ergocalciferol 0.01 mg/vial; folic acid 0.14 mg/vial; niacinamide 17 mg/vial; phytonadione 0.2 mg/vial; pyridoxine hydrochloride 1 mg/vial; riboflavin 5′-phosphate sodium 1.4 mg/vial; thiamine hydrochloride EQ 1.2 mg base/vial; vitamin A 0.7 mg/vial; vitamin E 7 mg/vial), for injection, was being discontinued, and FDA moved the drug product to the ''Discontinued Drug Product List'' section of the Orange Book. In a letter dated January 17, 2025, Hospira Inc. requested withdrawal of NDA 018920 for M.V.I. PEDIATRIC (ascorbic acid; biotin; cyanocobalamin; dexpanthenol; ergocalciferol; folic acid; niacinamide; phytonadione; pyridoxine hydrochloride; riboflavin 5′-phosphate sodium; thiamine hydrochloride; vitamin A; vitamin E). In the **Federal Register** of August 4, 2025 (90 FR 36440), FDA announced that it was withdrawing approval of NDA 018920, effective September 3, 2025.

Apotex, Inc. submitted a citizen petition dated March 4, 2026 (Docket No. FDA–2026–P–2305), under 21 CFR 10.30, requesting that the Agency determine whether M.V.I. PEDIATRIC (ascorbic acid 80 mg/vial; biotin 0.02 mg/vial; cyanocobalamin 0.001 mg/vial; dexpanthenol 5 mg/vial; ergocalciferol 0.01 mg/vial; folic acid 0.14 mg/vial; niacinamide 17 mg/vial; phytonadione 0.2 mg/vial; pyridoxine hydrochloride 1 mg/vial; riboflavin 5′-phosphate sodium 1.4 mg/vial; thiamine hydrochloride EQ 1.2 mg base/vial; vitamin A 0.7 mg/vial; vitamin E 7 mg/vial), for injection, was withdrawn from sale for reasons of safety or effectiveness.

After considering the citizen petition and reviewing Agency records and based on the information we have at this time, FDA has determined under § 314.161 that M.V.I. PEDIATRIC (ascorbic acid 80 mg/vial; biotin 0.02 mg/vial; cyanocobalamin 0.001 mg/vial; dexpanthenol 5 mg/vial; ergocalciferol 0.01 mg/vial; folic acid 0.14 mg/vial; niacinamide 17 mg/vial; phytonadione 0.2 mg/vial; pyridoxine hydrochloride 1 mg/vial; riboflavin 5′-phosphate sodium 1.4 mg/vial; thiamine hydrochloride EQ 1.2 mg base/vial; vitamin A 0.7 mg/vial; vitamin E 7 mg/vial), for injection, was not withdrawn for reasons of safety or effectiveness. The petitioner has identified no data or other information suggesting that this drug product was withdrawn for reasons of safety or effectiveness. We have carefully reviewed our files for records concerning the withdrawal of M.V.I. PEDIATRIC (ascorbic acid 80 mg/vial; biotin 0.02 mg/vial; cyanocobalamin 0.001 mg/vial; dexpanthenol 5 mg/vial; ergocalciferol 0.01 mg/vial; folic acid 0.14 mg/vial; niacinamide 17 mg/vial; phytonadione 0.2 mg/vial; pyridoxine hydrochloride 1 mg/vial; riboflavin 5′-phosphate sodium 1.4 mg/vial; thiamine hydrochloride EQ 1.2 mg base/vial; vitamin A 0.7 mg/vial; vitamin E 7 mg/vial), for injection, from sale. We have also independently evaluated relevant literature and data for possible postmarketing adverse events. We have reviewed the available evidence and determined that this drug product was not withdrawn from sale for reasons of safety or effectiveness.

Accordingly, the Agency will continue to list M.V.I. PEDIATRIC (ascorbic acid 80 mg/vial; biotin 0.02 mg/vial; cyanocobalamin 0.001 mg/vial; dexpanthenol 5 mg/vial; ergocalciferol 0.01 mg/vial; folic acid 0.14 mg/vial; niacinamide 17 mg/vial; phytonadione 0.2 mg/vial; pyridoxine hydrochloride 1 mg/vial; riboflavin 5′-phosphate sodium 1.4 mg/vial; thiamine hydrochloride EQ 1.2 mg base/vial; vitamin A 0.7 mg/vial; vitamin E 7 mg/vial), for injection, in the ''Discontinued Drug Product List'' section of the Orange Book. The ''Discontinued Drug Product List'' delineates, among other items, drug products that have been discontinued from marketing for reasons other than safety or effectiveness. ANDAs that refer to this drug product may be approved by the Agency as long as they meet all other legal and regulatory requirements for the approval of ANDAs. If FDA determines that labeling for this drug product should be revised to meet current standards, the Agency will advise ANDA applicants to submit such labeling.

Grace R. Graham,

Deputy Commissioner for Policy, Legislation, and International Affairs.

Center for Scientific Review; Notice of Closed Meetings

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Center for Scientific Review Special Emphasis Panel; Collaborative Applications: Disease Treatment and Clinical Care.

Date: December 7, 2026.

Time: 9:30 a.m. to 9:00 p.m.

Agenda: To review and evaluate grant applications.

Address: National Institutes of Health, Rockledge II, 6701 Rockledge Drive, Bethesda, MD 20892.

Meeting Format: Virtual Meeting.

Contact Person: Joann Wu Shortt, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institutes of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (301) 827–7375, *shorttjw@csr.nih.gov*.

Name of Committee: Center for Scientific Review Special Emphasis Panel; Topics in Basic Neuroscience.

Date: December 8, 2026.

Time: 9:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Address: National Institutes of Health, Rockledge II, 6701 Rockledge Drive, Bethesda, MD 20892.

Meeting Format: Virtual Meeting.

Contact Person: Marta Veronica Hamity, Ph.D., Scientific Review Officer, Center for Scientific Review, National Institute of Health, 6701 Rockledge Drive, Bethesda, MD 20892, (301) 451–1664, *marta.hamity@nih.gov*.

Name of Committee: Center for Scientific Review Special Emphasis Panel; Small Business: Radiation Therapy, Radiation
