natural and cultural resources and federal property, and implementation of NPS management responsibilities. The closure responds to the cessation of golf operations; the absence of an authorized operator or sufficient NPS capacity to supervise golf play and avoid conflict among visitor user groups; the NPS's present inability to safely manage the site for public use; the documented hazardous condition of golf course buildings, facilities, and grounds; and documented hazardous shoreline and walkway conditions.

The closure is limited geographically to East Potomac Park south of Buckeye Drive SW, and will be reviewed at least annually. NPS is currently considering projects to remedy the hazardous conditions. Implementation of such projects, after compliance with all applicable laws and regulations, could lead to a modification or lifting of the closure. Other portions of East Potomac Park and other parklands and recreational areas administered by National Mall and Memorial Parks and other nearby NPS units, including the National Mall, the Tidal Basin, Anacostia Park, Rock Creek Park, George Washington Memorial Parkway, and Chesapeake and Ohio Canal National Historic Park, will remain available except where separately closed or restricted, including the Rock Creek and Langston Golf Courses Recreational fishing and baseball fields are available along Ohio Drive to the Northwest (West Potomac Park). NPS will actively explore opening other park areas for expanded access or recreational opportunities.

This determination is consistent with prior temporary park closures and public use limitations, and with judicial adjudications, including *Mashack* v. *Jewell,* 149 F. Supp. 3d 11 (D.D.C. 2016); *Spiegel* v. *Babbitt,* 855 F. Supp. 402 (D.D.C. 1994), *aff'd in relevant part,* No. 94–5184, 1995 U.S. App. LEXIS 15200 (D.C. Cir. 1995); and *Voyageurs Nat'l Park Ass'n* v. *Norton,* 381 F.3d 759 (8th Cir. 2004).

Pursuant to 36 CFR 1.5(e), 1.7, notice of this temporary closure and public use limit will be provided through appropriate media advisories, the park website, maps, signs, gates, barricades, fencing, and posting at conspicuous locations in the affected park area. Pursuant to 36 CFR 1.5(c), this determination will be available to the public upon request.

John Calhoun,

Chief, Division of Regulations, Jurisdiction, and Special Park Uses, National Park Service.
