Strontium Chromate From France: Final Results of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance,
International Trade Administration,
Department of Commerce.

SUMMARY: The U.S. Department of
Commerce (Commerce) determines that
Société Nouvelle des Couleurs
Zinciques (SNCZ) did not make sales of
strontium chromate from France in the
United States at less than normal value
(NV) during the period of review (POR)
November 1, 2023, through October 31,
2024.

DATES: Applicable October 30, 2026.

SUPPLEMENTARY INFORMATION:

Background

On May 8, 2026, Commerce published
the *Preliminary Results* of this
administrative review in the **Federal
Register**.¹ Between June 1 and 5, 2026,

¹ See *Strontium Chromate from France:
Preliminary Results of Antidumping Duty
Administrative Review; 2023–2024*, 91 FR 25339

Commerce conducted verification of
SNCZ in Beauchamp, France.² On
August 7, 2026, Commerce extended the
deadline for the final results until
October 28, 2026.³ On August 21, 2026,
Commerce invited interested parties to
comment on the *Preliminary Results*
and SNCZ's Verification Report.⁴ No
interested party submitted a case brief.
Commerce conducted this review in
accordance with section 751(a)(1)(B) of
the Tariff Act of 1930, as amended (the
Act).

Scope of the Order⁵

The product covered by this *Order* is
strontium chromate from France. For a
complete description of the scope of the
Order, see the *Preliminary Results* PDM.

Verification

As provided in section 782(i) of the
Act, in June 2026, Commerce conducted
on-site verification of the sales and cost
data reported by SNCZ. We used
standard verification procedures,
including an examination of relevant
accounting and sales records, and
original source documentation provided
by SNCZ.⁶

Changes Since the Preliminary Results

Commerce is implementing certain
changes due to verification findings that
have no impact on the dumping
margin.⁷ As no parties submitted
comments regarding the *Preliminary
Results* or Commerce's verification
findings, we made no further changes to
the *Preliminary Results* and no decision
memorandum accompanies this notice.

Final Results of Review

As a result of this review, we
determine the following weighted-
average dumping margin exists for the
POR, November 1, 2023, through
October 31, 2024:

(May 8, 2026) (*Preliminary Results*), and
accompanying Preliminary Decision Memorandum
(PDM).

Disclosure

Commerce intends to disclose to
parties in this proceeding the
calculations performed for these final
results of review within five days of a
public announcement or, if there is no
public announcement, within five days
of the date of publication of the notice
of final results in the **Federal Register**,
in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the
Act, and 19 CFR 351.212(b)(1),
Commerce has determined, and U.S.
Customs and Border Protection (CBP)
shall assess, antidumping duties on all
appropriate entries of subject
merchandise in accordance with the
final results of this review. As there are
no entered values on the record for
SNCZ's sales, pursuant to 19 CFR
351.212(b)(1), we calculated importer-
specific per-unit duty assessment rates
based on the ratio of the total amount of
dumping calculated for the examined
sales to the total quantity of those sales.
To determine whether an importer-
specific per-unit duty assessment rate is
de minimis, we calculated an estimated
entered value. If either SNCZ's
weighted-average dumping margin is
zero or *de minimis* within the meaning
of 19 CFR 351.106(c), or an importer-
specific assessment rate is zero or *de
minimis*, we instruct CBP to liquidate
the appropriate entries without regard to
antidumping duties.⁸ Accordingly,
because SNCZ's weighted-average
dumping margin is zero percent, we will
instruct CBP to liquidate the appropriate
entries without regard to antidumping
duties.

Commerce's “reseller policy” will
apply to entries of subject merchandise
during the POR produced by the
company included in these final results
of review for which the reviewed
company did not know that the
merchandise it sold to the intermediary
(e.g., a reseller, trading company, or
exporter) was destined for the United
States. In such instance, we will instruct
CBP to liquidate unreviewed entries at
the all-others rate if there is no rate for

Assessment Rate in Certain Antidumping
Proceedings: Final Modification*, 77 FR 8101, 8102

the intermediate company(ies) involved in the transaction.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for SNCZ will be equal to the weighted-average dumping margin established in the final results of this administrative review (*i.e.*, 0.00 percent); (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 32.16 percent *ad valorem*, the all-others rate established in the LTFV investigation.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties

occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: October 26, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Utility Scale Wind Towers From Malaysia: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on utility scale wind towers (wind towers) from Malaysia would be likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the “Final Results of Sunset Review” section of this notice.

DATES: Applicable November 2, 2026.

FOR FURTHER INFORMATION CONTACT: Connor Field, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202–482–3997.

SUPPLEMENTARY INFORMATION:

Background

On August 4, 2021, Commerce published in the **Federal Register** the CVD order on wind towers from Malaysia.¹ On July 2, 2026, Commerce published the notice of initiation of the first sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.218(c).²

On July 17, 2026, Commerce received a notice of intent to participate in this review from the domestic interested party, within the deadline specified in 19 CFR 351.218(d)(1)(i).³ The domestic interested party claimed interested party status under sections 771(9)(C) and (F) of the Act as a U.S. producer and as a coalition consisting of a U.S. producer of the domestic like product.⁴

On August 3, 2026, Commerce received an adequate substantive response from the domestic interested party within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁵ Commerce did not receive a substantive response from either the Government of Malaysia or any other respondent interested party to this proceeding. On August 24, 2026, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.⁶ As a result, Commerce conducted an expedited (120-day) sunset review of the *Order*, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2).

Scope of the Order

The products covered by the *Order* are utility scale wind towers. For a full description of the scope, *see* the Issues and Decision Memorandum.⁷
