SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.,* Federal agencies must obtain approval from the Office of Management and Budget (''OMB'') for each collection of information they conduct or sponsor. ''Collection of information'' is defined in 44 U.S.C. 3502(3) and 5 CFR. 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed extension of the currently approved collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.[1]

Title: Implementing the Whistleblower Provisions of Section 23 of the Commodity Exchange Act, OMB Control Number 3038–0082. This is a request for extension of a currently approved information collection.

Abstract: Section 23 of the Commodity Exchange Act, 7 U.S.C. 26, directs that the Commission establish a fund from which to pay awards of 10 to 30 percent of sanctions collected from successful enforcement of covered judicial or administrative actions, or related actions, to individuals who provide information that leads to the successful enforcement of an action in which sanctions exceeding $1,000,000 are obtained. Section 23(c) establishes procedures for the determination or denial of an award. Commission Rules 165.3 and 165.7 implement these statutory provisions.[2] Rule 165.3(a) requires the submission of information to the Commission on a Form TCR. The Form TCR, ''Tip, Complaint, or Referral,'' and the instructions thereto, are designed to capture basic identifying information about a complainant and elicit sufficient information to determine whether the conduct alleged suggests a violation of the Commodity Exchange Act. Rule 165.7(b)(1) requires the submission of information to the Commission on a Form WB–APP. The Form WB–APP, ''Application for Award for Original Information Provided Pursuant to Section 23 of the Commodity Exchange Act,'' and the instructions thereto, are designed to elicit sufficient information to determine whether and to what extent a claimant qualifies for a whistleblower award.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.,* permitting electronic submission of responses.

Burden Statement: The respondent burden for this collection is estimated to be as follows:

Respondents/Affected Entities: Individuals.

Estimated Number of Respondents: 1,800 per year.

Estimated Average Burden Hours per Respondent: 0.5.

Estimated Total Annual Burden Hours: 900 hours.

Frequency of Collection: Once.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: November 10, 2026.

Robert Sidman,

Deputy Secretary of the Commission.
