Certain Choline Salts From the People's Republic of China: Postponement of Preliminary Determination in the Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable November 5, 2026.

FOR FURTHER INFORMATION CONTACT: Braeden Lowe, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–9124.

SUPPLEMENTARY INFORMATION:

Background

On July 14, 2026, the U.S. Department of Commerce (Commerce) initiated a less-than-fair-value (LTFV) investigation of imports of certain choline salts (choline salts) from the People's Republic of China.[1] Currently, the preliminary determination is due no later than December 1, 2026.

Postponement of Preliminary Determination

Section 733(b)(l)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, if Commerce concludes that the parties concerned in the investigation are cooperating and determines that the investigation is extraordinarily complicated, sections 733(c)(1)(B)(i) and (ii) of the Act allows Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation.

Commerce has determined that the parties involved in the proceeding are cooperating and that the investigation is extraordinarily complicated.[2] Of particular note, Commerce selected a replacement mandatory respondent on October 2, 2026, or 60 days before the current deadline to issue this preliminary determination.[3] Subsequently, Commerce has received questionnaire responses from Shandong FY Feed Technology Co., Ltd. (Shandong FY Feed) [4] and extension requests for the submission of an initial questionnaire response from the replacement respondent Zhengzhou Longgu Trading Co., Ltd. (Zhengzhou Longgu),[5] indicating that both parties intend to continue participating in this investigation. Further, Commerce requires additional time to solicit and analyze comments regarding surrogate countries and surrogate values, as well as to analyze the questionnaire responses and issue appropriate requests for clarification and additional information.

Therefore, in accordance with section 733(c)(1)(B) of the Act, Commerce is postponing the due date for the preliminary determination of this investigation by 50 days. As a result, Commerce will issue its preliminary determination no later than January 20, 2027. Pursuant to section 735(a)(l) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

Notification to Interested Parties

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 2, 2026.

SUPPLEMENTARY INFORMATION:

Background

On February 8, 2019, Commerce published the AD order on CAAS from China in the **Federal Register**.[1] On February 2, 2026, Commerce published a notice of opportunity to request an administrative review of the order pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended (the Act).[2] On March 31, 2026, based on a timely request for review, we initiated an administrative review of the AD order on aluminum sheet from China for Yantai Jintai International Trade Co., Ltd. (Yantai Jintai) in accordance with 19 CFR 351.221(c)(1)(i).[3]

Scope of the Order

The product covered by the scope of this *Order* is aluminum sheet from China. For a complete description of the scope of the *Order, see* the appendix to this notice.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213.

Separate Rates

Yantai Jintai did not submit evidence of its eligibility for separate rate status. Therefore, we preliminarily determine that Yantai Jintai is not eligible for a separate rate in this administrative review and is part of the China-wide entity.

The China-Wide Entity

Under Commerce's policy regarding conditional review of the China-wide entity, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity.[4] Because no party requested a review of the China-wide entity, the entity is not under review, and the entity's rate (*i.e.,* 59.72 percent) [5] is not subject to change. Because Yantai Jintai did not demonstrate its eligibility for a separate rate, we preliminarily consider Yantai Jintai to be part of the China-wide entity.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of preliminary results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce has preliminary determined Yantai Jintai to be part of the China-wide entity, there are no calculations to disclose.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to no later than 21 days after the date of the publication of this notice.[6] Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.[7] Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.[8]

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public executive summary for each issue raised in their briefs.[9] Further, we request that interested parties limit their public, executive summary of each issue to no more than 450 words, not including citations. We intend to use the public, executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public, executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).[10]

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants and whether any participant is a foreign national; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce will inform parties of the scheduled date for the hearing.[11] Parties should confirm the date, time, and location of the hearing two days before the scheduled hearing date.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

If the preliminary results are unchanged for the final results, we will continue to treat Yantai Jintai as part of the China-wide entity, and instruct CBP to apply an *ad valorem* assessment rate of 59.72 percent to all entries of subject merchandise during the POR which were exported by this company.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP

not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) for previously investigated or reviewed China and non-China exporters not covered by this review that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all China exporters of subject merchandise that have not been found to be entitled to a separate rate, including Yantai Jintai, the cash deposit rate will be the existing rate for the China-wide entity of 59.72 percent; and (3) for all non-China exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-China exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: November 2, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix

Scope of the Order

The merchandise covered by the *Order* is aluminum common alloy sheet (common alloy sheet), which is a flat-rolled aluminum product having a thickness of 6.3 mm or less, but greater than 0.2 mm, in coils or cut-to-length, regardless of width. Common alloy sheet within the scope of the *Order* includes both not clad aluminum sheet, as well as multi-alloy, clad aluminum sheet. With respect to not clad aluminum sheet, common alloy sheet is manufactured from a 1XXX-, 3XXX-, or 5XXX-series alloy as designated by the Aluminum Association. With respect to multi-alloy, clad aluminum sheet, common alloy sheet is produced from a 3XXX-series core, to which cladding layers are applied to either one or both sides of the core.

Common alloy sheet may be made to ASTM specification B209–14, but can also be made to other specifications. Regardless of specification, however, all common alloy sheet meeting the scope description is included in the scope. Subject merchandise includes common alloy sheet that has been further processed in a third country, including but not limited to annealing, tempering, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of the *Order* if performed in the country of manufacture of the common alloy sheet.

Excluded from the scope of these *Order* is aluminum can stock, which is suitable for use in the manufacture of aluminum beverage cans, lids of such cans, or tabs used to open such cans. Aluminum can stock is produced to gauges that range from 0.200 mm to 0.292 mm, and has an H–19, H–41, H–48, H–39, or H–391 temper. In addition, aluminum can stock has a lubricant applied to the flat surfaces of the can stock to facilitate its movement through machines used in the manufacture of beverage cans. Aluminum can stock is generally classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7606.12.3045 and 7606.12.3055; however, the written description of aluminum can stock covered by the scope exclusion set forth above is dispositive, regardless of HTSUS classification.

Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set for the above.

Common alloy sheet is currently classifiable under HTSUS subheadings 7606.11.3060, 7606.11.6000, 7606.12.3090, 7606.12.6000, 7606.91.3090, 7606.91.6080, 7606.92.3090, and 7606.92.6080. Further, merchandise that falls within the scope of the *Order* may also be entered into the United States under HTSUS subheadings 7606.11.3030, 7606.12.3030, 7606.91.3060, 7606.91.6040, 7606.92.3060, 7606.92.6040, 7607.11.9090. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Order* is dispositive.
