DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Public Comment Request; Information Collection Request Title: Rural Residency Planning and Development Program Annual Performance Report—NEW

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR should be received no later than January 15, 2027.

ADDRESSES: Submit your comments to *paperwork@hrsa.gov* or mail the HRSA Information Collection Clearance Officer, Room 13N82, 5600 Fishers Lane, Rockville, Maryland 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email *paperwork@hrsa.gov* or call Samantha Miller, the HRSA Information Collection Clearance Officer, at (301) 443–9094.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the ICR title for reference.

Information Collection Request Title: Rural Residency Planning and Development Program Annual Performance Report, OMB No. 0906–xxxx—New.

Abstract: The Rural Residency Planning and Development (RRPD) program is authorized under 42 U.S.C. 912(b)(5) (§ 711(b)(5)) of the Social Security Act to improve and expand access to health care in rural areas by developing new sustainable rural residency programs. Under the program, start-up funding is provided to grant recipients to create accredited rural residency programs in a qualifying medical specialty. These residency programs are then sustained long-term through viable and stable funding mechanisms. This data collection will be an annual progress report for performance measurement and evaluation to demonstrate how funding addresses physician workforce shortages and challenges faced by rural communities. Prior data collection for this program was collected under Bureau of Health Workforce Performance Data Collection, OMB No. 0906–0086. The proposed changes are an effort to reduce grantee burden, increase relevant measure collection, to be responsive to RRPD Program needs, and to improve clarity of reporting for respondents. This will strategically align data collection for the RRPD program with other current Federal Office of Rural Health Policy program data and systems efforts.

Need and Proposed Use of the Information: The purpose of the proposed data collection is to assess RRPD awardees' progress toward meeting RRPD goals. Additionally, HRSA will be able to monitor and assess the impact of the RRPD program and identify improvements made by RRPD awardees. RRPD grantees will submit annual reports to HRSA on performance measures covering the following topic areas: (1) capacity/organizational information, (2) workforce training, (3) access/population demographics, (4) sustainability, (5) program characteristics, (6) position description, (7) individual characteristics, (8) training site set up, (9) trainees by discipline/experiential characteristics, (10) course development and enhancement, (11) course trainees by discipline, and (12) faculty development.

Likely Respondents: Respondents will be the RRPD award recipients.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
RRPD Program Annual Performance Report	53	1	53	4.1	217.3
Total	53	1	53	4.1	217.3

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
