SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 20, 2026, based on a complaint filed on behalf of SunCoke Technology and Development LLC and Jewell Coke Company L.P. (collectively, ''SunCoke''), both of Lisle, Illinois. 91 FR 45,282–283 (July 20, 2026). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain foundry coke by reason of the infringement of certain claims of the '915 patent and the '367 patent. The complaint further alleges that an industry in the United States exists as required by the applicable Federal Statute. The Commission's notice of investigation names the following seven (7) respondents: MTX Group, a.s. of Prague, Czech Republic; OKK Koksovny, a.s. of Ostrava-Přívoz, Czech Republic; METALIMEX a.s. of Prague, Czech Republic; METALIMEX Deutschland GmbH of Duisburg, Germany; AMEX Coal Sp. z o.o. of Sopot, Poland; Italiana Coke S.r.l. of Genova, Italy; and Terminal Alti Fondali Savona S.r.l. of Savona, Italy. The Office of Unfair Import Investigations is not named as a party in this investigation.

On September 21, 2026, SunCoke filed a motion to amend the Complaint and Notice of Investigation to assert claims 15 and 7–13 of the '915 patent against Respondents MTX Group and to terminate this investigation in part as to all asserted claims of the '367 patent with respect to all Respondents. No party opposed the motion.

On October 5, 2026, the ALJ issued the subject ID (Order No. 10) granting SunCoke's motion to amend the Complaint and Notice of Investigation to add allegations of infringement of claims 1–5 and 7–13 of the '915 patent against MTX Group and to terminate the investigation in part as to all asserted claims of the '367 patent with respect to all Respondents. The ID found SunCoke demonstrated good cause for amending the Complaint and Notice of Investigation and SunCoke's proposed amendments will not prejudice the public interest or the rights of the parties participating in this investigation. ID at 4. The ID also found the motion is unopposed, complies with the Commission's Rules, and that there are no extraordinary circumstances that prevent terminating the investigation as to all asserted claims of the '367 patent. *Id.* at 4–5. No petitions for review were filed.

The Commission has determined not to review the subject ID. The Notice of Investigation shall be amended to add allegations of infringement as to claims 1–5 and 7–13 of the '915 patent against MTX Group. Moreover, all claims, including claims 1–4, 7–10, 12, and 14–21, of the '367 patent are hereby terminated from the investigation.

The Commission vote for this determination took place on November 4, 2026.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: November 4, 2026.

Lisa Barton,

Secretary to the Commission.

Certain Glow Fish Tape Systems, Safety Helmet Systems, and Components Thereof; Notice of a Final Determination Finding a Violation of Section 337; Issuance of a Limited Exclusion Order and Cease and Desist Order; Termination of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (''the Commission'') has determined that respondent Milwaukee Electric Tool Corporation of Brookfield, Wisconsin (''Milwaukee'') has violated section 337 of the Tariff Act of 1930, as amended, by importing, selling for importation, or selling in the United States after importation certain glow fish tape systems and components thereof that infringe claim 6 of U.S. Patent No. 12,187,573 (''the '573 patent''). The Commission has determined that the appropriate remedies are a limited exclusion order (''LEO'') and cease and desist order (''CDO'') against Milwaukee, and that the public interest factors do not preclude issuance of such remedial orders. The Commission has also determined to set a bond in the amount of 100 percent (100%) of the entered value of the covered products imported during the period of Presidential review. This investigation is hereby terminated.
