review; (2) for subject merchandise exported by previously investigated or reviewed companies not covered in this review, the cash deposit rate will continue to be equal to the company-specific weighted-average dumping margin published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be equal to the company-specific weighted-average dumping margin established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 1.97 percent, the all-others rate established in the amended final determination of the investigation, adjusted for the export subsidy rate in the companion countervailing duty investigation.[13]

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to the APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Strontium Chromate From Austria: Final Results of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Habich GmbH (Habich) made sales of strontium chromate from Austria in the United States at less than normal value (NV) during the period of review (POR) November 1, 2023, through October 31, 2024.

DATES: Applicable November 16, 2026.

FOR FURTHER INFORMATION CONTACT: Jaron Moore or Brandon James, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3640 or (202) 482–3149, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 13, 2026, Commerce published the *Preliminary Results* in the **Federal Register** and invited interested parties to comment on those results.[1] WPC Technologies (the petitioner) and Habich submitted case and rebuttal briefs.[2] On August 18, 2026, Commerce extended the deadline for the final results until November 2, 2026.[3] The deadline for these final results is November 2, 2026.[4]

For a complete description of the events that occurred since the *Preliminary Results, see* the Issues and Decision Memorandum.[5] The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order[6]

The product covered by this *Order* is strontium chromate from Austria. For a full description of the scope of the *Order, see* the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised and to which we responded in the Issues and Decision Memorandum is attached at an appendix to this notice.

Changes Since the Preliminary Results

Based on comments received from interested parties regarding our *Preliminary Results,* we made certain changes to the weighted-average dumping margin calculations for Habich. For a description of these changes, *see* the Issues and Decision Memorandum.

Final Results of Review

As a result of this review, we determine the following weighted-average dumping margin exists for the POR:

Exporter or producer	Weighted-average dumping margin (percent)
Habich GmbH	3.19

Disclosure

Commerce intends to disclose to parties in this proceeding the calculations performed for these final results of review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we calculated importer-specific *ad valorem* antidumping duty assessment rates on the basis of the ratio of the total amount of dumping calculated for the examined sales to the total entered value of those sales. Where an importer-specific assessment rate is zero or *de minimis* (*i.e.,* less than 0.5 percent), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.[7] The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.[8]

Commerce's ''reseller policy'' will apply to entries of subject merchandise during the POR produced by the company included in these final results of review for which the reviewed company did not know that the merchandise it sold to the intermediary (*e.g.,* a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.[9]

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.,* within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Habich will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review or a prior segment of this proceeding, but the producer is, then the cash deposit rate will be the company-specific rate established for the most recently-completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 32.16 percent *ad valorem,* the all-others rate established in the underlying less-than-fair-value investigation.[10] These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: November 9, 2026.

Finished Carbon Steel Flanges From India: Preliminary Results and Rescission, in Part, of Countervailing Duty Administrative Review; 2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies were provided to producers and exporters of finished carbon steel flanges (steel flanges) from India. The period of review (POR) is January 1, 2024, through December 31, 2024. In addition, Commerce is rescinding this review, in part, with respect to 28 companies. Interested parties are invited to comment on these preliminary results.

DATES: Applicable November 16, 2026.

FOR FURTHER INFORMATION CONTACT: Amber Hodak or Danielle Buffa, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–8034 or (202) 482–8021, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 24, 2017, Commerce published in the **Federal Register** the countervailing duty (CVD) order on steel flanges from India.[1] On September 25, 2025, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the CVD order on steel flanges from India.[2] On December 8, 2025, Commerce selected Norma (India) Limited (Norma) and R.N. Gupta & Co., Ltd. (RNG) as the mandatory respondents in this review.[3]

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.[4] Due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.[5] On May 14, 2026, Commerce extended the deadline for the preliminary results of this review by 112 days, until October 30, 2026.[6] On October 28, 2026, Commerce extended the deadline for the preliminary results of this review by an additional eight days until November 9, 2026.[7]

For a complete description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.[8] A list of topics included in the Preliminary Decision Memorandum is provided as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's ACCESS, which is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Scope of the Order

The product covered by the *Order* is steel flanges from India. For a complete description of the scope of the *Order, see* the Preliminary Decision Memorandum.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of a CVD order when there are no reviewable entries of subject merchandise during the POR.[9] Normally, upon completion of an administrative review, the suspended entries are liquidated at the CVD assessment rate calculated for the POR.[10] Therefore, for an administrative review of a company to be conducted, there must be a reviewable, suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the CVD rate calculated for the POR.[11]

According to the CBP import data on the record, the companies listed in Appendix II subject to this review did not have reviewable entries of subject merchandise during the POR for which liquidation is suspended.[12] On October 26, 2026, Commerce notified all interested parties of its intent to rescind the instant review for companies where there was no evidence of any suspended entries of subject merchandise during the POR.[13] We provided interested parties with an opportunity to comment, and received no comments. Accordingly, in the absence of any reviewable, suspended entries of subject merchandise during the POR, we are rescinding the administrative review in part, with respect these companies listed in Appendix II, in accordance with 19 CFR 351.213(d)(3).

Methodology

Commerce is conducting this administrative review in accordance with 751(a)(1) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found
