to comment, using its best efforts to make available to the public means of communication for the public to respond quickly, and in the case of telephone comments, the comments have been recorded or transcribed as appropriate and the licensee has been informed of the public comments.

In circumstances where failure to act in a timely way would have resulted, for example, in derating or shutdown of a nuclear power plant or in prevention of either resumption of operation or of increase in power output up to the plant's licensed power level (an emergency situation), the Commission may not have had an opportunity to provide for public comment on its NSHC determination. In such case, the license amendment has been issued without opportunity for comment prior to issuance. Nonetheless, the State has been consulted by telephone whenever possible.

Under its regulations, the Commission may issue and make an amendment immediately effective, notwithstanding the pendency before it of a request for a hearing from any person, in advance of the holding and completion of any required hearing, where it has determined that NSHC is involved. The Commission has applied the standards of 10 CFR 50.92 and has made a final determination that the amendments involve NSHC. The basis for this determination is contained in the NRC staff safety evaluation related to each action. Accordingly, the amendment has been issued and made effective as indicated.

For those amendments that have not been previously noticed in the **Federal Register**, within 60 days after the date of publication of this notice, any persons (petitioner) whose interest may be affected by this action may file a request for a hearing and petition for leave to intervene (petition) with respect to the action. Petitions shall be filed in accordance with the guidance concerning the Commission's ''Agency Rules of Practice and Procedure'' in 10 CFR part 2 as discussed in section II.A of this document.

Unless otherwise indicated, the Commission has determined that the amendment satisfies the criteria for categorical exclusion in accordance with 10 CFR 51.22. Therefore, pursuant to 10 CFR 51.22(b), no environmental impact statement or environmental assessment need be prepared for this amendment. If the Commission has prepared an environmental assessment under the special circumstances provision in 10 CFR 51.12(b) and has made a determination based on that assessment, it is so indicated in the safety evaluation for the amendment.

For further details with respect to these actions, see the amendment and associated documents such as the Commission's letter and safety evaluation, which may be obtained using the ADAMS accession numbers indicated in the following table. The safety evaluation will provide the ADAMS accession number for the application for amendment and the **Federal Register** citation for any environmental assessment. All of these items can be accessed as described in the ''Obtaining Information and Submitting Comments'' section of this document.

LICENSE AMENDMENT ISSUANCE—EXIGENT CIRCUMSTANCES

Constellation Energy Generation, LLC; Peach Bottom Atomic Power Station, Unit 2; York County, PA	
Docket No	50–277.
Amendment Date	October 09, 2026.
ADAMS Accession No	ML26275A169.
Amendment No	349.
Brief Description of Amendment	The amendment revised the definition of ''Drain Time'' in section 1.1 of the technical specifications by deleting the phrase, ''(e.g., seismic event, loss of normal power, single human error)'' from item b in the definition. The amendment also replaced the phrase ''locked, sealed, or otherwise secured'' with ''closed and administratively controlled'' in item b of the drain time definition.
Local Media Notice (Yes/No)	Yes.
Public Comments Requested as to Proposed NSHC (Yes/No)	Yes.

Authority: 42 U.S.C. 2011 *et seq.*

Dated: November 4, 2026.

For the Nuclear Regulatory Commission.

Ilka Berrios,

Chief, Operating Reactor Licensing Branch 3, Division of Licensing Projects I, Office of Nuclear Reactor Regulation.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–106829; File No. SR–CboeBYX–2026–014]

Self-Regulatory Organizations; Cboe BYX Exchange, Inc.; Notice of Designation of Longer Period for Commission Action on Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change, as Modified by Amendment No. 1, To Amend Rule 11.25 To Introduce an Optional, Contingent Instruction Applicable to Periodic Auction Only Orders, Introduce a Time-in-Force of Auction or Cancel, and Make Conforming Changes to Its Periodic Auction Processing Behavior To Support the Proposed Contingent Instruction

November 5, 2026.

On April 28, 2026, Cboe BYX Exchange, Inc. (''Exchange'' or ''BYX'') filed with the Securities and Exchange Commission (''Commission''), pursuant to Section 19(b)(1) [1] of the Securities Exchange Act of 1934 (''Act'') [2] and Rule 19b–4 thereunder,[3] a proposed rule change to introduce an optional, Contingent Instruction applicable to Periodic Auction Only Orders, introduce a time-in-force of Auction or Cancel, and make conforming changes to its Periodic Auction processing behavior to support the proposed Contingent Instruction. The proposed rule change was published for comment in the **Federal Register** on May 14, 2026.[4] On June 18, 2026, pursuant to Section 19(b)(2)(A)(ii)(I) of the Act,[5] the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change.[6] The Commission has not received any comments on the proposal. On August 6, 2026, the Exchange filed Amendment No. 1 to the proposed rule change, which replaced and superseded the original filing in its entirety. On August 11, 2026 the Commission published Amendment No. 1 for comment and instituted proceedings under Section 19(b)(2)(B) of the Act [7] to determine whether to approve or disapprove the proposed rule change, as modified and superseded by Amendment No. 1.[8]

Section 19(b)(2) of the Act [9] provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for notice and comment in the **Federal Register** on May 14, 2026.[10] November 10, 2026 is 180 days from that date, and January 9, 2027 is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,[11] designates January 9, 2027 as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR–CboeBYX–2026–014).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.[12]

Sherry R. Haywood,

Assistant Secretary.
