Assessment

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For entries of subject merchandise during the POR produced by GARMCO for which GARMCO did not know that the merchandise was destined to the United States, we will instruct CBP to liquidate those entries at the all-others rate in the *Final Determination* of the investigation of sales at less than fair value (LTFV), *i.e.,* 4.83 percent,[5] if there is no rate for the intermediate company(ies) involved in the transaction.[6]

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired, *i.e.,* within 90 days of publication.

Notification to Importers

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to the APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Certain Railway Tank Cars and Subassemblies Thereof From Mexico: Initiation of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable November 9, 2026.

FOR FURTHER INFORMATION CONTACT: Stefan Smith, Office I, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4342.

SUPPLEMENTARY INFORMATION:

The Petition

On September 30, 2026, the U.S. Department of Commerce (Commerce) received a countervailing duty (CVD) petition concerning imports of certain railway tank cars and subassemblies thereof (tank cars) [1] from Mexico, filed in proper form on behalf of UTLX Manufacturing LLC (the petitioner), a domestic producer of tank cars.[2] The CVD Petition was accompanied by an antidumping duty (AD) petition concerning imports of tank cars from Mexico.[3]

On October 20, 2026, after considering comments regarding industry support, Commerce extended the initiation deadline by 20 days to further examine the issue of industry support, because it was not clear from the Petition whether the industry support criteria had been met.[4]

Between October 6 and 23, 2026, Commerce requested supplemental information pertaining to certain aspects of the Petition in supplemental questionnaires.[5] Between October 13 and 28, 2026, the petitioner filed timely responses to these requests for additional information.[6]

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Government of Mexico (GOM) is providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of tank cars from Mexico, and that such imports are materially injuring, or threatening material injury to, the domestic industry producing tank cars in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating a CVD investigation, the Petition was accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petition on behalf of the domestic industry, because the petitioner is an interested party, as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioner demonstrated sufficient industry
