A. Overview of Information Collection

Title of Information Collection: Cyber Incident Reporting Requirements.

OMB Approval Number: N/A

Type of Request: New

Form Number: N/A

Description of the need for the information and proposed use: Public housing agencies (PHAs) are required to report cyber incidents to HUD and law enforcement within 36 hours of awareness. PHAs must email HUD's Cyber Incident Response Team at *CIRT@hud.gov* and the PHA's local field office point of contact. For external cyberattacks or unauthorized access, PHAs should also notify the FBI via the internet Crime Complaint Center at *https://www.ic3.gov.* This collection will facilitate PHAs' required reporting of cyber incidents.

Reports on cyber incidents must include the following:

- PHA name
- PHA code
- Name, email address, and phone number of the PHA point of contact for coordinating follow-up activities
- Description of the cyber incident, including the following (if known):
  - Date of the cyber incident
  - Cause of the cyber incident
  - Impact on personally identifiable information
  - Impact on login credentials
  - Impact on IT system architecture
  - List of any impacted subsidiary or parent companies
  - Status of the PHA's response, including whether law enforcement and/or FBI has been notified

Respondents: PHAs.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Cyber Incident Notification	150	1	150	2	300	$68.96	$20,688.00

Most PHAs will never have to file a report. Burden estimates assume an average baseline event frequency across ~3,300 national PHAs, who would need to report once per incident. To estimate the hourly cost per respondent, HUD used the Department of Labor's Bureau of Labor Statistics' most recent (May 2024) data on the State and local government workers by occupational and industry group, Financial Specialists, All Other (13–2099). HUD

estimates these affected PHAs, All Other, Professional Series, to have an average hourly rate to be $68.96. The total annual burden of this collection is expected to be 300 hours. The total estimated annual cost for this information collection is $20,688.
