Certain Magnesia Carbon Bricks From the People's Republic of China: Final Results of the Expedited Third Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the countervailing duty (CVD) order on Certain Magnesia Carbon Bricks (magnesia bricks) from The People's Republic of China (China) would be likely to lead to continuation or recurrence of countervailable subsidies at the levels indicated in the ''Final Results of Sunset Review'' section of this notice.

DATES: Applicable November 4, 2026.

FOR FURTHER INFORMATION CONTACT: Colton Dulin, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202–482–1222.

SUPPLEMENTARY INFORMATION:

Background

On September 21, 2010, the U.S. Department of Commerce (Commerce) published the *Order* on Magnesia Bricks from China.[1] On July 02, 2026, Commerce published the notice of initiation of the third sunset review of the *Order,* pursuant to section 751(c) of the Act and 19 CFR 351.218(c).[2]

On July 14, 2026, Commerce received a notice of intent to participate in this review from the Magnesia Carbon Bricks Fair Trade Committee (the Committee), within the deadline specified in 19 CFR 351.218(d)(1)(i).[3] The Committee claims that it has interested party status within the meaning of section 771(9)(C) of the Act and 19 CFR 351.102(b)(29)(vii) as a trade or business association a majority of whose members manufacture, produce, or wholesale a domestic like product in the United States.[4]

On July 31, 2026, Commerce received an adequate substantive response from the Committee, within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).[5] Commerce did not receive a substantive response from either the Government of China or a respondent interested party to this proceeding. On August 24, 2026, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.[6] As a result, Commerce conducted an expedited (120-day) sunset review of the *Order,* pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(B)(2) and (C)(2).

Scope of the Order

The product covered by this *Order* is magnesia bricks from China. For the full description of the scope of the *Order, see* the Issues and Decisions Memorandum.[7]

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of subsidization and the countervailable subsidy rates likely to prevail if the *Order* were to be revoked, is contained in the accompanying Issues and Decision Memorandum.[8] A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System, which is available to registered users at *https://access.trade.gov.* In addition, complete versions of the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*
