

As described above, under the Proposed Rule Change, the results of testing of the Plans will be provided to the Treasury Risk Committee and Board Risk Committee, in addition to the CDS Risk Committee and Board. This would accommodate the splitting off of the separate CDS Risk Committee and the Treasury Risk Committees for consistency with the CDS Rules and Treasury Rules. The CDS and Treasury Risk Committees would continue to review material matters impacting the Recovery Plan and the Wind-Down Plan but would no longer be required to conduct a separate review solely in connection with each Plan. ICC further proposes to specify that the results of testing of the Plans will be provided to the Treasury Risk Committee and Board Risk Committee, in addition to the CDS Risk Committee and Board, thus providing for reporting the results of such testing to ICC's board of directors and senior management.

Therefore, the Proposed Rule Change is consistent with the requirements of Rule 17ad-26(a)(8)(iii) under the Act.⁵²

D. Consistency With Rule 17ad-26(a)(9) Under the Act

Rule 17ad-26(a)(9) requires ICC's plans for recovery and orderly wind-down to include procedures requiring review and approval of the Plans by the ICC's Board at least every 12 months or following material changes to ICC's operations that would significantly affect the viability or execution of the plans, with such review informed, as appropriate, by ICC's testing of the plans.⁵³

As proposed, the annual review process of the Plans would be extended to incorporate references to Treasury clearing service and Treasury Rules, and distinguish between the Treasury and CDS clearing services and respective rulebooks. Additionally, the Proposed Rule Change would update the governance process to include that the annual review of the Plans and any material amendments to them would be presented to the Board Risk Committee, who would then make a recommendation to the Board regarding their approval. As such, the Plans would continue to include procedures requiring review and approval of the Plans by ICC's Board at least every 12 months or following material changes to ICC's operations that would significantly affect the viability or execution of the Plans, but would encompass as part of those operations ICC's newly established Treasury

clearing service and changes to risk committees.

Therefore, the Proposed Rule Change is consistent with the requirements of Rule 17ad-26(a)(9) under the Act.⁵⁴

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act, and in particular, with the requirements of Section 17A(b)(3)(F) of the Act,⁵⁵ and Rules 17ad-22(e)(3), 17ad-26(a)(1), 17ad-26(a)(8), and 17ad-26(a)(9)⁵⁶ thereunder.

It is therefore ordered pursuant to Section 19(b)(2) of the Act⁵⁷ that the proposed rule change (SR-ICC-2026-009) be, and hereby is, approved.⁵⁸

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁵⁹

Sherry R. Haywood,
Assistant Secretary.
