Certain Oil Country Tubular Goods From the United Arab Emirates: Postponement of Final Determination of Sales at Less Than Fair Value Investigation and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is postponing the deadline for issuing the final determination in the less-than-fair-value (LTFV) investigation of Oil Country Tubular Goods (OCTG) from the United Arab Emirates (UAE) until March 15, 2027.

DATES: Applicable November 16, 2026.

FOR FURTHER INFORMATION CONTACT: Alexander Rodriguez, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0190.

SUPPLEMENTARY INFORMATION:

Background

On April 22, 2026, Commerce initiated a LTFV investigation of imports of OCTG from the UAE.[1] The period of investigation (POI) is April 1, 2025, through March 31, 2026. On November 4, 2026, Commerce published its *Preliminary Determination* in this LTFV investigation of OCTG from the UAE.[2]

Postponement of Final Determination

Section 735(a)(2) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(2) provide that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by the exporters or producers who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioners. Further, 19 CFR 351.210(e)(2) requires that such postponement requests by exporters be accompanied by a request for extension of provisional measures from a four-month period to a period of not more than six months, in accordance with section 733(d) of the Act.

On November 4, 2026, Ajmal Steel Tubes and Pipes Industries, LLC., a mandatory respondent in this investigation, requested that Commerce postpone the deadline for the final determination until no later than 135 days from the publication of the *Preliminary Determination,* and extend the application of the provisional measures from a four-month period to a period of not more than six months.[3] In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the *Preliminary Determination* was affirmative; (2) the request was made by the exporters and producers who account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination until no later than 135 days after the date of the publication of the *Preliminary Determination,* and extending the provisional measures from a four-month period to a period of not more than six months. Accordingly, Commerce will issue its final determination no later than March 15, 2027.[4]

This notice is issued and published pursuant to 19 CFR 351.210(g).

Dated: November 10, 2026.

Certain Pea Protein From the People's Republic of China: Preliminary Results, Partial Rescission, and Preliminary Determination of No Shipments of Antidumping Duty Administrative Review; 2023–2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that that certain producers/exporters subject to this review made sales of subject merchandise at less than normal value (NV) during the period of review (POR), November 15, 2023, through July 31, 2025. In addition, we are rescinding the review with respect to 26 companies. Interested parties are invited to comment on these preliminary results of review.

DATES: Applicable November 16, 2026.

FOR FURTHER INFORMATION CONTACT: Katherine Smith or Sahar Sandoval, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0557 or (202) 482–1107.

SUPPLEMENTARY INFORMATION:

Background

On September 25, 2025, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on certain pea protein (pea protein) from the People's Republic of China (China).[1] On December 16, 2025, Commerce selected Jianyuan International Co., Ltd. (Jianyuan) and Yantai T. Full Biotech Co., Ltd. (Yantai) as the mandatory respondents in this review.[2] On December 23, 2025, and January 23, 2026, Sunwarrior Ventures, LLC, (Sunwarrior), an importer of subject merchandise, and Puris Proteins, LLC, (the petitioner), respectively, timely withdrew their requests for review for 24 producers/exporters.[3]

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.[4] Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.[5] On June 23, 2026, we extended the preliminary results of this review to no later than November 2, 2026.[6]

For a complete description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.[7] A list of the topics discussed in the Preliminary Decision Memorandum is attached in Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS, which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Scope of the Order

The merchandise covered by the scope of this *Order* is pea protein from China. For a complete description of the scope of the *Order, see* the Preliminary Decision Memorandum.

Preliminary Determination of No Shipments

Based on our analysis of CBP information and the no-shipment certifications submitted by: (1) Bioway Organic Group Ltd.; and (2) Shandong Yuwang Ecological Food Industry Co., Ltd., Commerce preliminarily determines that these companies had no shipments of subject merchandise during the POR. However, consistent with our practice in non-market economy (NME) cases, we are not rescinding this review, but instead, intend to complete the review with respect to these two companies for which we have preliminarily found no shipments and issue appropriate instructions to CBP based on the final results of the review.[8]

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review, in whole or in part, if all parties that requested the review withdraw their requests within 90 days of the date of the publication of the notice of initiation of the requested review. As noted above, the petitioner timely withdrew its request for review for certain firms for which it had requested a review and Sunwarrior withdrew its request for all firms for which it had requested a review.[9] Because the withdrawal request was timely filed, and no other party requested a review of these companies, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this administrative review with respect to the companies listed in Appendix III.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). Because China is an NME country within the meaning of section 771(18) of the Act, we calculated normal value in accordance with section 773(c) of the Act. For a full description of the methodology underlying our preliminary results, *see* the Preliminary Decision Memorandum.

Separate Rates

We preliminarily determine that, in addition to Jianyuan and Yantai, three non-examined companies are eligible for separate rates in this administrative review: (1) Bioway Industrial Group Ltd.
