the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce will inform parties of the scheduled date for the hearing.[17]

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Upon issuance of the final results of this review, Commerce will determine, and CBP will assess, antidumping duties on all appropriate entries covered by this review.[18] We intend to instruct CBP to liquidate entries of subject merchandise exported by Ailong, if we continue to determine in the final results Ailong to be part of the China-wide entity, at the China-wide entity rate of 255.07 percent.[19]

For the companies listed in the Appendix for which the review is being rescinded, Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit rate for estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue rescission instructions for the companies listed in the Appendix to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: for Ailong, if it is found to not be eligible for a separate rate in the final results of review, then its cash deposit rate will be the rate applicable for the China-wide entity; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the existing rate for the China-wide entity of 255.07 percent; and (4) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: October 14, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

National Oceanic and Atmospheric Administration

[RTID 0648–XG138]

Atlantic Highly Migratory Species; Atlantic Highly Migratory Species Southeast Data, Assessment, and Review Workshops Advisory Panel

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; nominations for shark stock assessment advisory panel.

SUMMARY: NMFS solicits nominations for the Atlantic Highly Migratory

Species (HMS) SouthEast Data, Assessment, and Review (SEDAR) Workshops Advisory Panel, also known as the ''SEDAR Pool.'' The SEDAR Pool is comprised of a group of individuals who, if selected, review data and advise NMFS on the scientific information, data, and models used in stock assessments for oceanic sharks in the Atlantic Ocean, including the Gulf of America and Caribbean Sea. NMFS is seeking nominations for a 5-year term beginning in 2027. NMFS will consider individuals with definable interests in recreational and commercial fishing and related industries, including those from the environmental community, academia, and non-governmental organizations, for membership on the SEDAR Pool.

DATES: Submit nominations on or before December 4, 2026.

ADDRESSES: You may submit nominations and request the SEDAR Pool Statement of Organization, Practices, and Procedures electronically via email to *SEDAR.pool@noaa.gov*.

Additional information on SEDAR and the SEDAR guidelines can be found at *http://sedarweb.org/*. The terms of reference for the SEDAR Pool, along with a list of current members, can be found at *https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/southeast-data-assessment-and-review-and-atlantic-highly*.

FOR FURTHER INFORMATION CONTACT: Karyl Brewster-Geisz or Delisse Ortiz at 301–427–8503.

SUPPLEMENTARY INFORMATION: HMS fisheries (swordfish, sharks, tunas, and billfish) are managed under the 2006 Consolidated HMS Fishery Management Plan (FMP) and its amendments pursuant to the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq*.) and consistent with the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq*.). HMS implementing regulations are at 50 CFR part 635.

Background

NMFS established the SEDAR Pool consistent with section 302(g) of the Magnuson-Stevens Act. NMFS may select individuals of the SEDAR Pool to review and advise NMFS on the scientific information, data, and models used in stock assessments for oceanic sharks in the Atlantic Ocean, including the Gulf of America and Caribbean Sea. While NMFS created the SEDAR Pool specifically for consultation on Atlantic shark stock assessments, NMFS may expand consultation to other HMS, as needed.

NMFS may select individuals in the SEDAR Pool to participate in the various data and assessment workshops during the stock assessment process. The primary responsibility of selected individuals is to review and provide advice regarding the scientific information, data, and models that NMFS will use or consider for use in the relevant stock assessment. To ensure that the peer review is unbiased, individuals who participated in a data and/or assessment workshop for a particular stock assessment cannot serve as a peer reviewer for the same stock assessment. However, these individuals may be asked to attend the review workshop to answer specific questions from the reviewers concerning the data and/or assessment workshops. Members of the SEDAR Pool may serve as members of other advisory panels or committees established under section 302(g) concurrent with, or following, their service on the SEDAR Pool.

Procedures and Guidelines

A. Participants

The SEDAR Pool is comprised of individuals that represent the commercial and recreational fishing communities for Atlantic sharks, the environmental community active in the conservation and management of Atlantic sharks, and the academic community that have relevant expertise with sharks and/or stock assessment methodologies for marine fish species. Additionally, individuals who may not necessarily work directly with sharks, but who are involved in fisheries with similar life history, biology, and fishery issues may be part of the SEDAR Pool. Members of the SEDAR Pool must have demonstrated experience in the fisheries, related industries, research, teaching, writing, conservation, or management of marine organisms. The distribution of representation among the interested parties is not defined or limited.

Additional members of the SEDAR Pool may also include representatives from the 5 Atlantic Regional Fishery Management Councils, the 18 Atlantic states, the U.S. Virgin Islands and Puerto Rico, and the relevant interstate commissions (Atlantic States Marine Fisheries Commission and Gulf States Marine Fisheries Commission).

If NMFS requires additional members to ensure a diverse pool of individuals for data or assessment workshops, NMFS may request individuals to become members of the SEDAR Pool outside of the annual nomination period.

SEDAR Pool members serve at the discretion of the Secretary. Not all members will attend each SEDAR workshop. Rather, NMFS will invite certain members to participate at specific stock assessment workshops dependent on their ability to participate, discuss, and offer scientific input and advice regarding the species being assessed.

NMFS is not obligated to fulfill any requests (*e.g.*, requests for an assessment of a certain species) that may be made by the SEDAR Pool or its individual members. Members of the SEDAR Pool who are invited to attend stock assessment workshops will not be compensated for their services, but may be reimbursed for their travel-related expenses to attend such workshops.

B. Nomination Procedures for Appointments to the SEDAR Pool

Member tenure is 5 years. Nominations are sought for terms beginning early in 2027 and expiring at the end of 2031. Nomination packages should include:

1. The name, address, phone number, and email of the applicant or nominee;

2. A description of the applicant's or nominee's interest in Atlantic shark stock assessments or the Atlantic shark fishery;

3. A statement of the applicant's or nominee's background and/or qualifications; and

4. A written commitment that the applicant or nominee shall participate actively and in good faith in the tasks of the SEDAR Pool, as requested.

C. Meeting Schedule

Individual members of the SEDAR Pool meet to participate in stock assessments at the discretion of the Office of Sustainable Fisheries, NMFS. Stock assessment timing, frequency, and relevant species will vary depending on the needs determined by NMFS and SEDAR staff. In 2027, NMFS plans to finalize the sandbar shark stock assessment and begin the bull shark stock assessment. All meetings are open for observation by the public.

Dated: November 2, 2026.

Kelly Denit,

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
