SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on May 15, 2026 at 91 FR 27971.

A. Overview of Information Collection

Title of Information Collection: Energy and Performance Information Center (EPIC).

OMB Approval Number: 2577–0274.

Type of Request: Revision of currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: EPIC automates the collection of the Capital Fund program Five-Year Plan and Annual Statement/Budget/Performance and Evaluation (P&E) forms from grantees. These required forms were previously collected in hard copy on Forms HUD–50075.1 and HUD–50075.2 under collection OMB control number 2577–0157. These forms collect data on the eventual and actual use of awarded Federal funds. Electronic collection enables the Department to compile and centralize information about the way grantees use Federal funds. Tracking Federal funds paid through the Public Housing Capital Fund, the only Federal funding stream dedicated to the capital needs of the nation's last resort housing option, is crucial to understanding how the Department can properly and efficiently assist grantees to meet the Department's goals in maintaining and improving public housing as a safe, decent, and sustainable housing option for low-income residents. EPIC also automates the collection of signed documents required by 24 CFR part 905 to gain access to funds awarded by HUD. These forms are covered under the Public Housing Capital Fund Program, OMB control number 2577–0157. Finally, EPIC allows PHAs to request additional funding sources, such as Operating Funds for Capital Fund-eligible activities. The EPIC data system is equipped to collect Physical Needs Assessment data, should this data be required in the future. EPIC is equipped to collect information about the Energy Performance Contract process, including energy efficiency improvements. EPIC is equipped to track development of public housing with Federal funds and through other means, including mixed-finance development.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on September 15, 2026 at 90 FR 44389.

A. Overview of Information Collection

Title of Information Collection: Informed Consumer Choice Disclosure and Application For HUD/FHA Insured Mortgage.

OMB Approval Number: 2502–0059.

Type of Request: Revision of currently approved collection.

Form Number: HUD–92900–A, HUD–92900–B, HUD–92900–LT, HUD–92561, Model Notice for Informed Consumer Choice Disclosure Settlement Certification, and HUD–92544.

Description of the need for the information and proposed use: Specific forms and related documents are needed to determine the eligibility of the borrower and proposed mortgage transaction for FHA's mortgage insurance endorsement. The collection also contains additional notification requirements for lenders on refinances with existing FHA partial claim subordinate liens. Lenders seeking FHA's insurance prepare these forms to collect and report data. This renewal also contains a revision to the prior Supporting Statement and removes the requirement that lenders provide Fannie Mae/Freddie Mac form 1103, Supplemental Consumer Information Form (SCIF). The SCIF is required by the GSE's but is not a statutory or regulatory requirement for HUD.
