Congress requires DoD to collect certain information from program participants in section 861, paragraph (b)(2), of Public Law 114–92. Thus, the need for this information collection is to comply with existing laws. DoD has incorporated these information collection requirements into the DFARS in section I–112 of Appendix I. In accordance with 10 U.S.C. 4902, DoD uses the information to decide whether to approve continuation of the agreement. In addition, the information is necessary for program managers to direct developmental assistance to the most appropriate small business concerns and to ensure the program meets the Congressionally-mandated goal of enhancing the defense industrial base.
