DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by December 10, 2026 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website *www.reginfo.gov/public/do/PRAMain.* Find this particular information collection by selecting ''Currently under 30-day Review—Open for Public Comments'' or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Qualified Product List for Wild Land Fire Chemicals.

OMB Control Number: 0596–0182.

Summary of Collection: The policy of the USDA Forest Service (USDA FS) is stated in Forest Service Handbook (FSH 5109.16, chapters zero code and 20), ''Use only evaluated, approved and qualified fire chemicals.'' This policy requires the Agency to evaluate all wildland fire chemicals before use in fire management activities on lands managed by the USDA FS. Additionally, the Agency needs ''to have available and utilize adequate types and quantities of qualified fire chemical products to accomplish fire management activities safely, efficiently, and effectively.'' To accomplish this objective, the USDA FS evaluates fire chemical products available for use in direct wildland-fire management operations prior to such use on lands managed by the Agency. (FSH5109.16, zero code, sections 02 and 03).

Need and Use of the Information: Information is collected for each formulation or reformulation once, upon the respondent's initial request for evaluation. For the purposes of this information collection, we're anticipating an average of five respondents will submit ten new responses during a twelve-month period. This information collection and the product evaluation must be conducted on an ongoing basis to ensure the Agency can solicit and award contracts in a timely manner to provide firefighters with safe and effective wildland fire chemical products.

Description of Respondents: Business or other for-profit.

Number of Respondents: 15.

Frequency of Responses: Reporting: Other (once).

Total Burden Hours: 64.

DEPARTMENT OF AGRICULTURE

Food and Nutrition Administration

The Emergency Food Assistance Program; Availability of Foods for Fiscal Year 2027

AGENCY: Food and Nutrition Administration, USDA.

ACTION: Notice.

SUMMARY: This notice announces the surplus and purchased foods that the Department expects to make available for donation to States for use in providing nutrition assistance to the needy under The Emergency Food Assistance Program (TEFAP) in Fiscal Year (FY) 2027. The foods made available under this notice must, at the discretion of the State, be distributed to eligible recipient agencies (ERAs) for use in preparing meals and/or for distribution to households for home consumption.

FOR FURTHER INFORMATION CONTACT: Farah Ahmad, Food Distribution Policy Branch, Policy Division, Food and Nutrition Administration, U.S. Department of Agriculture, 1400 Jefferson Dr. SW, Washington, DC 20250.

SUPPLEMENTARY INFORMATION: In accordance with the provisions set forth in the Emergency Food Assistance Act of 1983 (EFAA), 7 U.S.C. 7501, *et seq.,* and the Food and Nutrition Act of 2008, 7 U.S.C. 2036, the Department makes foods available to States for use in providing nutrition assistance to those in need through TEFAP. In accordance with section 214 of the EFAA, 7 U.S.C. 7515, funding for TEFAP foods is allocated among States according to a formula that accounts for poverty and unemployment levels within each State. Section 214(a)(1) of the Act requires that 60 percent of each State's allocation be based on the number of people with incomes below the poverty level within the State; and Section 214(a)(2) requires that the remaining 40 percent be equal to the percentage of the nation's unemployed persons within the State. State officials are responsible for establishing the network through which the foods will be used by ERAs in providing nutrition assistance to those in need and for allocating foods among those ERAs. States have full discretion in determining the amount of foods that

will be made available to ERAs for use in preparing meals and/or for distribution to households for home consumption.

Surplus Foods

Surplus foods donated for distribution under TEFAP are Commodity Credit Corporation (CCC) foods purchased under the authority of section 416 of the Agricultural Act of 1949, 7 U.S.C. 1431 (section 416) and foods purchased under the surplus removal authority of section 32 of the Act of August 24, 1935, 7 U.S.C. 612c (section 32). The types of foods typically purchased under section 416 include dairy, grains, oils, and peanut products. The types of foods purchased under section 32 include meat, poultry, fish, vegetables, dry beans, juices, and fruits.

Approximately $360 million in surplus foods acquired in FY 2026 are being delivered to States in FY 2027. Surplus foods currently scheduled for delivery in FY 2027 include apricot products, beans, blackberries, butter, catfish, cheese, cherries, chicken, eggs, fresh grapes, grape juice, grapefruit, groundfish, lentils, mandarins, milk, oranges, peach products, canned pears, pecans, plums, Alaska Pollock, pork products, raisins, split peas, shrimp, and walnuts. Other surplus foods may be made available to TEFAP throughout the year. The Department would like to point out that food acquisitions are based on changing agricultural market conditions; therefore, the availability of foods is subject to change.

Purchased Foods

In accordance with section 27 of the Food and Nutrition Act of 2008, 7 U.S.C. 2036, the Secretary is directed to purchase an estimated $481.500 million worth of foods in FY 2027 for distribution through TEFAP.

For FY 2027, the Department anticipates purchasing the foods listed in the following table for distribution through TEFAP. The amounts of each item purchased will depend on the prices the Department must pay, as well as the quantity of each item requested by the States. Changes in agricultural market conditions may result in the availability of additional types of foods or the non-availability of one or more foods listed in the table.
