DEPARTMENT OF DEFENSE

Department of the Army

[Docket ID: USA–2026–HQ–0430]

Submission for OMB Review; Comment Request

AGENCY: Department of the Army, Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The Department of Defense (referred to herein as ''the Department'', ''Department of War'' or ''DoW'') has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by December 4, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *www.reginfo.gov/public/do/PRAMain.* Find this particular information collection by selecting ''Currently under 30-day Review—Open for Public Comments'' or by using the search function.

FOR FURTHER INFORMATION CONTACT: Reginald Lucas, (571) 372–7574, *whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.*

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Automated Installation Entry (AIE) System; OMB Control Number 0702–0125.

Type of Request: Revision.

AIE In-Person Registration

Number of Respondents: 1,016,570.
Responses per Respondent: 1.
Annual Responses: 1,016,570.
Average Burden per Response: 2 minutes.
Annual Burden Hours: 33,886.

AIE Online Registration

Number of Respondents: 516,226.
Responses per Respondent: 1.
Annual Responses: 516,226.
Average Burden per Response: 2 minutes.
Annual Burden Hours: 17,208.

Total

Annual Responses: 1,532,796.
Annual Burden Hours: 51,094.

Needs and Uses: The AIE System collects personally identifiable information from individuals requesting access to Army installations. Respondents may include visitors, contractors, service members, dependents, retirees, and civilian employees, as applicable. Information may be collected through an online visitor-registration portal, at a Visitor Control Center, through self-service kiosks, or by authorized personnel at an installation access-control point. Information collected may include identifying and contact information, information from a valid identity credential, and, when required for identity proofing and vetting, biometric and other identifying information.

The Army uses the information to verify an individual's identity; authenticate identity credentials; conduct required vetting against authorized government data sources and access-denial lists; determine fitness for installation access; and issue, manage, or deny local access credentials or visitor passes, as appropriate. The information also supports registration of eligible individuals, maintenance of local access-control records, and implementation of installation physical-security procedures. This collection helps the Army protect personnel, facilities, equipment, and other resources by ensuring that individuals seeking access to Army installations are appropriately identified and screened.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

DoD Clearance Officer: Mr. Reginald Lucas.

Dated: October 30, 2026.

Stephanie J. Bost,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001–FR–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DOD–2026–OS–2377]

Proposed Collection; Comment Request

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness (OUSD(P&R)), Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995,* the USD(P&R) announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by January 4, 2027.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Director of Administration and Management, Oversight and Compliance Directorate, Regulatory Division, 4800 Mark Center Drive, Mailbox #24, Suite 05F16, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name, docket number and title for this Federal Register document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at *http://www.regulations.gov* as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to: Office of the Assistant Secretary of War for Manpower & Reserve Affairs, Attn: Director, Civil-Military Programs, 1500 Defense Pentagon, Room 2E565, Washington, DC 20301–1500 or contact Jeremy Bukowczyk, *jeremy.bukowczyk.civ@mail.mil,* (703–695–8735).

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Junior Reserve Officers' Training Corps (JROTC) Program Forms; DD Form 3200, DD Form 3202, and DD Form 3203; OMB Control Number 0704–0680.

Needs and Uses: This information is needed to assist school districts in development of JROTC programs and confirm that school district employees assigned to JROTC duty understand DoD's expectations for the performance of their duties and their conduct in the execution thereof.

The Department of Defense (DD) Form 3200 JROTC Instructor Prohibited Activities Acknowledgement, ''certifies the understanding and acknowledgement of activities that the instructor will not participate in the cadet, trainee, or student. This collection will be used by each education facility where a JROTC program is conducted.

The DD Form 3202, Memorandum of Agreement (MOA) Between Military Service and School District to Establish and Operate JROTC Training Corps Unit, ''establishes the contractual acknowledgement and understanding of the responsibilities that the school/instructor/student must maintain in the program.

The DD Form 3203 JROTC Student/Parent/Guardian Acknowledgement of Expected Standards of Conduct and Participation,'' documents student and parent or guardian's understanding of the expectations, responsibilities, and prohibitions related to participation in the JROTC program, and is used by the Military Service and hosting School District to establish standard operating procedures and code of conduct amongst the instructor and trainee. It also informs the student and parent or guardian of the resources available should an incident take place that requires assistance and or reporting.

Affected Public: Individuals or households.

Annual Burden Hours: 276,696.

Number of Respondents: 1,660,176.

Responses per Respond: 1.

Annual Responses: 1,660,176.

Average Burden per Response: 10 minutes.

Frequency: As needed.

Dated: October 30, 2026.

Stephanie J. Bost,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001–FR–P

DEPARTMENT OF ENERGY

[OE Docket No. EA–492–A]

Application for Renewal of Authorization To Export Electric Energy; Heartland Generation Ltd.

AGENCY: Office of Electricity, Department of Energy.

ACTION: Notice of application.

SUMMARY: Heartland Generation Ltd. (the Applicant or Heartland) has applied for renewed authorization to transmit electric energy from the United States to Canada pursuant to the Federal Power Act.

DATES: Comments must be submitted on or before December 4, 2026.

ADDRESSES: Comments or requests for more information should be addressed by electronic mail to *Electricity.Exports@hq.doe.gov.*

FOR FURTHER INFORMATION CONTACT: Marina Fennel, (240) 702–6156, *Electricity.Exports@hq.doe.gov.*

SUPPLEMENTARY INFORMATION: The United States Department of Energy (DOE) regulates electricity exports from the United States to foreign countries in accordance with section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)) and regulations thereunder (10 CFR 205.300). Sections 301(b) and 402(f) of the DOE Organization Act (42 U.S.C. 7151(b) and 7172(f)) transferred this regulatory authority, previously exercised by the now-defunct Federal Power Commission, to DOE.

Section 202(e) of the FPA provides that an entity which seeks to export electricity must obtain an order from DOE authorizing that export (16 U.S.C. 824a(e)). On January 8, 2026, the authority to issue such orders was delegated to the DOE's Assistant Secretary for the Office of Electricity by Redelegation Order No. S3–DEL–OE1–2026.

On June 18, 2026, Heartland filed an application (Application or App.) with DOE for renewal of export authority to transmit electric energy from the United States to Canada for an additional five-year term. App. at 1. Heartland was originally granted export authorization under Order No. EA–492 on December 21, 2021, which expires on December 21, 2026.

According to the Application, Heartland is a Canadian corporation with its principal place of business in Alberta, Canada. Heartland is indirectly wholly-owned by TransAlta Corporation (TAC), which owns generation assets across Canada, but ''have no franchised service area or native load obligation in Canada or the United States.'' *Id.* at 3. TAC also indirectly holds interests in U.S. companies that own electric generation facilities in the United States. Heartland is a power marketer in the United States and is ''authorized by Federal Energy Regulatory Commission (FERC) to market electric energy and capacity at wholesale pursuant to market-based rate authorization.'' *Id.* at 3–4. In addition, Heartland states that ''none of Heartland's affiliates owns any electric transmission facilities other than generator interconnection facilities and Heartland is not affiliated with an entity that holds a franchise or service territory. Thus, Heartland has no ''transmission system'' of its own on which power exports could have a reliability or stability impact.'' *Id.* at 10–11.

Heartland expresses that it is seeking authorization to ''continue its exports of electrical energy acquired from the owners of U.S. generating sources and other power marketers to Canada over international electric transmission facilities and its imports from generation sources in Canada to the United States, including resources affiliated with TAC. The Presidential Permits under which the relevant border facilities were constructed and maintained, and details related thereto, are set forth in Exhibit C.'' *Id.* at 9. The Applicant also states that ''in making the necessary commercial arrangements and obtaining transmission capacity necessary to export electricity under the authorization requested herein, Heartland will comply with existing industry procedures for obtaining transmission capacity, including reserving transmission service in accordance with FERC's Open-Access Same-Time Information System and scheduling delivery of the export with the appropriate Regional Transmission Organization(s) or Independent System Operator(s) and/or Balancing Authority areas.'' *Id.* at 13.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment to the Application at *Electricity.Exports@hq.doe.gov.*

Comments concerning Heartland's Application should be clearly marked with OE Docket No. EA–492–A. Comments will be posted along with the relevant application on the program website at *www.energy.gov/oe/pending-applications.*

A final decision will be made on the requested authorization after the environmental impacts have been evaluated consistent with the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321, *et seq.*), the DOE NEPA regulations at 10 CFR part 1021, and the DOE's Implementing Procedures (June 2026) and after DOE evaluates whether the proposed action will have an adverse impact on the sufficiency of supply or reliability of the United States electric power supply system.

Copies of this Application are available on the program website at *www.energy.gov/oe/pending-applications* or by emailing *Electricity.Exports@hq.doe.gov.*
