Federal Energy Regulatory Commission

[Docket No. CP26–549–000]

ETC Tiger Pipeline, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Franklin Farms Project

On July 1, 2026, ETC Tiger Pipeline,
LLC (ETC Tiger) filed an application in
Docket No. CP26–61–000 requesting a
Certificate of Public Convenience and
Necessity pursuant to Section 7c of the
Natural Gas Act to construct and operate
certain natural gas facilities. The
proposed project, known as the Franklin
Farms Project (Project), would enable
ETC Tiger to provide Entergy Louisiana,
LLC with 250,000 dekatherms per day of
firm transportation service mainline
capacity and 1,000,000 dekatherms per
day of capacity on a newly constructed
lateral for a new artificial intelligence
data center campus in Richland Parish,
Louisiana.

On July 16, 2026, the Federal Energy
Regulatory Commission (Commission or
FERC) issued its Notice of Application
for the Project. Among other things, that
notice alerted agencies issuing federal
authorizations of the requirement to
complete all necessary reviews and to
reach a final decision on a request for
a federal authorization within 90 days of
the date of issuance of the Commission
staff's environmental document for the
Project.

This notice identifies Commission
staff's intention to prepare an
environmental assessment (EA) for the
Project and the planned schedule for the
completion of the environmental
review.¹ The EA will be issued for a 30-
day comment period.

Schedule for Environmental Review

Issuance of EA January 8, 2027

¹ For tracking purposes under the National
Environmental Policy Act, the unique identification
number for documents relating to this
environmental review is EAXX–019–20–000–
1788263742.

90-day Federal Authorization Decision
Deadline² April 8, 2027

If a schedule change becomes
necessary, additional notice will be
provided so that the relevant agencies
are kept informed of the Project's
progress.

Project Description

ETC Tiger is proposing to construct
and operate the following facilities in
Richland Parish, Louisiana:

- approximately 13.2 miles of new
36-inch-diameter greenfield pipeline
(Franklin Farms Lateral);
 - approximately 1.75 miles of 20-
inch-diameter pipeline lateral (Franklin
Farms Trio Farm Lateral);
 - the Franklin Farms, Bee Bayou, and
Trio Farm Delivery Meter Stations;
 - the Midcontinent Express, Gulf
South, and Gulf Crossing Receipt Meter
Stations and the Gulf Run Bi-directional
Meter Station;
 - the Franklin Farms Interconnect;
- and
- three new mainline valves and
other related appurtenant facilities.

Background

On August 25, 2026, the Commission
issued a *Notice of Scoping Period
Requesting Comments on
Environmental Issues for the Proposed
Franklin Farms Project* (Notice of
Scoping). The Notice of Scoping was
sent to affected landowners; federal,
state, and local government agencies;
elected officials; Native American tribes;
environmental and public interest
groups; other interested parties; local
libraries, and media outlets. To date, the
Commission has received comments
from the Sierra Club, one individual, the
U.S. Environmental Protection Agency,
and Restore Explicit Symmetry To Our
Ravaged Earth (RESTORE). The primary
issues raised by the Sierra Club are
concerns regarding alternatives, adverse
effects on land use, water resources and
water quality, wetlands, wildlife
habitats, migratory birds, endangered
species, soil erosion, air quality, and
noise. The individual filed a comment
opposed to the project and raised
concerns about increased energy costs
consumers. The U.S. Environmental
Protection Agency recommended that
the environmental document address
water quality, groundwater, National

² The Commission's deadline applies to the
decisions of other federal agencies, and state
agencies acting under federally delegated authority,
that are responsible for federal authorizations,
permits, and other approvals necessary for
proposed projects under the Natural Gas Act. Per
18 CFR 157.22(a), the Commission's deadline for
other agency's decisions applies unless a schedule
is otherwise established by federal law.

Pollutant Discharge Elimination System permit coverage, ambient air conditions and air quality effects, and solid and hazardous waste generated. RESTORE filed comments regarding concerns of geological hazards impacting the pipeline and related impacts from the new Data Center in the project area. All substantive comments will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov.

Additional information about the Project is available from the FERC website (www.ferc.gov). Using the “eLibrary” link, select “General Search” from the eLibrary menu, enter the selected date range and “Docket Number” excluding the last three digits (i.e., CP26-549), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

(Authority: 18 CFR 2.1.)

[Project No. 2711-025]

Northern States Power Company; Notice of Intent To Prepare an Environmental Assessment

On November 30, 2023, Northern States Power Company filed a relicense application for the 1.2-megawatt Trego Hydroelectric Project

No. 2711 (project). The project is located on the Namekagon River in Washburn County, Wisconsin.

In accordance with the Commission's regulations, on July 7, 2026, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an environmental assessment (EA) on the application to relicense the project.¹

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA ...	July 30, 2027.

Any questions regarding this notice may be directed to Laura Washington Laura.Washington@ferc.gov, or 202-502-6072.
