Chlorinated Isocyanurates From the People's Republic of China: Final Results of Countervailing Duty Administrative Review; 2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies are being provided to Heze Huayi Chemical Co. Ltd. (Heze Huayi), a producer and exporter of chlorinated isocyanurates from the People's Republic of China (China). The period of review (POR) is January 1, 2023, through December 31, 2023.

DATES: Applicable November 13, 2026.

FOR FURTHER INFORMATION CONTACT: Olivia Woolverton, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–7452.

SUPPLEMENTARY INFORMATION:

Background

On May 13, 2026, Commerce published the *Preliminary Results* of the 2023 administrative review of the countervailing duty order on chlorinated isocyanurates from China.[1] This review covers one company, Heze Huayi. On July 29, 2026, and October 29, 2026, Commerce extended the deadline for issuing the final results.[2] The deadline for the final results of review is November 9, 2026.

From August 3 to 7, 2026, we conducted verification of the questionnaire responses of Heze Huayi.[3] We invited interested parties to comment on the *Preliminary Results.*[4] On September 28, 2026, we received a timely case brief from Bio-Lab, Inc., Innovative Water Care, LLC, and Occidental Chemical Corporation (collectively, the petitioners).[5] On October 6, 2026, we received a timely rebuttal brief from Heze Huayi.[6]

For a detailed description of the events that occurred since the *Preliminary Results, see* the Issues and Decision Memorandum.[7] The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Scope of the Order[8]

The product covered by the *Order* is chlorinated isocyanurates from China. For a complete description of the scope of the *Order, see* the Issues and Decision Memorandum.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each subsidy program found to be countervailable, Commerce finds that there is a subsidy, *i.e.,* a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.[9] For a full description of the methodology underlying all of Commerce's conclusions, *see* the Issues and Decision Memorandum.

Analysis of Comments Received

Commerce addressed all issues raised in interested parties' case and rebuttal briefs in the Issues and Decision Memorandum. A list of the issues that parties raised, to which we responded in the Issues and Decision Memorandum, is attached as an
