The purpose of this notice is to communicate the agency's intent to request renewal of the clearance for IMLS's Native American Library Services Basic Grants (NAB), a discretionary grant program designed to assist Native American tribes in improving library services for their communities. A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this Notice.

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques, or other forms of information technology, *e.g.,* permitting electronic submissions of responses.

I. Background

IMLS is the primary source of Federal support for the Nation's libraries and museums. The agency advances, supports, and empowers America's museums, libraries, and related organizations through grant making, research, and policy development. For more information about IMLS, visit *www.imls.gov.*

II. Current Actions

This action will renew the NAB Notice of Funding Opportunities clearance, which expires February 28, 2027, for an additional three years.

The NAB program assists eligible Native Communities in establishing, sustaining, and improving library services and operations with their communities. As information needs change, Tribal libraries must be able to serve as knowledge and resource centers to benefit their users and the wellness of their communities. The NAB program supports Native Communities across the country to address their individual information needs and priorities.

The two goals for this program are (1) to improve library and archival services for accessing, learning, and preserving information with the community, and (2) to improve library and archival services for accessing, learning, and preserving information with the community.
