Magnesia Carbon Bricks From Mexico and the People's Republic of China: Final Results of the Expedited Third Sunset Reviews of the Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) orders on magnesia carbon bricks (bricks) from Mexico and the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping, at the levels indicated in the ''Final Results of Sunset Reviews'' section of this notice.

DATES: Applicable November 4, 2026.

FOR FURTHER INFORMATION CONTACT: Samuel Evans, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202–482–2420.

SUPPLEMENTARY INFORMATION:

Background

On September 20, 2010, Commerce published the *Orders* in the **Federal Register**.[1] On July 2, 2026, Commerce published the notice of initiation of this third sunset reviews of the *Orders,* pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).[2]

On July 14, 2026, Commerce received timely and complete notices of intent to participate in the sunset review from domestic interested parties within the deadline specified in the 19 CFR 351.218(d)(1)(i).[3] The domestic interested party claimed the interested party status within the meaning of sections 771(9)(E) and 771(9)(C) of the Act as an *ad hoc* association comprised of U.S. producers of bricks.[4] On July 30, 2026, Commerce notified the U.S. International Trade Commission (ITC) that it had received notices of intent to participate from the domestic interested party.[5]

On July 31, 2026, pursuant to 19 CFR 351.218(d)(3)(i), the domestic interested party filed timely and adequate substantive responses.[6] Commerce did not receive a substantive response from any respondent interested party. On August 24, 2026, Commerce notified the ITC that it did not receive a substantive response from any respondent interested parties.[7] As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce is conducting an expedited (120-day) sunset review of the *Orders.*

[6] *See* Domestic Interested Party's Letter, ''Domestic Industry's Substantive Response,'' dated July 31, 2026; *see also* Domestic Interested Party's Letter, ''Domestic Industry's Substantive Response,'' dated July 31, 2026.

[7] *See* Commerce's Letter, ''Sunset Reviews Initiated on July 2, 2026,'' dated August 24, 2026.

Scope of the Orders

The product covered by these *Orders* is bricks from Mexico and China. For the full description of the scope of the *Orders, see* the Issues and Decisions Memorandum.[8]

Analysis of Comments Received

A complete discussion of all issues raised in these sunset reviews, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *Orders* and the magnitude of the margins likely to prevail if the *Orders* were to be revoked, is provided in the accompanying Issues and Decision Memorandum.[9] A list of the topics discussed in the Issues and Decision Memorandum is attached in the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Issues and Decision Memorandum can be directly accessed at *https://access.trade.gov/frnotices.*

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1), 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Orders* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 57.90 percent for Mexico and 236.00 percent for China.

Notification Regarding Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective orders, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

[9] *Id.*

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218 and 19 CFR 351.221(c)(5)(ii).

Dated: October 30, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Oil Country Tubular Goods From Taiwan: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that certain oil country tubular goods (OCTG) from Taiwan are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is April 1, 2025, through March 31, 2026. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable November 4, 2026.

FOR FURTHER INFORMATION CONTACT: Monica Gillis or Braeden Lowe, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6384 or (202) 482–9124, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on April 28, 2026.[1] On August 28, 2026, Commerce postponed the preliminary determination of this investigation and the revised deadline is now October 29, 2026.[2]

For a complete description of the events that followed the initiation of this investigation, *see* the Preliminary Decision Memorandum.[3] A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Scope of the Investigation

The product covered by this investigation is OCTG from Taiwan. For a complete description of the scope of this investigation, *see* Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,[4] the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.,* scope).[5] Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice,* whereby they requested that Commerce find certain mechanical pipe products to be outside the scope of this investigation. These products include: mechanical pipe for oilfield tools, mechanical pipe for perforating guns, and expandable mechanical pipe.

We note that there is an ongoing scope inquiry related to the antidumping duty orders on OCTG from Argentina and Mexico with respect to these same mechanical pipe products.[6] In that inquiry, Commerce preliminarily found that the products were outside the scope of the orders,[7] based on comments identical to the scope comments received in this investigation. Consistent with that finding, Commerce preliminarily finds and clarifies that mechanical pipe for oilfield tools, mechanical pipe for perforating guns, and expandable mechanical pipe are outside the scope of this investigation. Because this is a clarification, Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice. See* the scope in Appendix I to this notice.

The final determination in the above-referenced scope inquiry is currently scheduled to be made no later than December 22, 2026.[8] We intend to consider that final determination when making a final scope ruling in this investigation. Case briefs or other written comments regarding the scope of this investigation may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after the preliminary determination of this investigation. Rebuttal briefs, limited to issues raised in the case briefs regarding the scope of this investigation, may be filed not later than five days after the date for filing of the scope-related case briefs.[9] Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing regarding the scope of this investigation, limited to issues raised in the scope case and rebuttal briefs, may do so in accordance with the instructions detailed below within 30 days after the date of publication of this notice.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act. Normal
