information obtained from each applicant's driving record provides the Agency with details regarding any moving violations or reported crash data, which demonstrates whether the driver has a safe driving history and is an indicator of future driving performance. If the driving record revealed a crash, FMCSA requested and reviewed the related police reports and other relevant documents, such as the citation and conviction information. A summary of each applicant's seizure history was discussed in the May 28, 2026, **Federal Register** notice (91 FR 31828) and will not be repeated in this notice.

These 11 applicants have been seizure-free over a range of four to 24 years while taking anti-seizure medication and have maintained a stable medication treatment regimen for the last 2 years. In each case, the applicant's treating physician verified his or her seizure history and supports the ability to drive commercially.

The Agency acknowledges the potential consequences of a driver experiencing a seizure while operating a CMV. However, the Agency believes the drivers granted this exemption have demonstrated that they are unlikely to have a seizure and their medical condition does not pose a risk to public safety in the operation of a CMV.

Consequently, FMCSA finds further that in each case exempting these applicants from the epilepsy and seizure disorder prohibition in 49 CFR 391.41(b)(8) would likely achieve a level of safety equivalent to, or greater than, the level of safety that would be achieved without the exemption, consistent with the applicable standard in 49 U.S.C. 31315(b)(1).

VI. Terms and Conditions

The terms and conditions of the exemption are provided to the applicants in the exemption document and include the following: each driver must (1) remain seizure-free, maintain a stable treatment, and report to FMCSA within 24 hours if they experience a seizure or change in treatment regimen during the 2-year exemption period; (2) submit to FMCSA annual reports from their treating physicians attesting to the stability of treatment and that the driver has remained seizure-free; (3) undergo an annual medical examination by a certified medical examiner, as defined by 49 CFR 390.5T; (4) provide a copy of the annual medical certification to their employer for retention in the driver's qualification file, or keep a copy in their driver's qualification file if they are self-employed; (5) report to FMCSA the date, location, and time of any crashes, as defined in 49 CFR 390.5T, within 7 days of the crash; (6) report to FMCSA any citations and convictions for disqualifying offenses under 49 CFR parts 383 and 391 within 7 days of the citations and convictions; and (7) submit to FMCSA annual certified driving records from their SDLA. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local law enforcement official. In addition, the driver must meet all applicable commercial driver's license testing requirements.

VII. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VIII. Conclusion

Based upon its evaluation of the 11 exemption applications, FMCSA exempts the following drivers from the epilepsy and seizure disorder prohibition in 49 CFR 391.41(b)(8), subject to the requirements cited above:

David Boone (OK)

Tyler Campbell (GA)

Wyatt Chisamore (VT)

Matthew Davis (SC)

Jitwan Floyd (SC)

Ricky Loy (FL)

Matthew May (CT)

Kyle Ratliff (AL)

Joseph Shojaie (SC)

Mark Stroney (MO)

Jacob Utphall (WI)

In accordance with 49 U.S.C. 31315(b), and FMCSA's policy of issuing medical exemptions for a 2-year period to correspond with the medical certificate, each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) the person fails to comply with the terms and conditions of the exemption, as set forth above; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of Title 49, chapter 313 or section 31136.

Larry W. Minor,

Associate Administrator for Policy.

BILLING CODE 4910–EX–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2026–0041]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to exempt 16 individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have ''no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV.'' The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to operate CMVs in interstate commerce.

DATES: The exemptions were applicable on July 27, 2026. The exemptions expire on July 27, 2028.

FOR FURTHER INFORMATION CONTACT: Ms. Christine A. Hydock, Chief, Medical Programs Division, FMCSA, DOT, 1200 New Jersey Avenue SE, Washington, DC 20590–0001; (202) 366–4001; *fmcsamedical@dot.gov.* Office hours are from 8:30 a.m. to 5 p.m. ET Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

I. Public Participation

A. Viewing Comments

To view comments, go to *www.regulations.gov.* Insert the docket number, (FMCSA–2026–0041) in the keyword box and click ''Search.'' Next, choose the only notice listed, and click ''Browse Comments.'' If you do not have access to the internet, you may view the docket online by visiting Dockets Operations in room W58–213 of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m. ET Monday through Friday, except Federal holidays.

B. Privacy Act

In accordance with 49 U.S.C. 31315(b)(6), DOT solicits comments from the public on the exemption requests. DOT posts these comments, including any personal information the commenter provides, to *www.regulations.gov,* as described in

the system of records notice DOT/ALL–14 FDMS (Federal Docket Management System), which can be reviewed under the ''Department Wide System of Records Notices'' link at *https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices.* The comments are posted without edit and are searchable by the name of the submitter.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from the FMCSRs. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including the applicant's safety analysis. The Agency must provide an opportunity for public comment on the request.

The Agency reviews the application, safety analyses, and public comments submitted and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level of safety that would be achieved absent such exemption, pursuant to the standard set forth in 49 U.S.C. 31315(b)(1). The Agency must publish its decision in the **Federal Register** (49 CFR 381.315(b)). If granted, the notice will identify the regulatory provision from which the applicant will be exempt, the effective period, and all terms and conditions of the exemption (49 CFR 381.315(c)(1)). If the exemption is denied, the notice will explain the reason for the denial (49 CFR 381.315(c)(2)). The exemption may be renewed (49 CFR 381.300(b)).

III. Background

The physical qualification standard for drivers regarding seizures and loss of consciousness provides that a person is physically qualified to drive a CMV if that person has ''no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause the loss of consciousness or any loss of ability to control'' a CMV (49 CFR 391.41(b)(8)). To assist in applying this standard, FMCSA publishes guidance for medical examiners (MEs) in the form of medical advisory criteria in Appendix A to 49 CFR part 391.[1] In 2007, FMCSA published recommendations from a Medical Expert Panel (MEP) that FMCSA tasked to review the existing seizure disorder guidelines for MEs.[2] The MEP performed a comprehensive, systematic literature review, including evidence available at the time. The MEP issued recommended criteria to evaluate whether an individual with a history of epilepsy, a single unprovoked seizure, or a provoked seizure should be allowed to drive a CMV.

On January 15, 2013, FMCSA began granting exemptions, on a case-by-case basis, to individual drivers from the physical qualification standard regarding seizures and loss of consciousness in 49 CFR 391.41(b)(8) (78 FR 3069). The Agency considers the medical advisory criteria, the 2007 MEP recommendations, and each individual's medical information and driving record in deciding whether to grant the exemption.

On June 22, 2026, FMCSA published a notice announcing receipt of applications from 16 individuals requesting an exemption from the epilepsy and seizure disorders prohibition in 49 CFR 391.41(b)(8) and requested comments from the public (91 FR 37222). The public comment period ended on July 22, 2026, and one comment was received.

FMCSA evaluated the eligibility of these applicants and determined that granting exemptions to these applicants would likely achieve a level of safety that is equivalent to, or greater than, the level of safety that would be achieved by complying with 49 CFR 391.41(b)(8).

IV. Discussion of Comments

FMCSA received one comment in this proceeding. The commenter was in support of Cory Broyles receiving a federal seizure exemption and questioned the fairness of the requirement for individuals with seizure histories to obtain a federal seizure exemption.

In response to the comment received, the physical qualification standards for interstate commercial motor vehicle drivers are outlined in 49 CFR 391.41(b)(8). Individuals who do not meet the physical qualification standards may apply for an exemption. The Agency evaluates each application to determine whether granting an exemption would likely achieve a level of safety equivalent to, or greater than, the level that would not be achieved absent the exemption.

V. Basis for Exemption Determination

The Agency conducted an individualized assessment of each applicant's medical information, including the root cause of the respective seizure(s) and medical information about the applicant's seizure history, the length of time that has elapsed since the individual's last seizure, the stability of each individual's treatment regimen, and the duration of time on or off of anti-seizure medication. In addition, the Agency reviewed the treating clinician's medical opinion related to the ability of the driver to safely operate a CMV with a seizure history and each applicant's certified driving record from their State Driver Licensing Agency (SDLA). The information obtained from each applicant's driving record provides the Agency with details regarding any moving violations or reported crash data, which demonstrates whether the driver has a safe driving history and is an indicator of future driving performance. If the driving record revealed a crash, FMCSA requested and reviewed the related police reports and other relevant documents, such as the citation and conviction information. A summary of each applicant's seizure history was discussed in the June 22, 2026, **Federal Register** notice (91 FR 37222) and will not be repeated in this notice.

These 16 applicants have been seizure-free over a range of one to one to 21 years while taking anti-seizure medication and have maintained a stable medication treatment regimen for the last 2 years. In each case, the applicant's treating physician verified his or her seizure history and supports the ability to drive commercially.

The Agency acknowledges the potential consequences of a driver experiencing a seizure while operating a CMV. However, the Agency believes the drivers granted this exemption have demonstrated that they are unlikely to have a seizure and their medical condition does not pose a risk to public safety in the operation of a CMV.

Consequently, FMCSA finds further that in each case, exempting these applicants from the epilepsy and seizure disorder prohibition in 49 CFR 391.41(b)(8) would likely achieve a level of safety equivalent to, or greater than, the level of safety that would be achieved without the exemption, consistent with the applicable standard in 49 U.S.C. 31315(b)(1).

VI. Terms and Conditions

The terms and conditions of the exemption are provided to the

[1] Appendix A to Part 391, Title 49, available at *https://www.ecfr.gov/current/title-49/part-391/appendix-Appendix* A to Part 391.

[2] ''Expert Panel Recommendations, Seizure Disorders and Commercial Motor Vehicle Driver Safety,'' Medical Expert Panel (Oct. 15, 2007), available at *https://www.fmcsa.dot.gov/sites/fmcsa.dot.gov/files/2020-04/Seizure-Disorders-MEP-Recommendations-v2-prot%2010152007.pdf.*

applicants in the exemption document and include the following: each driver must (1) remain seizure-free, maintain a stable treatment, and report to FMCSA within 24 hours if they experience a seizure or change in treatment regimen during the 2-year exemption period; (2) submit to FMCSA annual reports from their treating physicians attesting to the stability of treatment and that the driver has remained seizure-free; (3) undergo an annual medical examination by a certified medical examiner, as defined by 49 CFR 390.5T; (4) provide a copy of the annual medical certification to their employer for retention in the driver's qualification file, or keep a copy in their driver's qualification file if they are self-employed; (5) report to FMCSA the date, location, and time of any crashes, as defined in 49 CFR 390.5T, within 7 days of the crash; (6) report to FMCSA any citations and convictions for disqualifying offenses under 49 CFR parts 383 and 391 within 7 days of the citations and convictions; and (7) submit to FMCSA annual certified driving records from their SDLA. The driver must also have a copy of the exemption when driving, for presentation to a duly authorized Federal, State, or local law enforcement official. In addition, the driver must meet all applicable commercial driver's license testing requirements.

VII. Preemption

During the period the exemption is in effect, no State shall enforce any law or regulation that conflicts with this exemption with respect to a person operating under the exemption.

VIII. Conclusion

Based upon its evaluation of the 16 exemption applications, FMCSA exempts the following drivers from the epilepsy and seizure disorder prohibition in 49 CFR 391.41(b)(8), subject to the requirements cited above:

Collin Ahlness (MN)
Cory Broyles (GA)
William Bryant (AL)
Patrick Doran (IL)
Edward Gaskins, Jr. (SC)
Myles Glascor (OH)
David Jenkins (TN)
James Kaphan (CA)
Sabrina Lasica (CO)
Parker Lehman (CO)
Daniel Malay (MI)
Michael McNespey (AL)
Derek Mikkola (TN)
Jose Ramos, III (TX)
Tyler Riggs (OH)
Jacob Rose (VT)

In accordance with 49 U.S.C. 31315(b), and FMCSA's policy of issuing medical exemptions for a 2-year period to correspond with the medical certificate, each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) the person fails to comply with the terms and conditions of the exemption, as set forth above; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of Title 49, chapter 313 or section 31136.

BILLING CODE 4910–EX–P

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2026–2707]

Parts and Accessories Necessary for Safe Operation; Metronet Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA requests public comment on an application from Metronet for an exemption from the requirement that all exterior lighting devices be steady burning. The exemption would allow Metronet to use Grote Industries LLC's (Grote) amber brake-activated pulsating lamp on its commercial motor vehicles (CMVs), including pickup truck service vehicles not covered by the exemption FMCSA previously granted to Grote, in addition to the steady-burning brake lamps required by the Federal Motor Carrier Safety Regulations (FMCSRs).

DATES: Comments must be received on or before December 4, 2026.

ADDRESSES: You may submit comments identified by Docket Number FMCSA–2026–2707 by any of the following methods:

- *Federal eRulemaking Portal: www.regulations.gov*. See the Public Participation and Request for Comments section below for further information.
- *Mail:* Dockets Operations, U.S. Department of Transportation, 1200 New Jersey Avenue SE, W58–213, West Building, Washington, DC 20590–0001.
- *Hand Delivery or Courier:* 1200 New Jersey Avenue SE, W58–213, West Building, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
- *Fax:* (202) 493–2251.
- Each submission must include the Agency name and the docket number (FMCSA–2026–2707) for this notice. Note that DOT posts all comments received without change to *www.regulations.gov*, including any personal information included in a comment. Please see the Privacy Act heading below.

Privacy Act: In accordance with 49 U.S.C. 31315(b), DOT solicits comments from the public to better inform its exemption process. DOT posts these comments, including any personal information the commenter provides, to *www.regulations.gov*, as described in the system of records notice DOT/ALL–14 FDMS (Federal Docket Management System (FDMS)), which can be reviewed at *https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices*. The comments are posted without edit and are searchable by the name of the submitter.

FOR FURTHER INFORMATION CONTACT: Mr. David Sutula, Chief, Vehicle and Roadside Operations Division, Office of Carrier, Driver, and Vehicle Safety, FMCSA; *MCPSV@dot.gov*.

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages you to participate by submitting comments and related materials.

A. Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA–2026–2707), indicate the specific section of this document to which the comment applies, and provide a reason for your suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comment online, go to *https://www.regulations.gov/docket/FMCSA-2026-2707/document*, click on this notice, click ''Comment,'' and type your comment into the text box on the following screen.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing.
