Pesticide Registration Maintenance Fee; Cancellation Order for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), the Environmental Protection Agency (EPA or Agency) is hereby issuing an order for the cancellations of the pesticide product registrations identified in this document. EPA previously announced its receipt of and requested comments on requests to voluntarily cancel the product registrations listed in Table 1 of Unit II. and announced its intent to cancel the product registrations listed in Table 3 of Unit III. With the issuance of this cancellation order, any sale, distribution, or use of products listed in this notice will be permitted after the registrations have been cancelled only if such sale, distribution, or use is consistent with the terms as described in the final order.

DATES: These cancellations are effective November 13, 2026.

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2026–4192, is available through *https://www.regulations.gov.* Additional information about dockets generally, along with instructions for visiting the docket in person, is available at *https://www.epa.gov/dockets.*

FOR FURTHER INFORMATION CONTACT: Jennifer Drobish, Regulatory & Information Services Division (7505M), Office of Mission Critical Operations, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; telephone number: (202) 202–2642; email address: *drobish.jennifer@epa.gov.*

SUPPLEMENTARY INFORMATION:

I. Executive Summary

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What is EPA's authority for taking this action?

FIFRA section 6(f)(1) (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request.

FIFRA section 4(i)(5) (7 U.S.C. 136a–1(i)(5)) requires that all pesticide registrants pay an annual registration maintenance fee, due by January 15 of each year, to keep their registrations in effect. This requirement applies to all registrations granted under FIFRA section 3 (7 U.S.C. 136a) as well as those granted under FIFRA section 24(c) (7 U.S.C. 136v(c)) to meet special local needs. Registrations for which the fee is not paid are subject to cancellation by order and without hearing. Under FIFRA, the EPA Administrator may reduce or waive maintenance fees for minor agricultural use pesticides when it is determined that the fee would be likely to have significant impact on the availability of pesticides for the use.

C. What action is the Agency taking?

This cancellation order follows a notice of receipt and opportunity for public comments on the requests from the registrants listed to voluntarily cancel their product registrations. See 91 FR 38423, June 25, 2026 (FRL–13402–01–OCSPP). In that document, EPA also provided a notice of intent to cancel certain other product registrations for non-payment of the 2026 pesticide registration maintenance fees. Since registrations for which the fee is not paid are subject to cancellation by order and without hearing, EPA did not seek public comment for the cancellation of the products listed.

In that document, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of the requests, or unless the registrants withdrew their requests. The Agency received three comments, two of which were requests from companies listed in Table 3 to move to Table 1. The Agency agrees and has granted those requests. Accordingly, EPA hereby issues this cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

II. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations and orders that the product registrations identified in Table 1 of this unit are cancelled. The effective date of the cancellations that are the subject of this order is November 13, 2026. Any distribution, sale, or use of existing stocks of the products
