

CAS No.	CAS common chemistry description	Molecular formula
6711–48–4	3,3'-Iminobis(N,N-dimethylpropylamine)	C ₁₀ H ₂₅ N ₃
2212–32–0	2-[[2-(Dimethylamino)ethyl]methylamino]ethanol	C ₇ H ₁₈ N ₂ O
1704–62–7	2-[2-(Dimethylamino)ethoxy]ethanol	C ₆ H ₁₅ NO ₂
3030–47–5	Pentamethyldiethylenetriamine	C ₉ H ₂₃ N ₃
3033–62–3	Bis(dimethylaminoethyl) ether	C ₈ H ₂₀ N ₂ O
6425–39–4	Dimorpholinodiethyl ether	C ₁₂ H ₂₄ N ₂ O ₃

Products subject to this investigation are liquids varying from clear to hazy. They have a viscosity at 25 degrees Celsius of between 1–100 mPa-s. Certain amine compounds covered by this scope have a density at 21 degrees Celsius of 0.82 to 1.05 g/cm³. Certain amine compounds covered by this scope have a molecular weight between 133 g/mol and 245 g/mol. The boiling point for subject merchandise covers a range from 185 degrees Celsius (365 degrees Fahrenheit) to 310 degrees Celsius (590 degrees Fahrenheit).

Certain amine compounds may be blended with each other or with other substances. Certain amine compounds in any blend or mixture are subject to the scope, so long as the blend or mixture contains at least 1 percent by weight of in-scope amine compounds. Any substances other than the certain amine compounds in a blend or mixture are not included in the scope.

For certain amine compounds that enter as part of a rigid or flexible polyurethane foam systems that contain a separately packaged isocyanate mixture “A side” and a polyol-based “B side” blend containing certain amine compounds, the amine compounds in the system are included in the scope so long as the B side contains at least 1 percent by weight of in-scope amine compounds. Substances other than the certain amine compounds in the system are not included in the scope.

The scope includes merchandise matching the above description that has been processed in a third country, including by commingling, diluting, introducing, or removing ingredients, or performing any other processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the subject country. If any certain amine compounds produced in China are present in blended or processed merchandise, the country of origin of the amine compounds for purposes of this investigation will be China.

Excluded from the scope of this investigation is any in-scope amine compound that is subject to existing anti-dumping and countervailing duty orders by nature of being part of a subject blend or mixture under the *Certain Alkyl Phosphate Esters from the People's Republic of China Orders*. See *Certain Alkyl Phosphate Esters from the People's Republic of China: Antidumping and Countervailing Duty Orders*, 90 FR 24579 (June 11, 2025).

This merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings, including 2922.19.9690, 2921.29.0055, and 2934.99.9001. Subject merchandise may also be entered under subheadings 2909.11.0000, 2921.21.0000, and 3815.90.5000. The HTSUS subheadings and CAS numbers are provided

for convenience and customs purposes only; the written description of the scope is dispositive.

[A–469–821]

Prestressed Concrete Steel Wire Strand From Spain: Final Results of Antidumping Duty Administrative Review; 2024–2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Global Special Steel Products S.A.U. (d.b.a. Trenzas y Cables de Acero PSC, S.L.) (TYCSA) made sales of subject merchandise at less than normal value (NV) during the period of review (POR) June 1, 2024, through May 31, 2025.

DATES: Applicable October 26, 2026.

FOR FURTHER INFORMATION CONTACT: Lilit Astvatsatryan, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6412.

SUPPLEMENTARY INFORMATION:

Background

On June 22, 2026, Commerce published the *Preliminary Results* in the **Federal Register** and invited comments from interested parties.¹ On July 13, 2026, TYCSA submitted a case brief.² On July 20, 2026, Insteel Wire Products Company, Sumiden Wire Products Corporation, and Wire Mesh Corp. (collectively, the petitioners) submitted a rebuttal brief.³ The deadline for these

¹ See *Prestressed Concrete Steel Wire Strand from Spain: Preliminary Results of Antidumping Duty Administrative Review; 2024–2025*, 91 FR 37074 (June 22, 2026) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See TYCSA's Letter, “Case Brief,” dated July 13, 2026.

³ See Petitioners' Letter, “Petitioners' Rebuttal Brief,” dated July 20, 2026.

final results is now October 20, 2026. For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁴ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁵

The products subject to the *Order* are prestressed concrete steel wire strand from Spain. For a full description of the scope of the *Order*, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are listed in the appendix to this notice and addressed in the Issues and Decision Memorandum.

Changes Since the Preliminary Results

Based on comments received from interested parties regarding our *Preliminary Results*, we made no changes to the weighted-average dumping margin calculations for TYCSA.⁶

Final Results of Review

For these final results, we determine the following weighted-average dumping margin exists for the period June 1, 2024, through May 30, 2025:

⁴ See Memorandum, “Issues and Decision Memorandum for the Final Results of the Antidumping Administrative Review of Prestressed Concrete Steel Wire Strand from Spain; 2024–2025,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

⁵ See *Prestressed Concrete Steel Wire Strand from Indonesia, Italy, Malaysia, South Africa, Spain, Tunisia, and Ukraine: Antidumping Duty Orders*, 86 FR 29998 (June 4, 2021) (*Order*).

⁶ For further discussion, see Issues and Decision Memorandum.

Producer or exporter	Weighted-average dumping margin (percent)
Global Special Steel Products S.A.U. (d.b.a. Trenzas y Cables de Acero PSC, S.L.)	13.57

Disclosure

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with the final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce made no changes to the *Preliminary Results* calculations, there are no new calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

We calculated importer-specific *ad valorem* antidumping duty assessment rates on the basis of the ratio of the total amount of dumping calculated for the examined sales to the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is zero or *de minimis* (i.e., less than 0.5 percent), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁷

Commerce’s “automatic assessment” practice will apply to entries of subject merchandise during the POR produced by TYCSA for which it did not know that the merchandise it sold to an intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate established in the less-than-fair-value (LTFV) investigation (i.e., 14.75 percent),⁸ if there is no rate for the

intermediate company(ies) involved in the transaction.⁹ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for TYCSA will be equal to the weighted-average dumping margin that is established in the final results of this review; (2) for previously investigated or reviewed companies not covered by this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the producer is, the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 14.75 percent, the all-others rate established in the LTFV investigation.¹⁰ These deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations

and the terms of an APO is a sanctionable violation.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1), 751(a)(3), and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: October 20, 2026.

Scot Fullerton,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
