Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For CBA, we calculated importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is *de minimis* (i.e., less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties. For entries of subject merchandise during the POR produced by CBA for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁶

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**, as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for the companies subject to this review will be equal to the company-specific weighted-average dumping margin established in the final results of the review; (2) for merchandise exported

Itapissuma Ltda. are affiliated and continues to treat these companies as a single entity.

by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 13.93 percent, the all-others rate established in the less-than-fair-value investigation of this proceeding.⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the destruction or return of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the destruction or return of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

DATES: Applicable October 30, 2026.

SUPPLEMENTARY INFORMATION:

Background

On May 8, 2026, Commerce published the *Preliminary Results* of this administrative review in the **Federal Register**.¹ Between June 1 and 5, 2026,

¹ See *Strontium Chromate from France: Preliminary Results of Antidumping Duty Administrative Review; 2023–2024*, 91 FR 25339

Commerce conducted verification of SNCZ in Beauchamp, France.² On August 7, 2026, Commerce extended the deadline for the final results until October 28, 2026.³ On August 21, 2026, Commerce invited interested parties to comment on the *Preliminary Results* and SNCZ's Verification Report.⁴ No interested party submitted a case brief. Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁵

The product covered by this *Order* is strontium chromate from France. For a complete description of the scope of the *Order*, see the *Preliminary Results* PDM.

Verification

As provided in section 782(i) of the Act, in June 2026, Commerce conducted on-site verification of the sales and cost data reported by SNCZ. We used standard verification procedures, including an examination of relevant accounting and sales records, and original source documentation provided by SNCZ.⁶

Changes Since the Preliminary Results

Commerce is implementing certain changes due to verification findings that have no impact on the dumping margin.⁷ As no parties submitted comments regarding the *Preliminary Results* or Commerce's verification findings, we made no further changes to the *Preliminary Results* and no decision memorandum accompanies this notice.

Final Results of Review

As a result of this review, we determine the following weighted-average dumping margin exists for the POR, November 1, 2023, through October 31, 2024:

(May 8, 2026) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

² See Memorandum, "Verification of the Sales and Cost Response of Société Nouvelle des Couleurs Zinciques in the Antidumping Administrative Review of Strontium Chromate from France," dated August 20, 2026 (SNCZ's Verification Report).

⁷ See Memorandum, "Final Results Margin Calculation for Société Nouvelle des Couleurs Zinciques," dated concurrently with this notice.

Exporter or producer	Weighted-average dumping margin (percent)
Société Nouvelle des Couleurs Zinciques	0.00

Disclosure

Commerce intends to disclose to parties in this proceeding the calculations performed for these final results of review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. As there are no entered values on the record for SNCZ's sales, pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific per-unit duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total quantity of those sales. To determine whether an importer-specific per-unit duty assessment rate is *de minimis*, we calculated an estimated entered value. If either SNCZ's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c), or an importer-specific assessment rate is zero or *de minimis*, we instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁸ Accordingly, because SNCZ's weighted-average dumping margin is zero percent, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "reseller policy" will apply to entries of subject merchandise during the POR produced by the company included in these final results of review for which the reviewed company did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instance, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for
