Responses to the complaint and the notice of investigation must be submitted by the named respondents in accordance with section 210.13 of the Commission's Rules of Practice and Procedure, 19 CFR 210.13. Extensions of time for submitting responses to the complaint and the notice of investigation will not be granted unless good cause therefor is shown.

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The Workforce Innovation and Opportunity Act (WIOA) (29 U.S.C. 3101) authorizes this information collection. This ICR provides a single WIOA Joint Quarterly Narrative Performance Report (Joint QNR) for several grant programs. DOL seeks a revision of this ICR to include the following changes: Removal of ETA's Senior Community Service Employment Program (SCSEP)'s statistical methodology listed previously in Supporting Statement Part B, because this information is part of a separate ICR for SCSEP Data Collection, under OMB Control Number 1205–0040.

The Joint QNR provides a detailed account of grantees' program activities, accomplishments, and progress toward performance outcomes during the quarter. It also provides information on grant challenges and timeline progress, as well as the opportunity to share success stories. The continued use of a standardized narrative report supports WIOA implementation and the goal of systems alignment and consistency of reporting. This template also helps ensure consistent identification of technical assistance needs across the competitive grant programs that are reporting on WIOA performance indicators and contributes to improved quality of performance information that ETA receives.

The National Farmworker Jobs Program and YouthBuild grants are authorized under the Workforce Innovation and Opportunity Act of 2014, which identified performance accountability requirements for these grants. The WIOA performance indicators and reporting requirements also apply to the Dislocated Worker Grants program. While Dislocated Worker Demonstration Grants and Reentry Employment Opportunities do not have statutory quarterly narrative requirements from WIOA, and H–1B Skills Training Grants and the DOL Office of Apprenticeship grants are not authorized under WIOA, these programs have adopted the WIOA performance indicators and align with WIOA data element definitions and reporting templates to promote consistency across these DOL-funded programs. The SCSEP, authorized under the Older Americans Act, as amended (Pub. L. 114–144), has also adopted some of the WIOA performance measures and, for this reason has adopted the WIOA Joint QNR.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0448.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary
