In 1972, in response to intense pressure on United States (U.S) coastal resources, and because of the importance of U.S. coastal areas, the U.S. Congress passed the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 et. seq. The CZMA authorized a federal program to encourage coastal states and territories to develop comprehensive coastal management programs. The CZMA has been reauthorized on several occasions, most recently with the enactment of the Coastal Zone Protection Act of 1996. The program is administered by the Secretary of Commerce, who in turn has delegated this responsibility to the National Oceanic and Atmospheric Administration's (NOAA) National Ocean Services (NOS).

Coastal zone management grants provide funds to states and territories to: implement federally-approved coastal management programs; complete information for the Coastal Zone Management Program (CZMP) Performance Management System; develop multi-year program assessments and strategies to enhance their programs within priority areas under Section 309 of the CZMA; submit documentation as described in the CZMA Section 306A for specific construction, acquisition, and educational projects; submit requests to update their federally-approved programs through amendments or program changes; and develop and submit state coastal nonpoint pollution control programs (CNP) as required under Section 6217 of the Coastal Zone Act Reauthorization Amendments of 1990 (16 U.S.C. 1455b).

This collection of information is being revised as follows.

First, the *Office for Coastal Management Fiscal Year 2026 Performance Progress Report Guidelines Coastal Management Program Annual Awards (Sections 306, 306A, 309, and 310) and Projects of Special Merit* (Updated 2026) have been revised to include minor updates, formatting and copy edits and to provide clarification for reporting on competitive and multi-year awards, as well as additional guidance on financial reporting requirements. The updated guidance includes a short overview of the Federal

⁸ *Id.*

Funding Accountability and Transparency Act (FFATA) reporting requirements and requirements for reporting on real property acquired under the award.

Third, minor edits to clarify requirements and reference the new ServiceNow Performance Measure database have been made to the *Coastal Zone Management Act (CZMA) Performance Measurement System Coastal Management Program Guidance* (April 2011, updated June 2025).

Finally, the CZM Section 306A guidance has undergone minor updates to remove references to rescinded executive orders.

Affected Public: State, Local, or Tribal government.

Frequency: On occasion, depending on the collection instrument.

Respondent's Obligation: Required to Obtain or Retain Benefits.

Legal Authority: Coastal Zone Management Act (16 U.S.C. 1451, et seq).
