

Changes Since the Preliminary Results

Based on our analysis of the comments received from interested parties regarding the *Preliminary Results*, we made certain changes to the countervailable subsidy rate calculated for Navpad. For a discussion of these changes, see the Issues and Decision Memorandum.

Final Results of Review

Commerce determines that the following net countervailable subsidy rate exists for the period January 1, 2023, through December 31, 2023:

Producer/exporter	Subsidy rate (percent <i>ad valorem</i>)
Navpad Pigments Private Limited	2.81

Disclosure

Commerce intends to disclose the calculations and analysis performed in connection with the final results of this administrative review to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the publication date of this notice in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and CBP shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For Navpad, Commerce will instruct CBP to assess countervailing duties at the subsidy rate listed in the table above. Because we have rescinded the review with regard to Sudarshan Chemical Industries Limited, as discussed above, Commerce will instruct CBP to assess countervailing duties on all appropriate entries at a rate equal to the cash deposit of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i).

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of

publication of these *Final Results* in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act. In accordance with section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount shown for the company listed above on shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review.

For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific rate applicable to the company or the all-others rate, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties has occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Notification Regarding Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their

responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: October 21, 2026.

Certain Small Vertical Shaft Engines Between 99cc and up to 225cc, and Parts Thereof From the People's Republic of China: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance,
International Trade Administration,
Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) and countervailing duty (CVD) orders on certain small vertical shaft engines between 99cc and 225cc, and parts thereof (small vertical engines) from the People's Republic of China (China) would likely lead to the continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD and CVD orders.

DATES: Applicable October 26, 2026.

FOR FURTHER INFORMATION CONTACT: Zachary Shaykin (AD) or Bushra Bani-Salman (CVD), AD/CVD Operations, Offices II and IX, respectively, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2638 or (202) 482-9170, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 4, 2021, Commerce published in the *Federal Register* the *Orders* on small vertical engines from China.¹ On April 1, 2026, Commerce initiated the first sunset review of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and countervailable subsidies, and therefore, notified the ITC of the magnitude of the margin of dumping and subsidy rates likely to prevail should the *Orders* be revoked.³

On October 20, 2026, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would

likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁴

Scope of the Orders

The scope of the *Orders* consists of spark-ignited, non-road, vertical shaft engines, whether finished or unfinished, whether assembled or unassembled, whether mounted or unmounted, primarily for walk-behind lawn mowers. Engines meeting this physical description may also be for other non-hand-held outdoor power equipment, including but not limited to, pressure washers. The subject engines are spark ignition, single-cylinder, air cooled, internal combustion engines with vertical power take off shafts with a minimum displacement of 99 cubic centimeters (cc) and a maximum displacement of up to, but not including, 225cc. Typically, engines with displacements of this size generate gross power of between 1.95 kilowatts (kw) to 4.75 kw.

Engines covered by this scope normally must comply with and be certified under Environmental Protection Agency (EPA) air pollution controls title 40, chapter I, subchapter U, part 1054 of the Code of Federal Regulations standards for small non-road spark-ignition engines and equipment. Engines that otherwise meet the physical description of the scope but are not certified under 40 CFR part 1054 and are not certified under other parts of subchapter U of the EPA air pollution controls are not excluded from the scope of these proceedings. Engines that may be certified under both 40 CFR part 1054 as well as other parts of subchapter U remain subject to the scope of these proceedings.

Certain small vertical shaft engines, whether or not mounted on non-hand-held outdoor power equipment, including but not limited to walk-behind lawn mowers and pressure washers, are included in the scope. However, if a subject engine is imported mounted on such equipment, only the engine is covered by the scope. Subject merchandise includes certain small vertical shaft engines produced in the subject country whether mounted on outdoor power equipment in the subject country or in a third country. Subject engines are covered whether or not they are accompanied by other parts.

For purposes of these *Orders*, an unfinished engine covers at a minimum a sub-assembly comprised of, but not

limited to, the following components: Crankcase, crankshaft, camshaft, piston(s), and connecting rod(s). Importation of these components together, whether assembled or unassembled, and whether or not accompanied by additional components such as a sump, carburetor spacer, cylinder head(s), valve train, or valve cover(s), constitutes an unfinished engine for purposes of these *Orders*. The inclusion of other products such as spark plugs fitted into the cylinder head or electrical devices (e.g., ignition coils) for synchronizing with the engine to supply tension current does not remove the product from the scope. The inclusion of any other components not identified as comprising the unfinished engine subassembly in a third country does not remove the engine from the scope.

Specifically excluded from the scope of these *Orders* are “Commercial” or “Heavy Commercial” engines under 40 CFR 1054.107 and 40 CFR 1054.135 that have (1) a displacement of 160cc or greater, (2) a cast iron cylinder liner, (3) an automatic compression release, and (4) and a muffler with at least three chambers and volume greater than 400cc.

The engines subject to these *Orders* are predominantly classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 8407.90.1010. The engine subassemblies that are subject to these *Orders* enter under HTSUS 8409.91.9990. The mounted engines that are subject to these *Orders* enter under HTSUS 8433.11.0050, 8433.11.0060, and 8424.30.9000. Engines subject to these *Orders* may also enter under HTSUS 8407.90.1020, 8407.90.9040, and 8407.90.9060. The HTSUS subheadings are provided for convenience and customs purposes only, and the written description of the *Orders* is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*. Commerce will instruct U.S. Customs and Border Protection to continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

¹ See *Certain Vertical Shaft Engines Between 99cc and Up to 225cc, and Parts Thereof from the People's Republic of China: Antidumping and Countervailing Duty Orders*, 86 FR 23675 (May 4, 2021) (*Orders*).

² See *Initiation of Five-Year (Sunset) Reviews*, 91 FR 16181 (April 1, 2026).

³ See *Certain Vertical Shaft Engines Between 99cc and Up to 225cc, and Parts Thereof (Small Vertical Engines) from the People's Republic of China: Final Results of the Expedited First Sunset Review of the Antidumping Duty Orders*, 91 FR 48369 (July 31, 2026), and accompanying Issues and Decision Memorandum (IDM); see also *Certain Vertical Shaft Engines Between 99cc and Up to 225cc, and Parts Thereof from the People's Republic of China: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order*, 91 FR 48366 (July 31, 2026), and accompanying IDM.

⁴ See *Small Vertical Shaft Engines from China: Determinations*, 91 FR 66358 (October 20, 2026) (*ITC Final Determination*).

The effective date of the continuation of the *Orders* will be October 20, 2026.⁵ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year review of the *Orders* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

Notification Regarding an Administrative Protective Order (APO)

This notice also serves as the final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c), 751(d)(2) of the Act, and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).

Dated: October 22, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Standard Steel Welded Wire Mesh From Mexico: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) and countervailing duty (CVD) orders on standard steel welded wire mesh from Mexico would likely lead to the continuation or recurrence of dumping and countervailable subsidies,

and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD and CVD orders.

DATES: Applicable September 23, 2026.

FOR FURTHER INFORMATION CONTACT: Kayden Jenson, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0967.

SUPPLEMENTARY INFORMATION:

Background

On April 12 and August 9, 2021, Commerce published in the **Federal Register** the AD and CVD orders on standard steel welded wire mesh from Mexico.¹ On March 2, 2026, the ITC instituted,² and Commerce initiated,³ the first sunset review of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and/or countervailable subsidies, and therefore, notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should the *Orders* be revoked.⁴

On September 21, 2026, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Orders

The merchandise covered by the scope of the orders is standard steel welded wire mesh from Mexico. For a

⁵ See *Standard Steel Welded Wire Mesh from Mexico: Determinations*, 91 FR 60414 (September 23, 2026) (*ITC Final Determination*).

full description of the scope of the *Orders*, see the appendix to this notice.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be September 23, 2026.⁶ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Orders* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act, and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).

Dated: October 19, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix

Scope of the Orders

The merchandise covered by this order is uncoated standard welded steel reinforcement wire mesh (wire mesh) produced from smooth or deformed wire. Subject wire mesh is produced in square and rectangular grids of uniformly spaced steel wires that are welded at all intersections.

⁶ See *ITC Final Determination*.

⁵ See *ITC Final Determination*.
