POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

This system maintains information about individuals by SSN, name, date of birth, the agency's internal processing reference number, or alien registration number. POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

In accordance with NARA rules codified at 36 CFR 1225.16, we maintain records in accordance with NARA-approved agency-specific records schedule, N1–47–09–02, item 2, and NARA's General Records Schedule (GRS) 4.2, items 020 and 050, and GRS 5.2, item 010.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

We retain electronic and paper files containing personal identifiers in secure storage areas accessible only by authorized individuals, including our employees and contractors, who have a need for the information when performing their official duties. Security measures include, but are not limited to, the use of codes and profiles, personal identification numbers and passwords, and personal identification verification cards. We restrict access to specific correspondence within the system based on assigned roles and authorized users. We keep paper records in cabinets within secure areas, with access limited to only those employees who have an official need for access in order to perform their duties. We use audit mechanisms to record sensitive transactions as an additional measure to protect information from unauthorized disclosure or modification.

We annually provide authorized individuals, including our employees and contractors, with appropriate security awareness training that includes reminders about the need to protect PII and the criminal penalties that apply to unauthorized access to, or disclosure of, PII (5 U.S.C. 552a(i)(1)). Furthermore, authorized individuals with access to databases maintaining PII must annually sign a sanctions document that acknowledges their accountability for inappropriately accessing or disclosing such information.

RECORD ACCESS PROCEDURES:

Individuals may submit requests for information about whether this system contains a record about them by submitting a written request to the system manager at the above address, which includes their name, SSN, or other information that may be in this system of records that will identify them. [Docket No. NHTSA–2026–0100]

Agency Information Collection Activities; Notice and Request for Comment; Click It or Ticket (CIOT) Evaluation

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice and request for comments on a request for approval of a new information collection.

SUMMARY: The National Highway Traffic Safety Administration invites public comments about our intention to request approval from the Office of Management and Budget (OMB) for a new information collection. Before a Federal agency can collect certain information from the public, it must receive approval from OMB. Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections. This document describes a collection of information for which NHTSA intends to seek OMB approval to be conducted as part of an evaluation of the Click It or Ticket (CIOT) high-visibility enforcement campaign.

DATES: Comments must be submitted on or before January 4, 2027.

ADDRESSES: You may submit comments identified by the Docket No. NHTSA–2026–0100 through any of the following methods:

- *Electronic Submissions:* Go to the Federal eRulemaking Portal at *http://www.regulations.gov.* Follow the online instructions for submitting comments.

FOR FURTHER INFORMATION CONTACT: For additional information or access to background documents, contact Christine Watson, Ph.D., Office of Behavioral Safety Research (NPD–320), 771–241–3120, *Christine.Watson@dot.gov,* National Highway Traffic Safety Administration, W46–474, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 *et seq.*), before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) how to enhance the quality, utility, and clarity of the information to be collected; and (d) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.* permitting electronic submission of responses. In compliance with these requirements, NHTSA asks for public comments on the following proposed collection of information for which the agency is seeking approval from OMB.
