

For detailed instructions for submitting comments and additional information on the rulemaking process, see the **SUPPLEMENTARY INFORMATION** section of this document.

**FOR FURTHER INFORMATION CONTACT:**

Andrew McArdell, Wireless Telecommunications Bureau, at [Andrew.McArdell@fcc.gov](mailto:Andrew.McArdell@fcc.gov).

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission's document (*Public Notice*), in GN Docket Nos. 25–59 and 26–289, DA 26–1087, released on October 8, 2026. The complete text of the *Public Notice* is available on the Commission's website at <https://docs.fcc.gov/public/attachments/DA-26-1087A1.pdf> or by using the search function for GN Docket No. 25–59 or GN Docket No. 26–289 on the Commission's ECFS web page at <https://www.fcc.gov/ecfs/>. Pursuant to 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments on or before the date indicated on the first page of the *Public Notice*.

*Ex Parte Rules.* This proceeding shall be treated as a “permit but-disclose” proceeding in accordance with the Commission's *ex parte* rules. Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with rule 1.1206(b). In proceedings governed by rule 1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda

summarizing oral *ex parte* presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (e.g., .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission's *ex parte* rules.

**Synopsis**

With this Public Notice, the Wireless Telecommunications Bureau (Bureau) establishes GN Docket No. 26–289, which is captioned “Eligible Space Station Operator Transition Plans for the Upper C-Band.” This Public Notice also details the process for notice and comment on the eligible space station operators' initial Transition Plans. On July 24, 2026, the Commission released the *Upper C-band R&O*, 91 FR 48700, which adopted rules to make 160 megahertz of mid-band spectrum available for flexible use throughout the contiguous United States by transitioning incumbent Fixed Satellite Service (FSS) operations out of 4.0–4.16 GHz.

The *Upper C-band R&O* required that each eligible space station operator publicly file no later than November 5, 2026, an initial Transition Plan detailing all relocation steps and estimated costs necessary to clear 4.0–4.16 GHz. The *Upper C-band R&O* directed the Bureau to establish a dedicated docket for these purposes and to issue a public notice seeking stakeholder input on the initial Transition Plans. Comments on the initial Transition Plans are due on November 30, 2026. All initial Transition Plans and responsive comments should be filed only in GN Docket No. 26–289.

Federal Communications Commission.

**Amy Brett,**

Chief of Staff, Wireless Telecommunications Bureau.

**BILLING CODE 6712–01–P**

**FEDERAL COMMUNICATIONS COMMISSION**

**[OMB 3060–XXXX; FR ID 373786]**

**Information Collection Being Submitted for Review and Approval to Office of Management and Budget**

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice; request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, as

required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it can further reduce the information collection burden for small business concerns with fewer than 25 employees.

**DATES:** Written comments and recommendations for the proposed information collection should be submitted on or before November 25, 2026.

**ADDRESSES:** Comments should be sent to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into [www.reginfo.gov](http://www.reginfo.gov) per the above instructions for it to be considered. In addition to submitting in [www.reginfo.gov](http://www.reginfo.gov) also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Cathy.Williams@fcc.gov](mailto:Cathy.Williams@fcc.gov). Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collection, contact Cathy Williams at (202) 418–2918. To view a copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

**SUPPLEMENTARY INFORMATION:** The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information

subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

*OMB Control Number:* 3060–XXXX.

*Title:* Section 26.202; Part 26 Space Launch Coordination.

*Form Number:* N/A.

*Type of Review:* New information collection.

*Respondents:* Business or other for-profit entities, not-for-profit institutions, and state, local or tribal governments.

*Number of Respondents and Responses:* 27 respondents and 203 responses.

*Estimated Hours per Response:* 4 to 16 hours.

*Frequency of Response:* On occasion and as needed reporting requirements; Third party disclosure requirement.

*Total Annual Burden:* 848 hours.

*Total Annual Cost:* \$300,000.

*Obligation to Respond:* Required to obtain or retain benefits. The statutory authority for this collection is contained in 47 U.S.C 151, 152, 154(i), 155(c), 301, 303(c), 303(f), and 303(r) of the Communications Act of 1934 as amended, and section 2 of the Launch Communications Act, Public Law 118–85, 138 Stat. 1546 § 2.

*Needs and Uses:* On September 22, 2023, the Commission released a Second Report and Order and Further Notice of Proposed Rulemaking, FCC 23–76, in ET Docket No. 13–115, allocating two of the three bands addressed in the Launch Communications Act, the 2025–2110 MHz and 2200–2290 MHz bands, for

space launch operations, and creating a new rule part to govern these operations, part 26, Space Launch Services, including licensing and service rules. On December 31, 2024, the Commission released a Third Report and Order, FCC 24–132, in ET Docket No. 13–115, modifying its rules with respect to a third band, the 2360–2395 MHz band (2.3 GHz band). Specifically, the Third Report and Order allocated the band for space launch operations and brought these operations in the 2.3 GHz band under the regulatory framework of the new part 26, in compliance with the mandate of the Launch Communications Act.

Under the part 26 framework established by the Commission, eligible space launch operators seeking authorization to use frequencies available for Space Launch Services must first apply for and obtain a non-exclusive 10-year nationwide spectrum license. After they obtain this license, operators must, for each launch (1) register in the Universal Licensing System (ULS) the launch site and each corresponding station (fixed, base, itinerant, or mobile) that will be used in the space launch operation; (2) complete a frequency coordination process using a third-party frequency coordinator; and (3) following successful coordination, register in ULS the final approved technical and operating parameters associated with the coordinated launch prior to commencing the launch operation.

This collection of information covers requirements for the second step, completing a frequency coordination process using a third-party frequency coordinator. Under Section 26.202 of the Commission's rules, each Space Launch Services licensee must, for each proposed launch operation, submit the technical and operational parameters of the launch to the space launch frequency coordinator, in order to initiate post-grant frequency coordination. Any changes to the technical and operational parameters for a launch event that occur after completion of post-grant frequency coordination also require coordination, and these changes shall be provided to initiate an updated post-frequency grant coordination. The specific information required in coordination requests is further detailed in Public Notice, “Wireless Telecommunications Bureau Announces Licensing and Coordination Procedures for the Space Launch Service,” DA 25–270 (WTB rel. Mar. 25, 2025).

This collection also covers the process for the selection of the frequency coordinator. Under that process, the

Wireless Telecommunications Bureau will issue a Public Notice announcing the opening of a filing window for interested parties to submit applications. Interested parties will be required to submit an application in the Electronic Comment Filing System (ECFS), specifically in WT Docket No. 24–687. Applications must include the information specified in Public Notice, “Wireless Telecommunications Bureau Announces Mechanism and Criteria for Selecting Space Launch Frequency Coordinator,” DA 25–269 (WTB rel. Mar. 25, 2025).

These information collection requirements will enable a system of frequency coordination that provides space launch operators with licensed access to three bands for space launch operations. The Commission seeks approval for the information collection requirements discussed above.

Federal Communications Commission.

## FEDERAL COMMUNICATIONS COMMISSION

[FR ID 374130]

### Radio Broadcasting Services; AM or FM Proposals To Change the Community of License

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**DATES:** The agency must receive comments on or before December 28, 2026.

**ADDRESSES:** Federal Communications Commission, 45 L Street NE, Washington, DC 20554.

#### FOR FURTHER INFORMATION CONTACT:

Rolanda F. Smith, 202–418–2054, [Rolanda-Faye.Smith@fcc.gov](mailto:Rolanda-Faye.Smith@fcc.gov).

**SUPPLEMENTARY INFORMATION:** The Media Bureau shall provide notice in the **Federal Register** that an application to modify an AM or FM station's community of license has been filed. See 71 FR 76208, 76211 (published December 20, 2006). The following applicants filed AM or FM proposals to change the community of license: DON DAVIS, KEPS(FM), FAC ID NO. 762441, FROM: SKYLINE-GANIPA, NM, TO: SAN MATEO, NM, FILE NO. 0000302230; BROADCAST COMMUNICATIONS, INC., WKVE(FM), FAC ID NO. 32210, FROM: MOUNT PLEASANT, PA, TO: UNIONTOWN,
