14 CFR Part 71

[Docket No. FAA–2026–12541; Airspace Docket No. 26–AWP–11]

RIN 2120–AA66

Establishment of Class E Airspace, Shelter Cove Airport, Shelter Cove, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to establish a Class E airspace area extending upwards from 700 feet above the surface of the earth at Shelter Cove Airport (K0Q5), Shelter Cove, CA. K0Q5 is transitioning from a visual flight rules (VFR) to an instrument flight rules (IFR) airport. Additionally, this action would establish a controlled airspace area for the airport, providing coverage to arriving IFR aircraft descending below 1,500 feet above the surface and departing IFR aircraft until reaching 1,200 feet above the surface.

DATES: Comments must be received on or before December 21, 2026.

ADDRESSES: Send comments identified by FAA Docket No. FAA–2026–12541 and Airspace Docket No. 26–AWP–11 using any of the following methods:

* *Federal eRulemaking Portal:* Go to *www.regulations.gov* and follow the online instructions for sending your comments electronically.

* *Mail:* Send comments to Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W58–213, West Building, 5th Floor, Washington, DC 20590–0001.

* *Hand Delivery or Courier:* Take comments to Docket Operations in Room W58–213 of the West Building, 5th Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

* *Fax:* Fax comments to Docket Operations at (202) 493–2251.

Docket: Background documents or comments received may be read at *www.regulations.gov* at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W58–213 of the West Building, 5th Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FAA Order JO 7400.11M, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at *www.faa.gov/air_traffic/publications/*. You may also contact the Airspace Regulation Group, Policy Directorate, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20597; telephone: (202) 267–8783.

FOR FURTHER INFORMATION CONTACT: Keith T. Adams, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198; telephone (206) 231–2428.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes Class E Airspace area for Shelter Cove Airport, Shelter Cove, CA.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to *www.regulations.gov,* as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *www.dot.gov/privacy*.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at *www.regulations.gov.* Recently published rulemaking documents can also be accessed through the FAA's web page at *www.faa.gov/air_traffic/publications/airspace_amendments/*.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Operations office (see **ADDRESSES** section for address, phone number, and hours of operations). An informal docket may also be examined during normal business hours at the office of the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198.

Incorporation by Reference

Class E5 airspace areas are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11M, dated July 30, 2026, and effective September 15, 2026. These updates would be published in the next update to FAA Order JO 7400.11. FAA Order JO

7400.11M, which lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points, is publicly available as listed in the **ADDRESSES** section of this document.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 to establish a Class E airspace area extending upward from 700 feet above the surface of the earth at Shelter Cove Airport, Shelter Cove, CA.

K0Q5 is establishing an Area Navigation (RNAV) (Global Positioning System [GPS])-A approach procedure to allow IFR operations at the airport below basic VFR weather minimums. The FAA proposes to establish a Class E airspace area extending upward from 700 feet above the surface to assist IFR aircraft on the instrument approach procedure descending below 1,500 feet above the surface. The proposed Class E airspace area would also accommodate the RNAV (GPS)-A approach missed approach segment until the aircraft reaches 1,200 feet above the surface.

Additionally, K0Q5 is establishing an instrument obstacle departure procedure allowing IFR aircraft to depart between the northwest counterclockwise to the south of the airport. The FAA proposes to establish a Class E airspace area extending upwards from 700 feet above the surface to accommodate departing IFR aircraft climbing to 1,200 feet above the surface.

The establishment of the proposed K0Q5's Class E airspace area would assist IFR aircraft transitioning within the enroute and terminal environments of the national airspace system.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a ''significant regulatory action'' under Executive Order 12866; (2) is not a ''significant rule'' under DOT Order 2100.6B, ''Rulemaking and Guidance Procedure'' (March 10, 2025); and (3) is expected to result in, at most, de minimis costs from compliance with applicable operating requirements or minor flight rerouting for operators choosing to navigate around the controlled airspace. Since these proposed amendments are routine and the expected impact to operators is de minimis, the FAA certifies that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1G, ''FAA National Environmental Policy Act Implementing Procedures'' prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11M, Airspace Designations and Reporting Points, dated July 30, 2026, and effective September 15, 2026, is amended as follows:

Paragraph 6005 Class E Airspace Area Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AWP CA E5 Shelter Cove, CA [New]

Shelter Cove Airport, CA
(Lat. 40°01′41″ N, long. 124°04′28″ W)

That airspace extending upward from 700 feet above the surface within a 3.7-mile radius of the airport, within a 5.8-mile radius between the airport's 149° bearing clockwise to 300° bearing, and within 1 mile north and 1.1 miles either side of the airport's 149° bearing extending 6.6 miles southeast.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG–2026–1338]

RIN 1625–AA09

Drawbridge Operation Regulation; Harlem River, Between the Boroughs of Manhattan and the Bronx, New York City, New York

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to temporarily modify the operating regulation that governs the Macombs Dam Bridge across the Harlem River, mile 3.2, between the Boroughs of Manhattan and the Bronx, New York City, New York. The bridge owner, New York City Department of Transportation (NYCDOT), submitted a request on August 31, 2026, to allow the bridge to remain in the closed position from February 1, 2027, through November 30, 2027, and facilitate rehabilitation of the bridge structure. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before December 7, 2026.

The Coast Guard anticipates that this proposed rule will be effective from 12:01 a.m. on February 1, 2027, through 11:59 p.m. on November 30, 2027.

ADDRESSES: You may submit comments identified by docket number USCG–2026–1338 at *https://www.regulations.gov.*

See the ''Public Participation and Request for Comments'' portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments. This notice of proposed rulemaking with its plain-language, 100-word-or-less proposed rule summary will be available in this same docket.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email Donna D. Leoce, Northeast Coast Guard District, Bridge Management Specialist, telephone number (571) 613–2415, email *Donna.D.Leoce@uscg.mil.*
