annual report by March 15 for the preceding calendar year. PHMSA proposes revisions modifying Parts B2, B3, G, and I of DOT Form PHMSA F 7100.1–1 by removing certain data elements and clarifying others. As a result, PHMSA expects the time burden for completing this report to decrease by two hours, from 20 hours to 18 hours per report.

Affected Public: Operators of Gas Distribution Pipeline Systems.

Annual Reporting and Recordkeeping Burden:

Estimated Number of Responses: 1,446.

Estimated Annual Burden Hours: 26,028.

Frequency of Collection: Annually.

2. *Title:* Annual Reports for Gas Pipeline Operators.

OMB Control Number: 2137–0522.

Current Expiration Date: 9/30/2026.

Type of Request: Revision.

Abstract: This mandatory information collection covers the requirements for operators of natural gas pipelines (not distribution systems), underground natural gas storage facilities, and liquefied natural gas facilities to submit annual reports to PHMSA. 49 CFR 191.17 requires operators of UNGS facilities, gas transmission systems, LNG facilities, and gas gathering systems to submit an annual report by March 15 for the preceding calendar year.

For Form PHMSA F 7100.2–1, *Annual Report for Natural and Other Gas Transmission and Gathering Pipeline Systems,* PHMSA proposes to remove parts C and H, modify parts F and K, and revise the instructions for part Q to improve clarity. PHMSA expects the time burden for completing Form PHMSA F 7100.2–1 to decrease by four hours, from 54 hours to 50 hours per report. PHMSA has also updated the estimated number of annual submissions for this form from 1,810 to 1,461 based on a three-year average. For Form PHMSA F 7100.3–1, *Annual Report for Liquefied Natural Gas (LNG) Facilities,* PHMSA proposes to modify parts B, C, and D. These modifications are not expected to change the per-report time burden. PHMSA has updated the estimated number of annual submissions for this form, from 113 to 184 based on a three-year average.

Affected Public: Operators of Natural Gas Pipelines, Underground Natural Gas Storage Facilities, and Liquefied Natural Gas Facilities

Annual Reporting and Recordkeeping Burden:

Estimated Number of Responses: 2,167.

Estimated Annual Burden Hours: 80,758.

Frequency of Collection: Annually.

3. *Title:* Annual Report for Hazardous Liquid and Carbon Dioxide Pipeline Systems.

OMB Control Number: 2137–0614.

Current Expiration Date: 3/31/2029.

Type of Request: Revision.

Abstract: 49 CFR 195.49 requires operators of hazardous liquid pipelines to submit specific data on the safety of their pipelines by annually completing Form PHMSA F 7000–1.1. This mandatory information collection requires operators to submit data on the preceding year electronically by June 15 of each calendar year.

PHMSA proposes to modify Form PHMSA F 7000–1.1 to remove parts H and M, and revise part F to remove the requirement to report on anomalies. As a result, PHMSA expects the time burden for completing this report to decrease by two hours, from 20 hours to 18 hours per report. PHMSA has updated the estimated number of annual submissions from 475 to 678 based on a three-year average. In addition, PHMSA is removing a one-time burden of 18 hours per operator previously allotted for system updates related to excavation damage data, resulting in a reduction of 475 responses and 8,550 hours.

Affected Public: Operators of Hazardous Liquid and Carbon Dioxide Pipeline Facilities.

Annual Reporting and Recordkeeping Burden:

Estimated Number of Responses: 678.

Estimated Annual Burden Hours: 12,204.

Frequency of Collection: Annually.

4. *Title:* National Pipeline Mapping Program.

OMB Control Number: 2137–0596.

Current Expiration Date: 3/31/2029.

Type of Request: Revision.

Abstract: The Pipeline Safety Improvement Act of 2002 (Pub. L. 107–355), 49 U.S.C. 60132, requires an operator of a pipeline facility (except distribution lines and gathering lines) to submit to PHMSA geospatial data appropriate for use in NPMS, including operator contact information. PHMSA proposes to modify this data collection to require an operator to indicate whether a hazardous liquid breakout tank is intrastate or interstate when submitting geospatial data. PHMSA does not expect a change in burden due to this modification.

Affected Public: Operators of Hazardous Liquid and Carbon Dioxide Pipeline Facilities.

Annual Reporting and Recordkeeping Burden:

Estimated Number of Responses: 1,346.

Estimated Annual Burden Hours: 162,208.

Frequency of Collection: Annually.

Comments are invited on:

(a) The need for the renewal and revision of these information collections for the proper performance of the functions of the Agency, including whether the information will have practical utility.

(b) The accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

(c) Ways to enhance the quality, utility, and clarity of the information to be collected.

(d) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued in Washington, DC, under authority delegated in 49 CFR 1.97.

Thomas Correll,

Associate Administrator for Pipeline Safety.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA–2026–3961 (Notice No. 2026–05)]

Hazardous Materials: Information Collection Activities

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, PHMSA invites comments on two Office of Management and Budget (OMB) control numbers pertaining to hazardous materials transportation. PHMSA intends to request renewal and extension for these two control numbers from OMB.

DATES: Interested persons are invited to submit comments on or before January 11, 2027.

ADDRESSES: You may submit comments identified by the Docket Number PHMSA–2026–3961 (Notice No. 2026–05) by any of the following methods:

• *Federal eRulemaking Portal: http://www.regulations.gov.* Follow the instructions for submitting comments.

• *Mail:* Docket Management System; U.S. Department of Transportation, West Building, Ground Floor, Room W12–140, Routing Symbol M–30, 1200 New Jersey Avenue SE, Washington, DC 20590.

• *Hand Delivery:* To the Docket Management System; Room W12–140 on the ground floor of the West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Instructions: All submissions must include the agency name and Docket Number (PHMSA–2026–3961) for this notice at the beginning of the comment. To avoid duplication, please use only one of these methods. All comments received will be posted without change to the Federal Docket Management System (FDMS) and will include any personal information you provide.

Requests for a copy of an information collection should be directed to Ryan Larson or Steven Andrews, Standards and Rulemaking Division, (202) 366–8553, *ohmspra@dot.gov,* Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590–0001.

Docket: For access to the dockets to read background documents or comments received, go to *http://www.regulations.gov* or DOT's Docket Operations Office (see **ADDRESSES**).

Privacy Act: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to *www.regulations.gov,* as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *www.dot.gov/privacy.*

Confidential Business Information: Confidential Business Information (CBI) is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission containing CBI as ''PROPIN'' for ''proprietary information.'' PHMSA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Ryan Larson or Steven Andrews, Standards and Rulemaking Division, and addressed to the Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590–0001 or *ohmspra@dot.gov.* Comments received by PHMSA which are not specifically designated as ''CBI'' will be placed in the public docket for this notice.

FOR FURTHER INFORMATION CONTACT: Ryan Larson or Steven Andrews, Standards and Rulemaking Division, (202) 366–8553, *ohmspra@dot.gov,* Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590–0001.

SUPPLEMENTARY INFORMATION: Section 1320.8(d), title 5, Code of Federal Regulations (CFR) requires the Pipeline and Hazardous Materials Safety Administration (PHMSA) to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies information collection requests PHMSA will be submitting to OMB for renewal and extension. These information collections are contained in 49 CFR 171.6 of the Hazardous Materials Regulations (HMR; 49 CFR parts 171–180). PHMSA has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on changes in proposed or final rules published since the information collections were last approved. The following information is provided for each information collection: (1) title of the information collection, including former title if a change is being made; (2) OMB control number; (3) summary of the information collection activity; (4) description of affected public; (5) estimate of total annual reporting and recordkeeping burden; and (6) frequency of collection. PHMSA will request a 3-year term of approval for each information collection activity and will publish a notice in the **Federal Register** upon OMB's approval. PHMSA requests comments on the following information collections:

Title: Hazardous Materials Security Plans.

OMB Control Number: 2137–0612.

Summary: To assure public safety, shippers and carriers must take reasonable measures to plan and implement procedures to prevent unauthorized persons from taking control of, or attacking, hazardous materials shipments. Part 172 of the HMR requires persons who offer or transport certain hazardous materials to develop and implement written plans to enhance the security of hazardous materials shipments. The security plan requirements as prescribed in § 172.800(b) apply to specific types of shipments. Such shipments include but are not limited to: shipments greater than 3,000 kg (6,614 pounds) for solids or 3,000 liters (792 gallons) for certain liquids and gases in a single packaging such as a cargo tank motor vehicle, portable tank, tank car, or other bulk container; any quantity of a Division 1.1, 1.2, or 1.3 material; a large bulk quantity of a Division 2.1 material; or any quantity of a poison-by-inhalation material. A security plan will enable shippers and carriers to reduce the possibility that a hazardous materials shipment will be used as a weapon of opportunity by a terrorist or criminal.

The following is a list of the information collections and burden estimates associated with this OMB Control Number:

Information collection	Respondents	Total annual responses	Hours per response	Total annual burden hours
New Security Plan—Large Companies	30	90	50	4,500
New Security Plan—Small Companies	170	170	25	4,250
Updating Security Plan—Large Companies	6,300	18,900	10	189,000
Updating Security Plan—Small Companies	35,700	35,700	5	178,499
Compilation of Commodity Data—Class I Railroads	6	6	40	240
Compilation of Commodity Data—Class II Railroads	32	32	40	1280
Compilation of Commodity Data—Class III Railroads	100	100	40	4,000
Primary Route Analysis—Class I Railroads	6	51	80	4,080
Primary Route Analysis—Class II Railroads	32	128	80	10,240

Information collection	Respondents	Total annual responses	Hours per response	Total annual burden hours
Primary Route Analysis—Class III Railroads	100	200	40	8,000
Alternate Route Analysis—Class I Railroads	6	51	120	6,120
Alternate Route Analysis—Class II Railroads	32	96	120	11,520
Alternate Route Analysis—Class III Railroads	100	50	40	2,000
Route Selection and Completion of Route Analysis—Class I Railroads	6	6	16	96
Route Selection and Completion of Route Analysis—Class II Railroads	32	32	16	512
Route Selection and Completion of Route Analysis—Class III Railroads	100	100	8	800
Storage, Delays in Transit, and Notification—Class I Railroads	6	6	8	48
Storage, Delays in Transit, and Notification—Class II Railroads	32	32	8	256
Storage, Delays in Transit, and Notification—Class III Railroads	100	100	4	400
Notifying a Consignee in the Event of a Significant Delay—Class I Rail roads	6	10	.50	5
Notifying a Consignee in the Event of a Significant Delay—Class II Rail roads	32	12	.50	6
Notifying a Consignee in the Event of a Significant Delay—Class III Rail roads	100	2	.50	1
Inspection—Large Companies	100	100	.008	1

Affected Public: Shippers and carriers of hazardous materials in commerce.

Annual Reporting and Recordkeeping Burden:

Number of Respondents: 43,128.

Total Annual Responses: 55,974.

Total Annual Burden Hours: 425,854.

Frequency of Collection: On occasion.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 2137–0640.

Summary: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Department's commitment to improving service delivery. Qualitative feedback is information that provides useful insights on perceptions and opinions, not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insight into customer or stakeholder perceptions, opinions, experiences, and expectations, as well as an early warning of issues with service, or focus attention on areas where communication, training, or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between PHMSA and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. Feedback or information collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population.

The Department will submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary.
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government.
- The collections are non-controversial and do not raise issues of concern to other Federal agencies.
- Any collection is targeted at the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future.
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained.
- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of the Department. If released, the Department must indicate the qualitative nature of the information.

This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data requires more rigorous designs that address: the target population to which generalizations will be made; the sampling frame; the sample design (including stratification and clustering); the precision requirements or power calculations that justify the proposed sample size; the expected response rate; methods for assessing potential nonresponse bias; the protocols for data collection; and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Affected Public: Individuals and households, businesses and organizations, State, Local or Tribal Governments.

Annual Reporting and Recordkeeping Burden:

Number of Respondents: 6,000.

Total Annual Responses: 6,000.

Total Annual Burden Hours: 3,000.

Frequency of Collection: One-time requirement.

Issued in Washington, DC, on November 9, 2026, under authority delegated in 49 CFR 1.97.

Matthew Nickels,

Director, Office of Hazardous Materials Safety, Pipeline and Hazardous Materials Safety Administration.

BILLING CODE 4910–60–P

DEPARTMENT OF THE TREASURY

Office of Foreign Assets Control

Notice of OFAC Sanctions Action

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Notice.

SUMMARY: The U.S. Department of the Treasury's Office of Foreign Assets Control (OFAC) is publishing the names of one or more persons that have been placed on OFAC's Specially Designated Nationals and Blocked Persons List (SDN List) based on OFAC's determination that one or more applicable legal criteria were satisfied. All property and interests in property subject to U.S. jurisdiction of these persons are blocked, and U.S. persons are generally prohibited from engaging in transactions with them.

DATES: This action was issued on November 6, 2026. See **SUPPLEMENTARY INFORMATION** for relevant dates.

FOR FURTHER INFORMATION CONTACT: OFAC: Associate Director for Global Targeting, 202–622–2420; Assistant Director for Licensing, 202–622–2480; Assistant Director for Sanctions
