On November 12, 2021, Commerce published in the **Federal Register** the antidumping duty (AD) order on certain aluminum foil (aluminum foil) from the Republic of Türkiye (Türkiye).[1] On May 12, 2026, Commerce published in the **Federal Register** the *Preliminary Results,* which included a partial rescission of this administrative review[2] and invited comments from interested parties.[3] This review covers two producers and exporters of the subject merchandise, Assan Aluminyum Sanayi ve Ticaret A.S., Kibar Dis Ticaret A.S., and Ispak Esnek Ambalaj Sanayi A.S. (collectively, the Assan Single Entity[4]), and Panda Alüminyum A.S. (Panda). In accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended,

Commerce extended the deadline for the final results of this administrative review to November 9, 2026.[5]

For a complete description of the events that followed the *Preliminary Results,* see the Issues and Decision Memorandum.[6] The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Commerce conducted this administrative review in accordance with section 751(a)(1)(B) the Act.

Scope of the Order

The merchandise covered by the *Order* is aluminum foil from Türkiye. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.[7]

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided as an appendix to this notice.

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties regarding the *Preliminary Results,* and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the margin calculation for the Assan Single Entity and Panda.[8]

Final Results of Administrative Review

For these final results of review, Commerce determines that the following weighted-average dumping margins exist for the period November 1, 2023, through October 31, 2024:

Producer and/or exporter	Weighted-average dumping margin (percent)
Assan Aluminyum Sanayi ve Ticaret A.S., Kibar Dis Ticaret A.S., and Ispak Esnek Ambalaj Sanayi A.S.[9]	3.23
Panda Alüminyum A.Ş	6.75

Disclosure

Commerce intends to disclose the calculations performed for the final results of this review to parties in this review within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).[10]

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we calculated importer-specific assessment rates based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales. Where the respondent did not report entered value, we calculated a per-unit assessment rate for each importer by dividing the total amount of dumping calculated for the examined sales made to that importer by the total quantity associated with those sales. To determine whether an importer-specific, per-unit assessment rate is *de minimis* (*i.e.,* less than 0.5 percent), in accordance with 19 CFR 351.106(c)(2), we also calculated an importer-specific *ad valorem* rate based on estimated entered values. Where either the respondent's weighted-average dumping margin is zero or *de minimis,* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific rate is zero or *de minimis,* we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.[11]

Commerce's ''automatic assessment'' practice will apply to entries of subject merchandise during the POR produced by the Assan Single Entity and Panda for which it did not know that the merchandise it sold to an intermediary (*e.g.,* a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate such entries at the all-others rate (*i.e.,* 1.97 percent), if there is no rate for the intermediate company(ies) involved in the transaction.[12]

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired, *i.e.,* within 90 days of publication.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin that is established in the final results of this

review; (2) for subject merchandise exported by previously investigated or reviewed companies not covered in this review, the cash deposit rate will continue to be equal to the company-specific weighted-average dumping margin published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be equal to the company-specific weighted-average dumping margin established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 1.97 percent, the all-others rate established in the amended final determination of the investigation, adjusted for the export subsidy rate in the companion countervailing duty investigation.[13]

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to the APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.
