

General Description of Collection: The regulations at part 349 subpart A impose reporting and recordkeeping requirements, as defined by the PRA, on any FDIC-insured state-chartered bank that is not a member of the Federal Reserve System or FDIC-insured state-chartered savings association that is registered as a swap entity (covered swap entity). As such, the FDIC must periodically obtain approval from the Office of Management and Budget (OMB) for these collections of information (ICs) with respect to covered swap entities. The OMB approves these ICs through OMB No. 3064–0204 and last approved the ICR on December 18, 2023 (2023 ICR). OMB No. 3064–0204 is set to expire on December 31, 2026. There is no change in the substance or methodology of this information collection. The burden has increased by 125 hours, from 505 hours in 2023 to 630 hours. The increase is attributable to the inclusion of previously unaccounted for recordkeeping burden under 12 CFR 349.11(a)(1). All other burden estimates remain unchanged from the 2023 approval.

Request for Comment

Comments are invited on: (a) whether the collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Federal Deposit Insurance Corporation.

Dated at Washington, DC, on October 21, 2026.

Jennifer M. Jones,

Deputy Executive Secretary.

BILLING CODE 6714–01–P

FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension

AGENCY: Federal Trade Commission.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the Federal Trade Commission (FTC or Commission) is seeking public comment on its proposal to extend for an additional three years the Office of Management and Budget clearance for its Fuel Rating Rule (the Rule). The current clearance expires on October 31, 2026.

DATES: Comments must be filed by November 25, 2026.

ADDRESSES: Interested parties may file a comment online or on paper, by following the instructions in the Request for Comment part of the **SUPPLEMENTARY INFORMATION** section below. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. The reginfo.gov web link is a United States Government website produced by the Office of Management and Budget (OMB) and the General Services Administration (GSA). Under PRA requirements, OMB's Office of Information and Regulatory Affairs (OIRA) reviews Federal information collections.

FOR FURTHER INFORMATION CONTACT: Hong Park, Attorney, Division of Enforcement, Bureau of Consumer Protection, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, DC 20580, (202) 326–2158; hpark@ftc.gov.

SUPPLEMENTARY INFORMATION:

Title: Fuel Rating Rule, 16 CFR part 306.

OMB Control Number: 3084–0068.

Type of Review: Extension of a currently approved collection.

Likely Respondents:

(a) *Recordkeeping:* Refiners, Producers, Importers, Distributors, and Retailers of the Covered Fuel Types.

(b) *Disclosure:* Retailers of the Covered Fuel Types.

Estimated Annual Burden Hours: 28,163 (derived from 11,394 recordkeeping hours added to 16,769 disclosure hours).

Estimated Annual Labor Costs: \$455,731.

Estimated Annual Capital or Other Non-labor Costs: \$308,536.

Abstract: The Fuel Rating Rule establishes standard procedures for determining, certifying, and disclosing the octane rating of automotive gasoline and the automotive fuel rating of alternative liquid automotive fuels, as

required by the Petroleum Marketing Practices Act. 15 U.S.C. 2822(a)–(c). The Rule also requires refiners, producers, importers, distributors, and retailers to retain records showing how the ratings were determined, including delivery tickets or letters of certification.

Request for Comment

On July 23, 2026, the FTC sought public comment on the information collection requirements associated with the Rule. 91 FR 46439. Three commenters submitted germane responses. Two of the commenters supported the proposed extension of the OMB clearance for information collection requirements.¹ A third commenter, The Native Claim Firm (“NCF”), expressed no position on the proposed extension but contested the Commission's burden estimate.² Specifically, NCF observed that the Commission's burden estimate provides an average figure across retailers of all sizes and argued that this approach could obscure the relative burden on low-volume retailers. NCF requested the Commission to consider the burden on low-volume retailers and supplement its burden estimate with a breakdown by retailer size or dispenser count. To support its request, NCF estimated that low-volume retailers face a PRA burden of \$0.0000077 per gallon, which is higher than the \$0.0000057 per gallon that NCF calculated for the Commission's average figure approach. While the Commission appreciates commenters raising awareness that small entities may face unique compliance burdens, the Commission finds that this difference of two ten-thousandths of a cent per gallon does not warrant modifying the burden estimate in this instance.

Pursuant to the OMB regulations, 5 CFR part 1320, that implement the PRA, 44 U.S.C. 3501 *et seq.*, the FTC is providing this second opportunity for public comment while seeking OMB approval to renew the pre-existing clearance for the Rule. Your comment—including your name and your state—will be placed on the public record of this proceeding. Because your comment will be made public, you are solely responsible for making sure that your comment does not include any sensitive personal information, such as anyone's Social Security number; date of birth;

¹ J. Lee, Cmt. on Notice (Aug. 22, 2026), <https://www.regulations.gov/comment/FTC-2026-0991-0003>; Comment from Tyshae Lewis, Cmt. on Notice (Sep. 8, 2026), <https://www.regulations.gov/comment/FTC-2026-0991-0004>.

² The Native Claim Firm, Cmt. on Notice (Sep. 13, 2026), <https://www.regulations.gov/comment/FTC-2026-0991-0005>.

driver's license number or other state identification number, or foreign country equivalent; passport number; financial account number; or credit or debit card number. You are also solely responsible for making sure that your comment does not include any sensitive health information, such as medical records or other individually identifiable health information. In addition, your comment should not include any "trade secret or any commercial or financial information which . . . is privileged or confidential"—as provided by Section 6(f) of the FTC Act, 15 U.S.C. 46(f), and FTC Rule 4.10(a)(2), 16 CFR 4.10(a)(2)—including in particular competitively sensitive information such as costs, sales statistics, inventories, formulas, patterns, devices, manufacturing processes, or customer names.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[Office of Management and Budget #: 0970–0466]

Submission for Office of Management and Budget Review; Office of Refugee Resettlement (ORR) Unaccompanied Alien Child Health Forms

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) Office of Refugee Resettlement (ORR) is requesting to move the Serious Medical Procedure Request (SMR) Form (Office of Management and Budget (OMB) #: 0970–0561, expiration December 31, 2026) under the Medical Assessment Form and Dental Assessment Form (OMB #: 0970–0466, expiration 10/31/2026) information collection and update the title of OMB # 0970–0466 to *Office of Refugee Resettlement (ORR) Unaccompanied Alien Child Health Forms*. Revisions are proposed to the forms. The proposed restructuring and revisions will improve transparency, lessen burden, improve data quality, and ensure alignment with ORR requirements. In addition, to ensure continuity of care, the request has been

revised to include the sharing of health information with the Department of Homeland Security (DHS) in specific circumstances.

DATES: Comments due November 25, 2026.

ADDRESSES: The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202610-0970-004. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Unaccompanied alien children in ORR custody are placed in care provider programs until unification with a qualified sponsor. Care providers ensure children receive a range of services including routine and emergency medical, dental, and mental health care. Children must receive medical and dental baseline exams, well-child checks, preventive dental care, and counseling services. Care provider staff are expected to implement all recommended treatment plans (e.g., referrals to specialists, procedures, accommodation for physical or mental impairments that impact daily living activities) as directed by the evaluating healthcare provider. All non-emergent procedures performed under anesthesia or IV sedation require ORR approval. Before a decision can be made by ORR, the SMR form must be completed by the treating healthcare provider (e.g., surgeon) and submitted to ORR via the care provider program. ORR will waive the completion of the SMR form requirement if it is deemed to be in the best interest of the child (e.g., during a hospitalization or emergency department visit, related to a medical emergency). If a child with a health condition that requires daily management or accommodation (e.g., medication, durable medical equipment) is identified for repatriation by DHS, relevant information from their established treatment plan must be shared with DHS to ensure continuity of care. See proposed changes for more information.

Data from medical and dental assessments is captured through the following forms that are currently under two ORR information collections (OMB #s: 0970–0466 and 0970–0561):

- Medical Assessment Form (MAF)
- Dental Assessment Form (DAF)
- SMR Form

Each Assessment form has a corresponding instructional Dear

Colleague Letter that healthcare providers are expected to read at the initial visit with the child. The forms are used as worksheets by healthcare providers and care provider staff to compile information that would otherwise have been collected during the health assessment. Once completed, care provider staff transcribe the information from the form into ORR's secure, electronic system of record. Although the MAF is not completed during emergency or urgent care visits, hospitalizations, admissions to out-of-network facilities (e.g., medical rehab facility), or follow-up immunization visits in the absence of a healthcare provider evaluation, care providers are required to complete the respective form in ORR's electronic system of record by extracting relevant data from health records.

Data is used by ORR to monitor and support the health of unaccompanied alien children while in care, for case management of identified illnesses/conditions, and to ensure care provider compliance with ORR requirements.

Finally, ORR has updated the stated uses of data sharing to include the disclosure of relevant health information to DHS upon discharge of a child with healthcare needs from ORR custody for DHS-led repatriation.

Summary of Proposed Changes

ORR is proposing the incorporation of the SMR Form currently approved under OMB #: 0970–0561 into the OMB #: 0970–0466 information collection and changing the title to *Office of Refugee Resettlement (ORR) Unaccompanied Alien Child Health Forms* to group forms with a similar purpose together. Other changes to the SMR form include the removal of the first page that was completed by care provider staff, clarifying the purpose of the form in the instructions, revising fields to reduce redundancy, enhance data quality and healthcare provider response.

The MAF and DAF would also be revised to:

- *reduce duplicate documentation and encourage form completion* by only requiring completion of the History section on the DAF for the initial dental exam and allowing healthcare providers the option of summarizing critical health information in the first two pages of the MAF instead of completing a third page for all scheduled visits except the initial medical exam and routine well-child visits.

- *improve compliance and care tracking* by strengthening the disabilities and accommodations field and adding a field for all ordered or
