Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof From the People's Republic of China: Final Results of the Expedited Fourth Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on floor-standing, metal-top ironing tables and certain parts thereof (ironing tables) from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping, at the levels indicated in the ''Final Results of Sunset Review'' section of this notice.

DATES: Applicable November 4, 2026.

FOR FURTHER INFORMATION CONTACT: Mason Harkleroad, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0905.

SUPPLEMENTARY INFORMATION:

Background

On August 6, 2004, Commerce published the AD order on ironing tables from China in the **Federal Register**.[1] On August 31, 2021, Commerce published the most recent continuation of the *Order*.[2] On July 2, 2025, Commerce published the initiation of the fourth sunset review of the *Order* pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).[3]

On July 30, 2026, Commerce received a notice of intent to participate in the sunset review from a domestic interested party, Seymour Home Products (Seymour).[4] Seymour claimed interested party status within the meaning of section 771(9)(C) of the Act as a manufacturer, producer, or wholesaler in the United States of a domestic like product.[5] On July 30, 2026, Commerce also notified the U.S. International Trade Commission (ITC) that it received a notice of intent to participate from a domestic interested party.[6]

On July 31, 2026, pursuant to 19 CFR 351.218(d)(3)(i), Seymour filed a timely and adequate substantive response.[7] On August 24, 2026, Commerce notified the ITC that it had not received a substantive response from any respondent interested parties.[8] As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce is conducting an expedited (120-day) sunset review of the *Order.*

Scope of the Order

The merchandise subject to the *Order* consists of ironing tables from China. For a complete description of the products covered, *see* the Issues and Decision Memorandum.[9]

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *Order* and the magnitude of the margins likely to prevail if the *Order* were to be revoked, is provided in the Issues and Decision Memorandum. A list of the topics discussed in the Issues and Decision Memorandum is attached in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System, which is available to registered users at *https://access.trade.gov.* In addition, the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Final Results of Sunset Review

Pursuant to sections 751(c)(1), 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* would be likely to lead to continuation or recurrence of dumping and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 157.68 percent.

Notification Regarding Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective, orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218 and 19 CFR 351.221(c)(5)(ii).

Dated: October 30, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Oil Country Tubular Goods From the United Arab Emirates: Preliminary Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that certain oil country tubular goods (OCTG) from the United Arab Emirates (UAE) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is April 1, 2025, through March 31, 2026. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable November 4, 2026.

FOR FURTHER INFORMATION CONTACT: Alexander Rodriguez or Dylan Hill, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0190 or (202) 482–1197, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on April 28, 2026.[1] On August 28, 2026, Commerce postponed the preliminary determination of this investigation and the revised deadline is now October 29, 2026.[2]

For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.[3] A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Scope of the Investigation

The product covered by this investigation is OCTG from the UAE. For a complete description of the scope of this investigation, *see* Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,[4] the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.,* scope).[5] Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice,* whereby they requested that Commerce find certain mechanical pipe products to be outside the scope of this investigation. These products include: mechanical pipe for oilfield tools, mechanical pipe for perforating guns, and expandable mechanical pipe.

We note that there is an ongoing scope inquiry related to the antidumping duty orders on OCTG from Argentina and Mexico with respect to these same mechanical pipe products.[6] In that inquiry, Commerce preliminarily found that the products were outside the scope of the orders,[7] based on comments identical to the scope comments received in this investigation. Consistent with that finding, Commerce preliminarily finds and clarifies that mechanical pipe for oilfield tools, mechanical pipe for perforating guns, and expandable mechanical pipe are outside the scope of this investigation. Because this is a clarification, Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice. See* the scope in Appendix I to this notice.

The final determination in the above-referenced scope inquiry is currently scheduled to be made no later than December 22, 2026.[8] We intend to consider that final determination when making a final scope ruling in this investigation. Case briefs or other written comments regarding the scope of this investigation may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 after the preliminary determination of this investigation. Rebuttal briefs, limited to issues raised in the case briefs regarding the scope of this investigation, may be filed not later than five days after the date for filing of the scope-related case briefs.[9] Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing regarding the scope of this investigation, limited to issues raised in the case and rebuttal, may do so in accordance with the instructions detailed below within 30 days after the date of publication of this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Constructed export prices have been calculated in accordance with section 772(b) of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying the preliminary determination, *see* the Preliminary Decision Memorandum.

All-Others Rate

Sections 733(d)(1)(ii) and 735(c)(5)(A) of the Act provide that in the preliminary determination Commerce shall determine an estimated all-others rate for all exporters and producers not individually examined. This rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely under section 776 of the Act.

In this investigation, Commerce calculated estimated weighted-average dumping margins for Universal Tube
