Farm Service Agency

Title: Farm Loan Programs—Guaranteed Farm Loan.

OMB Control Number: 0560–0155.

Summary of Collection: FSA requests a revision of the currently approved information collection to include automated data collection of information through the ProsperUS Platform. FLP administers to make and service loans guaranteed to the eligible farmers and ranchers to comply with the regulations of 7 CFR part 762, Guaranteed Farm Loans and 7 CFR part 763, Land Contract Guaranteed Loans. The loans made and serviced include farm operating and farm ownership loans. FSA also provides guarantees of loans made by private sellers of a farm or ranch on a land contract sales basis; although this program is rarely used. The reporting requirements imposed on the public by the regulations at 7 CFR part 762 and 7 CFR part 763 are necessary to administer the Farm Loan Program guaranteed loan program. For the following estimated total annual burden on respondents, the formula used to calculate the total burden hours is the estimated average time per response multiplied by the estimated total annual responses.

Need and Use of the Information: FSA uses the forms and written evidence to collect needed information. The objective of the guaranteed loan program is to provide credit to applicants who are unable to obtain credit from lending institutions without a guarantee. The information collected is used to determine lender and loan applicant eligibility for farm loan guarantees, and to ensure the lender protects the Government's financial interest. The information FSA collects is needed to effectively administer the FSA guaranteed farm loan programs. The information is collected by the FSA loan official in consultation with participating lenders.

Description of Respondents: Businesses or other for-profits and Farms.

Estimated Number of Respondents: 5,072.

Frequency of Responses: Reporting: Other (when applying for loans).
