I. Background

IMLS is the primary source of Federal support for the Nation's libraries and museums. The agency advances, supports, and empowers America's museums, libraries, and related organizations through grant making, research, and policy development. For more information about IMLS, visit *www.imls.gov.*

II. Current Actions

This action will renew the NAB Notice of Funding Opportunities clearance, which expires February 28, 2027, for an additional three years.

The NAB program assists eligible Native Communities in establishing, sustaining, and improving library services and operations with their communities. As information needs change, Tribal libraries must be able to serve as knowledge and resource centers to benefit their users and the wellness of their communities. The NAB program supports Native Communities across the country to address their individual information needs and priorities.

The two goals for this program are (1) to improve library and archival services for accessing, learning, and preserving information with the community, and (2) to improve library and archival services for accessing, learning, and preserving information with the community.
