NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA–2027–008]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice.

SUMMARY: We are proposing renewal from the Office of Management and Budget (OMB) of an approved information collection, Facility Access Media (FAM) Request, NA Form 6006, used by all individuals requesting recurring access to non-public areas of NARA's facilities and IT network. We invite you to comment on the proposed information collections.

DATES: OMB must receive written comments on or before December 7, 2026.

ADDRESSES: Send any comments and recommendations on the proposed information collection in writing to *www.reginfo.gov/public/do/PRAMain.* You can find this particular information collection by selecting ''Currently under 30-day Review—Open for Public Comments'' or by using the search function.

FOR FURTHER INFORMATION CONTACT: Kristin Phillips, Paperwork Reduction Act Officer, by email at *kristin.phillips@nara.gov* or by telephone at 616–254–0405 with requests for additional information or copies of the proposed information collection and supporting statement.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104–13), we invite the public and other Federal agencies to comment on proposed information collections. We published a notice of proposed collection for these information collections on August 12, 2026 (91 FR 52085) and we received no comments. In the 60-day notice the respondents and burden hours were represented for three years. We've corrected those figures in this notice with the actual annual respondents and burden hours. We are therefore submitting the described information collections to OMB for approval.

If you have comments or suggestions, they should address one or more of the following points: (a) whether the proposed information collections are necessary for NARA to properly perform its functions; (b) our estimate of the burden of the proposed information collections and its accuracy; (c) ways we could enhance the quality, utility, and clarity of the information we collect; (d) ways we could minimize the burden on respondents of collecting the information, including through information technology; and (e) whether these collections affect small businesses.

In this notice, we solicit comments concerning the following information collection:

Title: Facility Access Media (FAM) Request.

OMB number: 3095–0057.

Agency form number: NA Form 6006.

Type of review: Regular.

Affected public: Individuals or households.

Estimated number of respondents: 1,500.

Estimated time per response: 3 minutes.

Frequency of response: On occasion.

Estimated total annual burden hours: 75 hours.

Abstract: The Facility Access Media (FAM) Request, NA Form 6006, is completed by all individuals requiring recurring access to non-public areas of NARA's facilities and IT network (such as NARA employees, contractors, volunteers, NARA-related foundation employees, volunteers, interns, and other non-NARA federal employees, such as federal agency reviewers) herein referred to as ''applicants,'' in order to obtain NARA Facility Access Media (FAM). After approval of the request, the applicant is given a FAM, if approved, and is then able to access non-public areas of NARA facilities and IT network. The collection of information is necessary to comply with Homeland Security Presidential Directive (HSPD) 12 requirements for secure and reliable forms of personal identification issued by federal agencies to their employees, contractors, and other individuals requiring recurring access to non-public areas of government facilities and information services. This form was developed to comply with this requirement.

Gulam Shakir,

Executive for Information Services/CIO.

NATIONAL SCIENCE FOUNDATION

Proposal Review; Notice of Meetings

In accordance with the Federal Advisory Committee Act (Pub. L. 92–463, as amended), the National Science Foundation (NSF) announces its intent to hold proposal review meetings throughout the year. The purpose of these meetings is to provide advice and recommendations concerning proposals submitted to the NSF for financial support. The agenda for each of these meetings is to review and evaluate proposals as part of the selection process for awards. The review and evaluation may also include an assessment of the progress of awarded proposals. These meetings will primarily take place at NSF's headquarters, 401 Dulany Street, Alexandria, VA 22314.

These meetings will be closed to the public. The proposals being reviewed include information of a proprietary or confidential nature, including technical information; financial data, such as salaries; and personal information concerning individuals associated with the proposals. These matters are exempt under 5 U.S.C. 552b(c), (4) and (6) of the Government in the Sunshine Act. NSF will continue to review the agenda and merits of each meeting for overall compliance of the Federal Advisory Committee Act.

These closed proposal review meetings will not be announced on an individual basis in the **Federal Register**. NSF intends to publish a notice similar to this on a quarterly basis. For an advance listing of the closed proposal review meetings that include the names of the proposal review panel and the time, date, place, and any information on changes, corrections, or cancellations, please visit the NSF website: *https://nsf.gov/events/proposal-review-panels.* This
