[Project No. 3071–008]

Blue Earth County, Minnesota; Notice of Reasonable Period of Time for Water Quality Certification Application

On October 30, 2026, Minnesota Pollution Control Agency (Minnesota PCA) submitted to the Federal Energy Regulatory Commission (Commission) notice that it received a request for a Clean Water Act section 401(a)(1) water quality certification as defined in 40 CFR 121.5, from Blue Earth County, Minnesota, in conjunction with the above captioned project on October 9, 2026. Pursuant to the Commission's regulations,[1] we hereby notify the Minnesota PCA of the following:

Date of Receipt of the Certification Request: October 9, 2026.

Reasonable Period of Time to Act on the Certification Request: October 9, 2027.

If Minnesota PCA fails or refuses to act on the water quality certification request on or before the above date, then the certifying authority is deemed waived pursuant to section 401(a)(1) of the Clean Water Act, 33 U.S.C. 1341(a)(1).

(Authority: 18 CFR 2.1)

Dated: November 3, 2026.

Debbie-Anne A. Reese,

Secretary.

[Docket No. CP27–9–000]

Columbia Gulf Transmission, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on October 20, 2026, Columbia Gulf Transmission, LLC (Columbia Gulf), 700 Louisiana Street, Suite 1300, Houston, Texas 77002, filed an application under section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations requesting authorization for its Clark Project (Project). The Project consists of constructing: (1) approximately 8.68 miles of new 30-inch-diameter greenfield pipeline; (2) an aboveground tie-in to Columbia Gulf's existing mainline, including a new launcher/receive assembly; and (3) an aboveground meter station with launcher/receiver assembly, all located in Estill and Clark Counties, Kentucky. The Project will provide approximately 250,000 dekatherms per day of firm transportation service to East Kentucky Power Cooperative, Inc. to serve its existing J.K. Smith electric generation plant. Columbia Gulf proposes to apply the existing FTS–1 base system recourse reservation and commodity rates for the Project and requests a predetermination of rolled-in rate treatment. Columbia Gulf estimates the total cost of the Project to be $95,204,268, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (*http://www.ferc.gov*). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at (202) 502–6652 (toll free at 1–866–208–3676) or email at *ferconlinesupport@ferc.gov,* or the Public Reference Room at (202) 502–8371, TTY (202) 502–8659. Email the Public Reference Room at *public.referenceroom@ferc.gov.*

Any questions regarding the application should be directed to David A. Alonzo, Director, Certificates, Columbia Gulf Transmission, LLC, 700 Louisiana Street, Suite 1300, Houston, Texas 77002–2700, by phone at (832) 320–5477 or by email at *david_alonzo@tcenergy.com.*

Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,[1] within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Water Quality Certification

Columbia Gulf stated that a water quality certificate under section 401 of the Clean Water Act is required for the project from Kentucky Energy and Environment Cabinet, Department of Environmental Protection. When available, Columbia Gulf should submit to the Commission a copy of the request for certification for the Commission authorization, including the date the request was submitted to the certifying agency, and either (1) a copy of the certifying agency's decision or (2) evidence of waiver of water quality certification.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on November 24, 2026. How to file protests, motions to intervene, and comments is explained below.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation (OPP) at (202) 502–6595 or *OPP@ferc.gov.*

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)[2] and 385.211[3] of the Commission's regulations under the NGA, any person[4] may file a protest to the application. Protests must comply with the requirements specified in section 385.2001[5] of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on November 24, 2026.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP27–9–000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at *www.ferc.gov* under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;
