Phosphate Fertilizers From the Kingdom of Morocco: Final Results of First Full Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on phosphate fertilizers (fertilizers) from the Kingdom of Morocco (Morocco) would likely to lead to the continuation or recurrence of a countervailable subsidy at the levels indicated in the ''Final Results of Sunset Review'' section of this notice.

DATES: Applicable November 3, 2026.

FOR FURTHER INFORMATION CONTACT: Faris Montgomery, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1537.

SUPPLEMENTARY INFORMATION:

Background

On April 7, 2021, Commerce published a CVD order on fertilizers from Morocco.[1] On March 2, 2026, Commerce published the notice of initiation of the first sunset review of the *Order,* pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.218(c).[2] On the basis of notices of intent to participate and adequate substantive responses filed by domestic interested parties, and adequate responses from the Government of Morocco (GOM) and respondent OCP S.A. (OCP), Commerce determined to conduct a full sunset review of this CVD order, pursuant to section 751(c) of the Act and 19 CFR 351.218(e)(2).[3] On July 24, 2026, Commerce preliminarily determined that revocation of the CVD order on phosphate fertilizers from Morocco would likely lead to continuation or recurrence of subsidization.[4] On August 24, 2026, the GOM and OCP filed case briefs in response to the *Preliminary Results*.[5] On August 31, 2026, Commerce received rebuttal briefs from domestic interested parties, the Mosaic Company (Mosaic) and J.R. Simplot Company, LLC (Simplot).[6]

Scope of the Order

The product covered by the *Order* is fertilizers from Morocco. For a full description of the scope, *see* the Issues and Decision Memorandum.[7]

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(b) of the Act, Commerce determines that revocation of the *Order* would be likely to lead to the continuation or recurrence of countervailable subsidies at the following net countervailable subsidy rates:

Producer/exporter	Subsidy rate (percent *ad valorem*)
OCP S.A	20.04
All Others	20.04
