

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (“Commission”) has determined not to review an initial determination (“ID”) (Order No. 15) of the presiding administrative law judge (“ALJ”), granting Complainant The Ergo Baby Carrier, Inc.’s (“Ergobaby’s”) motion for leave to amend the complaint and notice of institution of investigation (“NOI”) to add a respondent.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 27, 2026, based on a complaint filed by Ergobaby of Torrance, California. 91 FR 46944–45 (July 27, 2026). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain adjustable child carriers and components thereof by reason of infringement of claims 1–3, 5, 6, 12, 16, and 17 of U.S. Patent No. 10,426,275 and claims 1, 6–11, 17, 18, and 22–25 of U.S. Patent No. 12,016,470. *Id.* at 46945. The Commission’s notice of investigation named the following respondents: Mabe, LLC of Shelley, Idaho; Quanzhou Baby Nice Infant and Child Products Co., Ltd. of Quanzhou City, China; Xiamen Funwhale Technology LLC and Xiamen New Baby Products Co., Ltd. (“Xiamen NBB”) of Xiamen City, China; Koi Trading Services of Diamond Bar, California; Portier USA, LLC of Sheridan, Wyoming; Ava + Oliver, LLC of Honolulu, Hawaii; Artipoppe B.V. of Lexmond, The Netherlands; Bugaboo Xiamen Industrial Co. Ltd. of Xiamen, China; Bugaboo International B.V. of Amsterdam, The Netherlands; and Bugaboo North America, Inc. of New York, New York. *Id.* The complaint

further alleges that a domestic industry exists. *Id.* The Office of Unfair Import Investigations is not participating in the investigation. *See id.*

On September 16, 2023, Ergobaby filed a motion for leave to amend the complaint and NOI to add Xiamen Danke Health Technology Co., Ltd., a/k/a xiamen danke jiankang keji you xian gong si (“Xiamen Danke”) of Xiamen, China as a respondent. None of the participating respondents opposed the motion. *See* Order No. 15 at 1 (Sept. 24, 2026).

On September 24, 2026, the ALJ issued the subject ID (Order No. 15) granting Ergobaby’s motion. The ID finds good cause to amend the complaint and NOI because Ergobaby did not know of Xiamen Danke’s role as the manufacturer of certain accused products until Xiamen NBB disclosed that information in its response to the complaint and NOI. Order No. 15 at 2. The ID notes that Ergobaby filed its motion three weeks after learning of Xiamen Danke and four business days after receiving additional information regarding Xiamen Danke in Xiamen NBB’s discovery responses. *Id.* The ID further finds that Ergobaby’s proposed amendment would not prejudice the public interest or the rights of the parties to the investigation because the products manufactured by Xiamen Danke are already part of the investigation and the investigation is in the early stages. *Id.* at 3. No petitions for review of the subject ID were filed.

The Commission has determined not to review the subject ID. Xiamen Danke is added as a respondent in this investigation.

The Commission vote for this determination took place on October 26, 2026.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: October 26, 2026.

Overview of This Information Collection

Abstract: Title XI of the Organized Crime Control Act of 1970 (the Act) and its implementing regulations at 27 CFR part 555 require that persons who want to engage in the business of manufacturing, importing, or dealing in explosives, or using them, must file an application with ATF for an explosives license/permit. This requirement also mandates that the applicant include

specific information about responsible persons (RPs) and other employees who are authorized to handle explosives in the course of their duties (employee possessors, EPs). RPs are persons who have the power to direct a federal explosives licensee/permittee’s management and policies pertaining to explosive materials. Further, 18 U.S.C. 843(h) requires ATF to conduct background checks on the applicant and any RPs and EPs, and section 843(a) requires that RPs submit fingerprints and a photograph with the form. These requirements help ensure compliance with the provisions of 18 U.S.C. 842(i), which prohibits certain persons from possessing explosive materials. This information collection covers the requirement to submit information on RPs. All persons holding ATF explosives licenses/permits must report to ATF identifying information about their RPs and any subsequent changes to their RPs. ATF’s regulations establish that applicants must use ATF Form 5400.27, Explosives Responsible Person Questionnaire (RPQ) for this purpose. Doing so helps ensure that respondents provide all the necessary information to conduct the RP background checks and ensure they are not prohibited from operations involving explosives.

Type of information collection: revising a previously approved collection.

Estimate of the total annual burden (in hours) associated with the collection: The estimated annual public burden associated with this collection is 2,478 hours, which is equal to 7,509 (total respondents) * 1 (# of responses per respondent) * 0.33 hours.
Estimate of the total annual other cost burden associated with the collection, if applicable: \$187,750 for fingerprints at a cost of \$50 per respondent.

ESTIMATED TOTAL HOURLY BURDEN

Activity	Number of respondents	Frequency	Total annual responses	Time per response (hours)	Total annual burden (hours)
Completing application	7,509	1	7,509	0.33	2,478

Revisions to This Information Collection

As part of this ICR renewal, ATF is making a minor change to the title of the IC to align with the way ATF and industry have been referring to it, from “List of Responsible Persons” to “Explosives Responsible Person Questionnaire (RPQ).” In addition, ATF is changing the form’s number from 5400.13A/5400.16 to ATF Form 5400.27. The form no longer needs a reference to a long-rescinded merged form, and under ATF’s updated numbering structure, numbering it 5400.27 allows it to be numerically next to the Employee Possessor Questionnaire. These two forms are normally submitted together as part of an application package. ATF has also updated the digitally fillable and signable form to include an email address and instructions for submitting

electronically, and made minor plain writing edits throughout. Finally, the number of respondents has decreased during the past three years, from 11,875 in 2023 to 7,509 now, a decrease of 4,366 respondents. The decrease in respondents resulted in a corresponding decrease in the total annual burden hours, from 3,958 to 2,478 a decrease of 1,480 hours.
