Advisory Committee Act (FACA), 5 U.S.C. chapter 10, and conducts business in accordance with FACA and related regulations. The CASAC will comply with the provisions of FACA and all appropriate SAB Branch procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the CASAC will hold a public meeting to receive a briefing from EPA on the Policy Assessment for Lead.

Availability of meeting materials: All meeting materials, including the agenda, will be available on the CASAC web page at *https://casac.epa.gov.*

Procedures for providing public input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee's charge or meeting materials. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for the CASAC to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comments should follow the instructions below to submit comments.

Oral statements: Oral public comments will not take place during this meeting, as this meeting will function solely as a virtual briefing from EPA. Oral public comments will take place during the peer review meeting, which is still to be announced. Instructions for providing oral comments at the peer review meeting will be provided in the notice for the peer review meeting.

Written statements: Written statements will be accepted throughout the advisory process. Written statements should be supplied by email to the DFO listed in the **FOR FURTHER INFORMATION CONTACT** section. Submitters are requested to provide an unsigned version of each document because the SAB Branch does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC website. Copyrighted material will not be posted without the explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact the DFO listed in the **FOR FURTHER INFORMATION CONTACT** section; at least ten business days before the meetings, to give the EPA as much time as possible to process your request.

Chief, Science Advisory Board Branch.
