DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project Nos. 597–025, P–15372–000]

PacifiCorp; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed PacifiCorp's, application seeking an exemption from the licensing requirements of Part 1 of the Federal Power Act for the Stairs Project No. 15372, and an administrative surrender of the license for the Stairs Project No. 597, and have prepared an Environmental Assessment (EA) for the projects.[1] The project is located along Big Cottonwood Creek, near the city of Cottonwood Heights, in Salt Lake County, Utah, and occupies federal lands within the Uinta-Wasatch-Cache National Forest managed by the U.S. Forest Service.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender and issuance of an exemption, alternatives to the proposed action, and concludes that the proposed surrender and issuance of an exemption would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at *http://www.ferc.gov* using the ''eLibrary'' link. Enter the docket number (P–597–025 or P–15372–000) in the docket number field to access the document.
