Instructions: All submissions received must include the agency names and OMB Control Number for this notice. All comments received will be posted without change to *http://www.regulations.gov,* including any personal information provided.

FOR FURTHER INFORMATION CONTACT: *BorlaugFellowship.usda.gov*.

SUPPLEMENTARY INFORMATION:

Title: Borlaug Fellowship Program.

OMB Number: 0551–0052.

Expiration Date of Approval: Three years from approval date.

Type of Request: Existing collection in use without an OMB control number.

Abstract: The Borlaug International Agricultural Science and Technology Fellowship Program (Borlaug) was established in 2004. Borlaug promotes agricultural productivity, food security, trade, and economic growth by providing training and collaborative research opportunities to early and mid-career scientists, researchers, or policymakers from developing and middle-income countries. Since the program's inception, USDA has sponsored almost 1,000 Borlaug Fellows from 69 countries. Borlaug Programs help developing and middle-income countries by providing U.S. based scientific training and collaborative research opportunities to early- and mid-career scientists, researchers, and policymakers.

To achieve its objectives, Borlaug relies on the solicitation for qualified program applicants through a written application. FAS Posts across the globe provide this application to potential Fellows to assist in determining the adequacy of their candidacy alongside FAS Washington. The application is designed to capture the professional status of the applicant, the applicant's personal contact information, and the applicant's suitability for the program. Thus, the Borlaug application is an integral tool to Fellowship Programs Division and FAS' strategic goals at large.

In summary, excluding discrete questions related to program objectives, the Borlaug application collects the following personal information (that may be considered Personal Identifiable Information (PII)): first name, middle name, last name, sex, salutation, birth date, birth city, citizenship country, country of residence, work phone, permanent home address, work address, personal email, work email, emergency contact information (US implementer), and emergency contact information (family contact: name, relationship, home phone, cell phone, and email).

Estimate of Burden: The public reporting burden for each respondent resulting from information collection under Borlaug varies in direct relation to the number of fellowships that each respondent participates in.

Type of Respondents: Individuals.

Estimated Number of Respondents: 145 per annum.

Estimated Number of Responses per Respondent: 1 per annum.

Estimated Total Annual Burden of Respondents: 218 hours per annum.

Copies of this information collection can be obtained from Kenneth Vernon, the Agency Information Collection Coordinator, at *Kenneth.Vernon@usda.gov.*

Request for Comments: Send comments regarding (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information including validity of the methodology and assumption used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be available without change, including any personal information provided, for inspection online at *http://www.regulations.gov* and at the mail address listed above between 8:00 a.m. and 4:30 p.m., Monday through Friday, except holidays.

Comments will be summarized and included in the submission for Office of Management and Budget approval.

Persons with disabilities who require an alternative means for communication of information (Braille, large print, audiotape, etc.) should contact *FAS-ReasonableAccommodation@usda.gov.*

Certain Oil Country Tubular Goods From Austria: Preliminary Affirmative Determination of Sales at Less-Than-Fair-Value, Postponement of Final Determination, and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that certain oil country tubular goods (OCTG) from Austria are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is April 1, 2025, through March 31, 2026. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable November 4, 2026.

FOR FURTHER INFORMATION CONTACT: Madeleine Feely or Lingjun Wang, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0121 or (202) 482–2316, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on April 28, 2026.[1] On August 28, 2026, Commerce postponed the preliminary determination of this investigation and the revised deadline is now October 29, 2026.[2]

For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.[3] A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Scope of the Investigation

The product covered by this investigation is OCTG from Austria. For a complete description of the scope of this investigation, *see* Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,[4] the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.,* scope).[5] Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice,* whereby they requested that Commerce find certain mechanical pipe products to be outside the scope of this investigation. These products include: mechanical pipe for oilfield tools, mechanical pipe for perforating guns, and expandable mechanical pipe.

We note that there is an ongoing scope inquiry related to the antidumping duty orders on OCTG from Argentina and Mexico with respect to these same mechanical pipe products.[6]
