District Review Program (SDRP) is sponsored by the U.S. Department of Education's National Center for Education Statistics (NCES) and is conducted annually by the U.S. Census Bureau (Census Bureau). It plays a critical role in determining each state's Title I allocation under the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act of 2015 (Pub. L. 114–95). School district data submitted through the SDRP combined with decennial census counts, Small Area Income and Poverty Estimates, and current population estimates inform the Census Bureau's estimates of children ages 5 to 17 living in poverty for each district. The U.S. Department of Education uses these estimates to distribute more than \$18 billion in Title I funds each year.

The SDRP includes the review of Type 1, Type 2, and Type 3 school districts as defined by the NCES. Type 1 is a local school district that is not a component of a supervisory union. Type 2 is a local school district component of a supervisory union sharing a superintendent and administrative services with other local school districts. Type 3 is an education agency that performs administrative services for more than one school district, providing a common superintendent for participating districts.

SDRP participants include mapping coordinators and Title I Coordinators from all fifty states and the District of Columbia. Mapping coordinators, designated by state education agencies, review and update school district boundaries, names, grade ranges, levels, federal school district local education agency codes, and geographic

relationships. Title I Coordinators oversee the program and review all materials.

##### **II. Method of Collection**

The SDRP consists of the Annotation Phase and Verification Phase. During the Annotation Phase, the Census Bureau provides mapping coordinators with its current school district boundary and attribute data. Mapping coordinators work with local school district, county, and state agency officials to review and update this information. Changes are submitted using the Geographic Update Partnership Software (GUPS), GUPS Web, and the digital submission log. The Census Bureau then reviews the submissions and updates the Master Address File/Topologically Integrated Geographic Encoding and Referencing (MAF/TIGER) System.

During the Verification Phase, the Census Bureau issues updated materials reflecting the processed changes. Mapping coordinators confirm whether updates were applied correctly and report any corrections, if necessary. New changes are not accepted during the Verification Phase.

##### *Annual Schedule*

- The Annotation Phase occurs every year in December/January.
- The Annotation Phase submission deadline occurs every year in March.

#### SUPPLEMENTARY INFORMATION:

On June 23, 2026, Commerce published in the **Federal Register** the *Preliminary Results* of this administrative review and invited interested parties to comment.<sup>1</sup> For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>2</sup> The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

##### Scope of the Order<sup>3</sup>

The merchandise subject to the *Order* is carbazole violet pigment-23 from India. For a complete description of the

scope of the *Order*, see the Issues and Decision Memorandum.

#### Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review, in whole or only with respect to a particular exporter or producer, if during the period covered by the review, there were no entries, exports, or sales of the subject merchandise, as the case may be. According to the U.S. Customs and Border Protection (CBP) import data on the record, the following company subject to this review did not have reviewable entries of subject merchandise during the POR for which liquidation is suspended: Sudarshan Chemical Industries Limited. #### Methodology

Commerce conducted this review in accordance with section 751(a)(1)(A) of the Act.
