that finding, the President imposed minimum import prices (MIP) and tariffs on imports of Polysilicon Products pursuant to Section 232 of the Trade Expansion Act of 1962, as amended, 19 U.S.C. 1862 (Section 232).

Consistent with Proclamation 11052, Commerce established an import qualification process for all existing importers of record (IOR) of these polysilicon and polysilicon derivatives. Commerce is requiring IORs seeking to apply for waivers of the Polysilicon Product import qualification criteria to submit details on the usages of Polysilicon Products, estimates of the anticipated type and volume of imports into the United States, and other information required to substantiate the applications for relief. This information is submitted via email to Commerce and the material is reviewed by Commerce before receiving a final determination by the Secretary.

SUPPLEMENTARY INFORMATION:

Background

On May 13, 2026, Commerce published the *Preliminary Results* of this administrative review and invited interested parties to comment.[1] On August 18, 2026, Commerce extended the deadline to issue these final results by 53 days.[2] Accordingly, the deadline for these final results is now November 2, 2026.

For the events subsequent to the *Preliminary Results, see* the Issues and Decision Memorandum.[3] The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order [4]

The merchandise subject to the *Order* is shrimp from Vietnam. For a full description of the scope of the *Order, see* the Issues and Decision Memorandum.[5]

Analysis of Comments Received

All issues raised by interested parties in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in Appendix I to this notice.

Changes Since the Preliminary Results

Based on a review of the record and our analysis of comments received from interested parties, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the weighted-average dumping margins applied to the two mandatory respondents, Sao Ta Foods Joint Stock Company/FIMEX VN/Sao Ta Seafood Factory/Khang An Foods Joint Stock Company (collectively, Fimex Group) [6] and Soc Trang Seafood Joint Stock Company; STAPIMEX (STAPIMEX), and the weighted-average dumping margin applicable to the non-examined companies that are eligible for a separate rate.

Use of Adverse Facts Available

For these final results, we are relying on adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Act, in part, to value certain of STAPIMEX's chemical factors of production (FOP).[7] This is because STAPIMEX failed to cooperate by not acting to the best of its abilities to comply with our requests to provide descriptions of these chemical FOPs.[8] As partial AFA, we used the highest reported chemical surrogate value on

[6] In the thirteenth administrative review, Commerce determined that that Sao Ta Foods Joint Stock Company, aka Fimex VN and Sao Ta Seafood Factory are affiliated within the meaning of section 771(33) of the Act and comprise a single entity pursuant to 19 CFR 351.401(f). *See Certain Frozen Warmwater Shrimp from the Socialist Republic of Vietnam: Final Results of Antidumping Duty Administrative Review, 2017–2018,* 84 FR 44859, 44860 (August 27, 2019). In the *Preliminary Results,* Commerce preliminarily determined that Khanh An Foods Joint Stock Company is affiliated with Sao Ta Foods Joint Stock Company, aka Fimex VN and Sao Ta Seafood Factory within the meaning of section 771(33) of the Act and compromises a single entity pursuant to 19 CFR 351.401(f). We find no evidence to change our decision, and we therefore continue to treat these companies as a single entity pursuant to 19 CFR 351.401(f) for these final results.
