42 CFR Parts 422 and 423

[CMS–4214–CN]

RIN 0938–AV88

Medicare Program; Implementation of Sections 6219, 6220, and 6224 of the Consolidated Appropriations Act, 2026; Correction

AGENCY: Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services (HHS).

ACTION: Proposed rule; correction.

SUMMARY: This document corrects a typographical error in the proposed rule that appeared in the October 20, 2026 **Federal Register** titled ''Medicare Program; Implementation of Sections 6219, 6220, and 6224 of the Consolidated Appropriations Act, 2026''.

FOR FURTHER INFORMATION CONTACT: Kristy Nishimoto, (206) 615–2367.

I. Background and Summary of Errors

In FR Doc. 2026–21420 of October 20, 2026 (91 FR 66408), we are correcting a typographical error in the docket number that may be used for submitting public comments on the proposed rule.

III. Correction of Errors

In FR Doc. 2026–21420 of October 20, 2026 (91 FR 66408), we are making the following correction:

1. On page 66408, first column, 13th full paragraph (**ADDRESSES** section), line 4, the number ''CMS–2026–2533'' is corrected to read ''CMS–2026–3533''.

Liesl I. Fowler,

Executive Secretary to the Department, Department of Health and Human Services.

BILLING CODE 4169–69–P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 26–302; RM–12034; DA 26–1169; FR ID 375916]

Television Broadcasting Services Odessa, Texas

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document proposes to amend the Table of TV Allotments (Table) of the Federal Communications Commission's (Commission) rules in response to a petition for rulemaking filed by Gray Television Licensee, LLC (Gray), the licensee of KOSA–TV (KOSA–TV), Odessa, Texas (Odessa). Gray held a construction permit to construct a facility on UHF channel 31 at Odessa, and now requests that the Bureau substitute VHF channel 7 for UHF channel 31 in the Table, with the technical parameters as set forth in KOSA–TV's current license. The Media Bureau previously granted a petition for rulemaking submitted by Gray to substitute UHF channel 31 for VHF channel 7 at Odessa. Gray states that it is unable to complete construction of its new channel within the time specified on the construction permit, and therefore requests amendment of the Table to allow it to continue to operate on VHF channel 7 at its currently licensed technical parameters to provide uninterrupted service to viewers. Given that the Licensee proposes to utilize its currently licensed parameters, we believe VHF channel 7 can be substituted for UHF channel 31 at Odessa as proposed, in compliance with the principal community coverage requirements of the Commission's rules. In addition, we find that this channel change meets the technical requirements set forth in the Commission's rules.

DATES: Comments must be filed on or before December 9, 2026 and reply comments on or before December 24, 2026.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: Joan Stewart, Wiley Rein LLP, 2050 M Street NW, Washington, DC 20036.

FOR FURTHER INFORMATION CONTACT: Emily Harrison at *Emily.Harrison@fcc.gov,* (202) 418–1665 or Mark Colombo at *Mark.Colombo@fcc.gov,* (202) 418–7611.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Notice of Proposed Rulemaking,* MB Docket No. 26–302; RM–12034; DA 26–1169, adopted October 28, 2026, and released October 28, 2026. The full text of this document is available online at *https://www.fcc.gov/edocs.*

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any proposed information collection burden ''for small business concerns with fewer than 25 employees,'' pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, do not apply to this proceeding.

Members of the public should note that all *ex parte* contacts are prohibited from the time a notice of proposed rulemaking is issued to the time the matter is no longer subject to Commission consideration or court review, *see* 47 CFR 1.1208. There are, however, exceptions to this prohibition, which can be found in § 1.1204(a) of the Commission's rules, 47 CFR 1.1204(a).

See §§ 1.415 and 1.420 of the Commission's rules for information regarding the proper filing procedures for comments, 47 CFR 1.415 and 1.420.

Providing Accountability Through Transparency Act: The Providing Accountability Through Transparency Act, Public Law 118–9, requires each agency, in providing notice of a rulemaking, to post online a brief plain-language summary of the proposed rule. The required summary of this notice of proposed rulemaking is available at *https://www.fcc.gov/proposed-rulemakings.*

Chief of Staff, Media Bureau.

Proposed Rule

For the reasons discussed in the preamble, the Federal Communications Commission proposes to amend 47 CFR part 73 as follows:

PART 73—RADIO BROADCAST SERVICES

■ 1. The authority citation for part 73 continues to read as follows:

Authority: 47 U.S.C. 154, 155, 301, 303, 307, 309, 310, 334, 336, 339.

■ 2. In § 73.622, in the table in paragraph (j), under Texas, revise the entry for ''Odessa'' to read as follows:

§ 73.622 Digital television table of allotments.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 665

[Docket No. 261104–0005]

RIN 0648–BN99

Pacific Island Fisheries; Commercial Fishing in the Pacific Remote Islands Marine National Monument Expansion

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule, request for comments.

SUMMARY: NMFS proposes to amend regulations that prohibit commercial fishing in the Pacific Remote Islands Marine National Monument Expansion (PRIMNM Expansion), which comprises waters of the U.S. exclusive economic zone (EEZ) between 50 to 200 nautical miles (nmi; 93 to 370 kilometers (km)) around Johnston Atoll and Wake and Jarvis Islands. This action is necessary to conform fishing regulations with Presidential Proclamation 10918 of April 17, 2025—Unleashing American Commercial Fishing in the Pacific, as amended by Presidential Proclamation 11035 of June 11, 2026—Restoring American Commercial Fishing in the Pacific, and in light of a court order. Fisheries in the PRIMNM Expansion would be regulated pursuant to existing fishing regulations under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), the Western and Central Pacific Fisheries Convention Implementation Act (WCPFCIA), the South Pacific Tuna Act (SPTA), and other applicable laws, that apply to all U.S. commercial fishing vessels but were superseded and made inapplicable when the commercial fishing prohibition for the PRIMNM Expansion was established. The proposed rule supports the long-term sustainability of U.S. fisheries and provides for the proper care and management of the PRIMNM and PRIMNM Expansion and the objects of historic or scientific interest therein, as directed by Proclamation 10918, as amended by Proclamation 11035.

DATES: NMFS must receive comments by December 9, 2026.

ADDRESSES: A plain language summary of this proposed rule is available at *https://www.regulations.gov/docket/NOAA-NMFS-2026-2410.* You may submit comments on this document, identified by NOAA–NMFS–2026–2410, by either of the following methods:

- *Electronic Submission:* Submit all electronic public comments via the Federal e-Rulemaking Portal. Visit *https://www.regulations.gov* and type NOAA–NMFS–2026–2410 in the Search box, Click the ''Comment'' icon, complete the required fields, and enter or attach your comments.
- *Mail:* Submit written comments to Sarah Malloy, Regional Administrator, NMFS Pacific Islands Regional Office (PIRO), 1845 Wasp Blvd. Bldg. 176, Honolulu, HI 96818.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on *https://www.regulations.gov* without change. All personal identifying information (*e.g.,* name, address), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter ''N/A'' in the required fields if you wish to remain anonymous). NMFS has voluntarily prepared an environmental assessment (EA) that discusses the impact on the quality of the human environment as a result of this proposed rule and the resumption of commercial fishing under applicable regulations in PRIMNM Expansion. The EA, and other supporting documents referenced in this rule are available at *https://www.regulations.gov.*

FOR FURTHER INFORMATION CONTACT: Jarad Makaiau, NMFS PIRO Sustainable Fisheries, 808–725–5000.

SUPPLEMENTARY INFORMATION: Since the 1980s, NMFS and the Western Pacific Fishery Management Council (Council) have managed fisheries in the U.S. EEZ in the Western Pacific through five species-based fishery management plans (FMP) consistent with the provisions of the Magnuson-Stevens Act—the Bottomfish and Seamount Groundfish FMP, the Crustaceans FMP, the Precious Corals FMP, the Coral Reef Ecosystems FMP, and the Pelagic FMP. Pursuant to section 303(a) of the Magnuson-Stevens Act, an FMP, FMP amendment and the issuance of implementing regulations, or modification to regulations under section 303(c) are undertaken when necessary and appropriate for the conservation and management of the fishery to prevent overfishing and rebuild overfished stocks, and to protect, restore, and promote the long-term health and stability of the fishery, consistent with the Magnuson-Stevens Act's National Standards. NMFS, in cooperation with the Council, implements or amends FMP regulations that prevent overfishing while achieving on a continuing basis the optimum yield from each fishery for the U.S. fishing industry when the best scientific information available indicate it is necessary or appropriate.

In 2009, the Council recommended, and NMFS approved the restructuring of the five species-based FMPs by incorporating the conservation and management measures of the species-based FMPs into five place-based fishery ecosystem plans (FEP)—the American Samoa FEP, the Hawaii FEP, the Marianas FEP, the Pacific Remote Islands Area FEP (PRIA FEP) and the Pelagics FEP (75 FR 2198, January 14, 2010). In developing these FEPs, NMFS also prepared an environmental impact statement that evaluated the potential environmental effects of fishing under the five place-based FEPs.

The PRIA FEP governs fishing in the U.S. EEZ (0 to 200 nmi; 0 to 370 km) around the Pacific Remote Island Areas (PRIA) of Baker, Jarvis, Wake and Howland Islands, Kingman Reef, and Johnston and Palmyra Atolls and establishes conservation and management measures for coral reef fish, bottomfish, crustacean, and precious coral fisheries, including permit and reporting requirements, marine protected areas, gear restrictions, at-sea observer requirements and other measures to ensure sustainable fishing. Since 2010, the PRIA FEP has been amended three times and NMFS has evaluated the potential environmental effects of fishing under the amended FEP consistent with the Magnuson-Stevens Act, the National Environmental Policy Act (NEPA), the Endangered Species Act (ESA) and other applicable laws.

Similarly, the Pelagics FEP establishes conservation and management measures for pelagic fisheries and includes limited access programs, gear restrictions, protected species mitigation measures, prohibited area management and other measures to ensure sustainable fishing. Since 2010, the Pelagics FEP has been amended 12 times and NMFS has evaluated the potential environmental effects of
